## FurReal E0384

# FurReal Friends Ricky My Little Dog Interactive Soft Toy

MODEL: E0384

## Introduction

---

The FurReal Friends Ricky My Little Dog is an interactive plush toy designed to provide companionship and engaging play. Ricky responds to touch and commands with over 100 sound and motion combinations, mimicking the actions of a real puppy. This manual provides instructions for setup, operation, and care to ensure optimal enjoyment of your interactive pet.

## Setup

### Battery Installation

Ricky My Little Dog requires 4 AA batteries for operation. Follow these steps to install the batteries:

1. Locate the battery compartment on the underside of the toy.
2. Using a Phillips head screwdriver, open the battery compartment cover.
3. Insert 4 new AA batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
4. Replace the battery compartment cover and secure it with the screw.

**Important:** Always use fresh batteries. Do not mix old and new batteries, or different types of batteries. Remove batteries if the toy will not be used for an extended period.

### Powering On

Once batteries are installed, locate the power switch, usually found near the battery compartment. Slide the switch to the 'ON' position to activate Ricky.

## Operating Instructions

Ricky is equipped with sensors on his forehead, cheeks, nose, mouth, placket, and articulated legs, allowing for a variety of interactive responses. He can perform over 100 sound and motion combinations.

### Interactive Play and Tricks

- **Giving Paw:** Gently tap or hold Ricky's paw, and he may lift it in response.
- **Playing with Bone:** Place his toy bone near his mouth. Ricky can take the bone in his mouth, throw it in the air, and catch it on his muzzle.
- **Licking:** Pet Ricky's cheek, and he will respond with affectionate licks.
- **Rewarding:** After he performs a trick or responds positively, give him a gentle pat or a verbal praise to reinforce the behavior.

## Maintenance

---

### Cleaning

Ricky My Little Dog is a soft toy and should be surface cleaned only. Do not immerse the toy in water or wash it in a machine, as this can damage the electronic components.

- Use a soft, damp cloth to gently wipe away dirt or stains.
- For tougher spots, a mild soap solution can be used sparingly on the cloth, then wipe with a clean, damp cloth.
- Allow the toy to air dry completely before further use.

### Battery Care

To prolong battery life and prevent potential damage, remove batteries from the toy if it will not be used for an extended period.

### Troubleshooting

---

- **Toy is not responding or movements are weak:** This usually indicates low battery power. Replace all 4 AA batteries with new ones.
- **Toy makes unexpected sounds or movements:** Ensure there are no obstructions to its sensors or moving parts. Try turning the toy off and then on again.
- **Toy is not performing specific tricks:** Ensure you are interacting with the correct sensor areas (e.g., patting the cheek for licking, placing the bone near the mouth).

## Specifications

Feature	Detail
Model Number	E0384
Product Dimensions	17.87 x 17.63 x 20.75 inches
Item Weight	4 pounds
Batteries Required	4 AA batteries (not included)
Manufacturer	Hasbro
