## SINGER 00187

# SINGER 00187 Fix-It Double-sided Tape Strips Instruction Manual

Model: 00187

## 1. PRODUCT OVERVIEW

The SINGER 00187 Fix-It Double-sided Tape Strips provide a temporary, clear adhesive solution for various fabric and skin applications. These strips are designed to prevent wardrobe malfunctions such as fabric gaps, low necklines, and issues with strapless garments. They also serve as a convenient, no-sew fix for fabric-on-fabric needs, including garment cuffs, curtain hems, and lampshade edges.

Each package contains 40 double-sided tape strips, each measuring 3/4 inch by 3 1/4 inches.

use on clothing.

## Key Features:

- Double-sided clear sticky tape adheres to fabric and skin.
- No-sew adhesive for fashion applications, preventing gaps and securing garments.
- Temporary fix for clothing cuffs, hems, and other fabric items.
- Strips measure 3/4 inch by 3 1/4 inches.
- Set includes 40 tape strips.

## 2. SETUP AND PREPARATION

Before applying the tape, ensure that the surfaces (fabric or skin) are clean, dry, and free from oils, lotions, or powders. This will ensure optimal adhesion of the tape strips.

Image 2.1: A stack of individual SINGER Fix-It Double-sided Tape Strips, ready for use.

## 3. OPERATING INSTRUCTIONS

Follow these steps for effective application of the SINGER Fix-It Double-sided Tape Strips:

1. **Select a Strip:** Choose one double-sided tape strip from the package.
2. **Peel One Side:** Carefully peel off one side of the protective backing from the tape strip.

3. **Apply to First Surface:** Press the exposed adhesive side firmly onto the first surface (e.g., garment fabric or skin) where you want to secure it. Ensure it is smooth and free of wrinkles.

Image 3.1: A hand peeling the protective backing from a tape strip, which is already adhered to a piece of denim fabric.

4. **Peel Second Side:** Once the first side is securely in place, carefully peel off the remaining protective backing from the other side of the tape strip, exposing the second adhesive surface.
5. **Apply to Second Surface:** Bring the second surface (e.g., another piece of fabric, or skin) into contact with the newly exposed adhesive. Press firmly for several seconds to ensure a strong bond.

Image 3.2: The tape strip fully applied between two layers of denim fabric, creating a temporary hem.

6. **Adjust as Needed:** For best results, apply the tape to areas that are not subject to extreme stretching or friction.

Image 3.3: A light blue button-up shirt with the front placket secured by the tape, demonstrating a discreet and effective quick-fix for a fashion emergency.

## 4. MAINTENANCE AND CARE

Store unused tape strips in their original packaging in a cool, dry place, away from direct sunlight and extreme temperatures. This helps preserve the adhesive quality. The tape is designed for temporary use and should be removed before washing garments to prevent residue or damage.

## 5. TROUBLESHOOTING

- **Tape Not Sticking:**
  - Ensure surfaces are clean, dry, and free of oils, lotions, or powders.
  - Apply firm pressure for several seconds after placing the tape.
  - Avoid applying to heavily textured or delicate fabrics that may not provide a suitable surface for adhesion.
- **Difficulty Peeling Backing:**
  - Use a fingernail or a thin, blunt object to gently lift a corner of the backing.
  - Ensure the tape is not expired or stored in conditions that may degrade the adhesive or backing.
- **Residue on Fabric/Skin:**

- The tape is designed to be temporary. Remove it carefully and promptly after use.
- If residue occurs on fabric, gently dab with a clean cloth and a small amount of rubbing alcohol or a fabric-safe adhesive remover. Test on an inconspicuous area first.
- For skin, wash gently with soap and water.

## 6. SPECIFICATIONS

<b>Brand</b>	SINGER
<b>Model Number</b>	00187
<b>Item Weight</b>	0.8 ounces (22.68 g)
<b>Product Dimensions</b>	5 x 2.9 x 0.25 inches
<b>Tape Strip Dimensions</b>	3/4 inch x 3 1/4 inches
<b>Number of Strips</b>	40
<b>Special Feature</b>	Double Sided
<b>Surface Recommendation</b>	Cloth, Skin
<b>Water Resistance Level</b>	Not Water Resistant
<b>Compatible Material</b>	Fabric, Skin (Note: Product specifications also list Aluminum, Plastic, but primary use is fabric/skin)
<b>UPC</b>	075691001872
