4. CONTROLS AND INDICATORS

The speaker features intuitive controls and indicators for easy operation:

- **MODE Button:** Press to switch between available input modes (e.g., Bluetooth).
- **V- Button:** Press to decrease volume. Long press to skip to the previous track.

- **V+ Button:** Press to increase volume. Long press to skip to the next track.
- **M Button:** (Function not explicitly detailed, typically for mode or mute)
- **LED Lights:** Indicate power status, charging status, and provide dynamic light effects during audio playback.

5. SETUP GUIDE

5.1 Charging the Speaker

1. Connect the small end of the USB charging cable to the charging port on the speaker.
2. Connect the large end of the USB charging cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status (e.g., red for charging, off when fully charged).
4. Allow approximately 3-4 hours for a full charge before first use.

5.2 Powering On/Off

- To power on, press and hold the Power button (location not specified, typically near charging port or on control panel) for a few seconds until you hear an audible prompt or see the LED lights activate.
- To power off, press and hold the Power button again until the speaker shuts down.

5.3 Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing LED light or audible prompt).
2. On your smartphone or tablet, navigate to the Bluetooth settings.
3. Search for available devices. The speaker will appear as "BYTECH" or a similar name.
4. Select the speaker from the list to initiate pairing.
5. Once successfully paired, the LED indicator will typically become solid, and you may hear a confirmation tone.

6. OPERATING INSTRUCTIONS

6.1 Playing Audio via Bluetooth

- After successful Bluetooth pairing, open your preferred music application on your connected device.
- Select and play your desired audio. The sound will be streamed wirelessly to the speaker.
- Use the V+ and V- buttons on the speaker or your connected device to adjust the volume.
- Long press V+ or V- to skip tracks.

6.2 LED Performance Lights

The speaker features integrated LED lights that enhance your listening experience. These lights typically activate automatically when the speaker is powered on and playing audio. Specific controls for light modes are not detailed, but they are designed to provide dynamic visual effects.

6.3 Mode Switching

Press the **MODE** button to cycle through available input modes. While Bluetooth is the primary connectivity, other

modes (if available, such as FM radio or AUX input) can be accessed via this button.

7. MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry cloth to clean the speaker's exterior. Do not use abrasive cleaners, waxes, or solvents.
- **Storage:** When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Recharge the speaker regularly, even if not in use, to maintain battery health.
- **Water Resistance:** This product is **NOT** waterproof. Avoid exposure to water, rain, or excessive moisture to prevent damage.

8. TROUBLESHOOTING

If you encounter issues with your speaker, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery.	Charge the speaker fully.
No sound from speaker.	Volume too low; Not paired; Incorrect mode.	Increase volume on speaker and device; Ensure successful Bluetooth pairing; Press MODE button to select correct input.
Bluetooth connection unstable or fails.	Device too far; Interference; Pairing issue.	Move device closer to speaker (within 33 ft/10m); Avoid obstacles; Forget device on your phone and re-pair.
LED lights not working.	Speaker not powered on or playing audio.	Ensure speaker is on and audio is playing.
