# Accutime Marvel Spider-Man Kids Watch User Manual

Model: SPD4493

## 1. PRODUCT OVERVIEW

The Accutime Marvel Spider-Man Kids Watch (Model: SPD4493) is a digital display timepiece designed for children aged 6 years and up. It features vibrant Spider-Man graphics, interactive elements, and a durable, adjustable strap, making it suitable for active kids. The watch provides an easy-to-read digital time display and is powered by a pre-installed battery.

Figure 1: Front view of the Marvel Spider-Man Kids Watch with its protective lid open, revealing the digital display and Spider-Man artwork.

## 2. SETUP AND INITIAL USE

### 2.1 Unboxing

Your Marvel Spider-Man Kids Watch comes packaged in a themed tin box. Carefully open the box and remove the watch. Ensure all packaging materials are discarded responsibly.

Figure 2: The Marvel Spider-Man Kids Watch presented within its decorative tin box.

## 2.2 Battery Information

The watch includes one product-specific battery, which is pre-installed and ready for immediate use. No user installation of the battery is required upon initial setup.

Figure 3: Rear view of the watch, displaying manufacturing details and battery specifications.

## 2.3 Adjusting the Strap

The watch features an adjustable plastic strap designed for a comfortable fit on various wrist sizes. Use the buckle to secure the watch and adjust the strap length as needed for the wearer.

## 3. OPERATING INSTRUCTIONS

### 3.1 Reading the Time

The watch displays time digitally. The clear digital readout makes it easy for children to learn and tell time.

### 3.2 Setting the Time

The watch is equipped with buttons on the side for setting the time. Refer to the small instruction leaflet included in the packaging for detailed steps on how to adjust the hour and minute settings.

### 3.3 Interactive Light Feature

Press the designated button on the watch to activate the interactive light feature, which illuminates the Spider-Man eyes on the watch face. This feature is designed for visual appeal and can also assist in reading the time in low-light conditions.

Figure 4: The watch face highlighting the glowing Spider-Man eyes feature.

## 4. MAINTENANCE AND CARE

### 4.1 Water Resistance

**Important: This watch is NOT waterproof.**

Avoid exposing the watch to water, including submersion, splashes, rain, or high humidity. Water exposure can cause damage to the internal components and lead to malfunction of the time display and other features.

### 4.2 Cleaning

To clean the watch, gently wipe it with a soft, dry cloth. Do not use abrasive cleaners or solvents, as these may damage the plastic material or graphics.

### 4.3 Storage

When not in use, store the watch in a cool, dry place, away from direct sunlight and extreme temperatures, to prolong its lifespan.

## 5. TROUBLESHOOTING

## 5.1 Time Display Not Working After Water Exposure

If the time display stops working or shows abnormalities after the watch has been exposed to water, it indicates internal damage due to the lack of waterproofing. Unfortunately, water damage is typically irreversible and not covered under warranty. Ensure the watch is kept away from all forms of moisture.

## 5.2 Watch Not Lighting Up

If the light feature does not activate when the button is pressed, the battery may be low or depleted. While the watch comes with a pre-installed battery, its lifespan can vary. Contact Accutime Watch Corp. for battery replacement options or consult a professional watch repair service.

# 6. PRODUCT SPECIFICATIONS

<b>Brand</b>	Accutime
<b>Model Number</b>	SPD4493
<b>Material</b>	Plastic
