Diversey Dry Foam Shampoo & Encapsulation Cleaner User Manual

Model: 9BP92017

Brand: Diversey

INTRODUCTION

This manual provides comprehensive instructions for the safe and effective use of Diversey Dry Foam Shampoo & Encapsulation Cleaner. This product is designed for professional carpet cleaning applications, utilizing powerful detergents and solvents to encapsulate and remove soils from carpet fibers.

SAFETY INFORMATION

Always read the product label and Safety Data Sheet (SDS) before use. Keep out of reach of children. Avoid contact with eyes and skin. Use in a well-ventilated area. Wear appropriate personal protective equipment (PPE) such as gloves and eye protection.

- **Eye Contact:** Rinse immediately with plenty of water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention if irritation persists.
- **Skin Contact:** Wash thoroughly with soap and water. Remove contaminated clothing.
- **Ingestion:** Do not induce vomiting. Rinse mouth with water. Seek medical attention immediately.
- **Inhalation:** If inhaled, move to fresh air. If breathing is difficult, administer oxygen. Seek medical attention.

Blockade the area to be cleaned. Surrounding areas without carpet could become wet and slippery. Cover feet of furniture with plastic or aluminum foil to prevent damage.

PRODUCT OVERVIEW

Diversey Dry Foam Shampoo & Encapsulation Cleaner is a versatile liquid solution designed for effective carpet cleaning. It features powerful detergents and solvents that encapsulate and strip soils from carpet fibers, allowing for easy removal. The fast-drying formula minimizes downtime, and it dries to a clear powder that can be vacuumed without leaving tacky residue.

Key Features:

- Powerful detergents and solvents remove deeply embedded soils.
- Fast-drying design reduces amount of downtime (as little as 30 minutes).
- Dries to a clear powder for easy vacuuming.
- Leaves no tacky residue, preventing resoiling.

USAGE INSTRUCTIONS

Always follow label directions. Ensure the area is properly prepared as outlined in the Safety Information section.

General Use Instructions:

1. Blockade the area to be cleaned. Surrounding areas without carpet could become wet and slippery.
2. For all methods, vacuum carpet thoroughly and remove debris before applying the cleaner.
3. Cover feet of furniture with plastic or aluminum foil to protect them from moisture.

1. For Dry Foam Cleaning:

1. Fill a foam generator with the use solution of Dry Foam Shampoo & Encapsulation Cleaner diluted at 10 oz. per gallon (80 mL/L) with water.
2. **For Light Soils:**
 - Adjust foam to setting -2- on the foam generator.
 - Run foam for 10 seconds to allow foam to build up in the brush without spinning.
 - Clean carpets using the foam.
 - Allow carpets to dry for approximately 30 minutes.
 - When the carpet is completely dry, vacuuo to remove crystallized soil.

3. For Heavier Soils:

- Adjust foam to setting -4- on the foam generator.
- Run foam for 10 seconds to allow foam to build up in the brush without spinning.
- Clean carpets using the foam.
- Allow carpets to dry for 35–45 minutes.
- When the carpet is completely dry, vacuum to remove crystallized soil.

2. For Conventional Shampooing:

1. Brush-up compressed carpet pile in high traffic areas, then vacuum thoroughly to eliminate surface soil.
2. Depending on the soil level, dilute 4–10 oz. of Dry Foam Shampoo & Encapsulation Cleaner per gallon (30–80 mL/L) of water.
3. Shampoo borders and other inaccessible areas by hand with a soft brush.
4. Using an appropriate carpet cleaning machine, treat the carpet evenly.
5. Brush-up the carpet pile while it is still moist.
6. When the carpet is completely dry, vacuum to remove crystallized soil.
7. **NOTE:** DO NOT SOAK CARPET.

3. For Encapsulation Cleaning:

1. Vacuum carpet thoroughly and remove debris.
2. Dilute the product to an 8% solution, or 1:13 (100 mL per L) with water.
3. Pour the solution into an encapsulation cleaner machine.
4. Operate the machine according to the manufacturer's recommendations.
5. Immediately begin to walk backwards at a slow speed, pulling the machine over the carpet.
6. Overlap slightly with each pass to ensure even coverage.
7. Allow the carpet to dry, then vacuum (vacuuming can be performed at the next scheduled vacuuming).

NEAR EXTRACTION CLEANING RESULTS WITH THE LOWEST RESOILING LEVELS

CARE AND STORAGE

Store the product in its original sealed container in a cool, dry, well-ventilated area, away from direct sunlight and incompatible materials. Ensure the cap is tightly closed when not in use. Do not freeze. Keep away from food and drink.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Carpet not drying quickly	Over-application of solution; high humidity; poor ventilation.	Ensure correct dilution ratio; apply less solution; increase ventilation in the area (e.g., open windows, use fans).
Soils not fully removed	Incorrect dilution; insufficient dwell time; heavy soiling requiring stronger setting.	Verify dilution ratio; for dry foam, use setting -4- for heavier soils; ensure thorough vacuuming after drying.

Problem	Possible Cause	Solution
Tacky residue after cleaning	Incomplete vacuuming of crystallized soil.	Ensure carpet is completely dry before vacuuming; vacuum thoroughly to remove all crystallized powder.

SPECIFICATIONS

Attribute	Detail
Product Name	Diversey Dry Foam Shampoo & Encapsulation Cleaner
Brand	Diversey
Model Number	9BP92017
Item Form	Liquid (Foam when applied)
Scent	Floral
Specific Uses	Carpet, Upholstery
Material Feature	Scented
Product Dimensions	14.76 x 9.96 x 12.32 inches (for 4-pack); 9.9 ounces (weight of single unit)
Manufacturer	Diversey
Date First Available	July 1, 2017
