OPERATING AND USAGE

- **Mattress Placement:** Place a twin-size mattress securely within the bed frame. Ensure the mattress does not exceed the height of the guardrails, leaving sufficient guardrail height above the mattress surface.
- **Access:** Always use the integrated ladders to access the loft bed. Do not climb on the frame or other furniture to reach the bed.
- **Under-Bed Space:** The space below the loft bed can be utilized for various purposes, such as a desk, seating area, or storage. Ensure any items placed below do not obstruct the ladders or create a hazard.
- **Weight Distribution:** Distribute weight evenly on the bed. Avoid concentrating heavy loads in one area.
