

Conair LWD5

Conair LWD5 Satiny Smooth All-in-One Personal Groomer User Manual

Model: LWD5

IMPORTANT SAFEGUARDS

When using electrical appliances, especially when children are present, basic safety precautions should always be followed. Read all instructions before using this appliance.

- This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.
- Use with caution on sensitive areas of the body. Avoid excessive pressure or prolonged contact with the skin to prevent irritation.
- Do not immerse the unit in water. The head is rinsable, but the main body is not waterproof.
- Keep out of reach of children.
- Ensure batteries are inserted correctly according to polarity markings.

PRODUCT OVERVIEW

The Conair LWD5 Satiny Smooth All-in-One Personal Groomer is designed for gentle and effective hair removal on various body areas. Its compact and travel-friendly design makes it convenient for use at home or on the go. The groomer features a nick-free cutting system that helps leave skin feeling soft and smooth.

Key Features:

- **Razor Blade:** Provides a close and comfortable touch for effective hair removal.
- **Rinsable Head:** Designed for easy cleaning under running water.
- **Travel-Friendly:** Compact size for convenient portability.

PARTS IDENTIFICATION

The Conair LWD5 Personal Groomer consists of a main body, a removable foil head, and a battery compartment. The power switch is typically located on the body of the unit for easy access.

BATTERY INSTALLATION

The groomer operates on replaceable batteries (not included).

1. Locate the battery compartment cover, usually on the bottom or back of the unit.
2. Gently slide or unclip the cover to open the compartment.
3. Insert the required batteries (e.g., 1x AA battery) according to the polarity indicators (+/-) inside the compartment.

4. Replace the battery compartment cover, ensuring it clicks securely into place.

OPERATING INSTRUCTIONS

Follow these steps for effective use of your personal groomer:

1. Ensure batteries are correctly installed.
2. Turn on the groomer by sliding the power switch to the 'ON' position.
3. Gently press the foil head against the skin at a slight angle.
4. Move the groomer slowly against the direction of hair growth for optimal results.
5. Recommended uses include facial hair (lip, mustache, chin, eyebrows) and other sensitive body areas.
6. After use, slide the power switch to the 'OFF' position.

CLEANING AND MAINTENANCE

Regular cleaning ensures optimal performance and hygiene.

1. Turn off the groomer before cleaning.
2. Detach the foil head from the main body of the unit.
3. Rinse the detached foil head under running water to remove hair clippings and debris.
4. Allow the foil head to air dry completely before reattaching it to the groomer.
5. Do not rinse the main body of the groomer under water. Wipe it clean with a damp cloth if necessary.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Groomer does not turn on.	Batteries are dead or incorrectly installed.	Check battery polarity. Replace with fresh batteries.
Groomer turns off with difficulty.	Power switch mechanism may be stiff.	Apply firm, consistent pressure to the power switch. If issue persists, contact customer support.
Poor trimming performance.	Foil head is clogged with hair or damaged.	Clean the foil head thoroughly. Ensure it is free of debris.
