2. WHAT'S IN THE BOX

Upon unboxing your EVISTR L357 Digital Voice Recorder, please ensure all the following items are present:

- Voice Recorder
- Type C Cable
- User Manual
- Exquisite Packaging Box

3. SETUP

3.1 Charging the Device

Before first use, fully charge your recorder. Connect the included Type-C USB cable to the recorder's Type-C port and the other end to a USB power adapter or computer. A full charge takes approximately 3 hours and provides up to

32 hours of continuous recording or 35 hours of continuous playback.

3.2 Power On/Off

Locate the power switch on the side of the device. Slide it to the 'ON' position to power on the recorder. To power off, slide the switch to the 'OFF' position.

3.3 Setting Date & Time

Setting the correct date and time ensures that your recording files are named accurately (YYYY-MM-DD-HH-MM-SS), making them easy to organize and locate.

5. MAINTENANCE

To ensure the longevity and optimal performance of your EVISTR L357 Digital Voice Recorder, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the device. Avoid using liquid cleaners or solvents, as they may damage the surface or internal components.
- **Storage:** Store the recorder in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity.
- **Battery Care:** To preserve battery life, avoid fully discharging the battery frequently. If storing for an extended period, charge the device to about 50% before storage.
- **Avoid Impact:** Protect the device from drops and impacts, which can damage the internal circuitry and external casing.

6. TROUBLESHOOTING

If you encounter any issues with your EVISTR L357 Digital Voice Recorder, please refer to the following common troubleshooting tips. For more detailed solutions, consult pages 15-19 of the included User Manual.

Common Issues & Solutions:

- **Device not turning on:** Ensure the battery is charged. Connect the recorder to a power source using the Type-C cable.
- **Cannot record:** Check if the memory is full. Delete unnecessary files or transfer them to a computer. Ensure the recording format is set correctly.
- **Poor audio quality:** Check recording gain settings. Ensure the microphone is not obstructed. Reduce distance from the sound source.
- **Disk Error:** If you encounter a disk error, try formatting the device (this will erase all data). If the issue persists, contact customer support.
- **Files not transferring to computer:** Ensure the Type-C cable is securely connected. Try a different USB port or computer.

If the problem persists after attempting these solutions, please contact EVISTR customer support for further assistance.
