ZINUS FDPB-LG-Q

ZINUS Shalini Upholstered Platform Bed Frame User Manual

Model: FDPB-LG-Q

1. Product Overview

The ZINUS Shalini Upholstered Platform Bed Frame is designed to provide a stylish and stable foundation for your mattress. This frame features a modern upholstered headboard with diamond stitching and button tufting, complemented by a robust steel interior framework and durable wood slats. It eliminates the need for a traditional box spring, offering direct support for various mattress types including latex, memory foam, and spring mattresses. The design prioritizes ease of assembly and long-term durability.

2. Safety Information

Please read and understand all safety warnings and instructions before assembly and use of this product. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Limit:** Do not exceed the weight limit of 700 lbs (317.5 kg) for this bed frame. Exceeding the weight limit may cause the frame to break, posing a risk of injury.
- **Assembly:** Always ensure the bed is assembled correctly and all parts are secure before use. It is recommended that two people assemble this product for safety and ease.
- **Placement:** For safety, do not place the bed near a window or other potential entrapment hazards. Keep the bed away from heat sources to prevent fire hazards, especially if the bed has upholstery.
- **Maintenance:** Always follow the manufacturer's instructions for proper cleaning and maintenance.

3. Package Contents

All necessary parts, tools, and instructions for assembly are conveniently located in the zippered compartment at the back of the headboard. Please verify that all components are present before beginning assembly.

Image: The back of the headboard unzipped, revealing the neatly packed frame components, hardware, and tools inside.

Typical Components Included:

- Upholstered Headboard
- Side Rails (Left and Right)
- Footboard
- Center Support Beam
- Wooden Slats (multiple pieces)
- Support Legs (for frame and center beam)
- Hardware Pack (bolts, washers, nuts)

- Assembly Tool (ratcheting Allen wrench)
- Instruction Manual

4. Setup and Assembly Instructions

Assembly of the ZINUS Shalini Platform Bed Frame is designed to be straightforward and typically takes less than an hour with two people. Follow these general steps:

1. **Unpack Components:** Carefully open the zippered compartment at the back of the headboard and remove all parts, hardware, and the assembly tool. Lay out all components on a clean, soft surface to prevent scratching.
2. **Assemble Frame:** Connect the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure but do not fully tighten bolts until the entire frame is assembled.

Image: Illustration of connecting the side rails to the headboard and footboard during the initial frame assembly.

3. **Install Center Support:** Attach the center support beam and its legs to the frame, ensuring it is properly aligned to provide central stability.
4. **Tighten All Bolts:** Once the main frame structure is complete and aligned, fully tighten all bolts using the included

ratcheting Allen wrench. This ensures the frame's stability and prevents future squeaking.

5. **Place Slats:** Unroll and place the wooden slats onto the designated support rails on the bed frame. The slats are designed to fit securely and often have a non-slip surface to keep them in place and prevent noise.

5. Operating (Daily Use)

The ZINUS Shalini Platform Bed Frame is designed for everyday use without the need for a box spring. Its durable wood slats provide consistent support for your mattress, promoting its longevity and comfort.

- **Mattress Compatibility:** This frame is compatible with latex, memory foam, and spring mattresses. The slats are spaced between 2.7 - 3.2 inches apart to ensure proper mattress support.
- **Noise-Free Design:** The secure attachment of the slats and robust frame construction are engineered to minimize noise from movement, providing a quiet sleeping environment.

Image: Detailed view of the wooden slats with a non-slip strip, illustrating how they are secured in place for noise-free use.

- **Weight Distribution:** For optimal performance and longevity, distribute weight evenly across the bed surface.

6. Maintenance

Proper care and maintenance will help extend the life and appearance of your bed frame.

- **Cleaning:** For general cleaning of the upholstered fabric, wipe with a dry cloth. For spills or stains, gently blot with a clean, damp cloth and mild soap, then allow to air dry completely. Avoid harsh chemicals or abrasive cleaners.
- **Regular Checks:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause the fabric color to fade over time.

7. Troubleshooting

If you encounter any issues with your ZINUS Shalini Platform Bed Frame, refer to the following common solutions:

- **Squeaking Noises:** Most squeaking issues are due to loose connections. Re-tighten all bolts and screws on the frame, especially those connecting the side rails to the headboard and footboard, and the center support beam. Ensure the wooden slats are properly seated and not rubbing against the frame.
- **Instability/Wobbling:** Verify that all components are correctly assembled according to the instructions and that all bolts are fully tightened. Ensure the bed is placed on a level surface.
- **Missing Parts:** All parts are packed within the zippered compartment of the headboard. Double-check this compartment thoroughly. If parts are still missing, contact ZINUS customer support with your product model number and purchase details.
- **Slats Shifting:** Ensure the mattress is centered on the frame. The slats are designed with a non-slip surface; if shifting occurs, check if the mattress is too heavy or if the slats are damaged.

8. Specifications

Feature	Detail
Model Number	FDPB-LG-Q
Size	Queen
Color	Light Grey
Product Dimensions	84"L x 63.4"W x 40.7"H
Item Weight	80 pounds
