Craftmade X6611-SB-LED

Craftmade X66 Series LED Flush Mount Ceiling Light Manual

Model: X6611-SB-LED

PRODUCT OVERVIEW

The Craftmade X66 Series LED Flush Mount Ceiling Light (Model X6611-SB-LED) is designed for indoor use, providing efficient and dimmable illumination. This 11-inch wide fixture features a satin brass finish and an acrylic shade, offering a transitional style suitable for various rooms.

SETUP AND INSTALLATION

This fixture requires assembly and installation to an existing junction box (junction box not included). Professional installation is recommended for electrical work.

Included Components:

- Flushmount fixture
- Shade(s)
- Integrated LED
- Hardware Pack
- Installation Guide (refer to the physical guide for detailed steps)

Installation Steps (General):

1. **Safety First:** Turn off power at the circuit breaker before beginning installation.
2. **Unpack Components:** Carefully remove all parts from the packaging and inspect for damage.
3. **Mounting Bracket:** Secure the mounting bracket to your existing ceiling junction box using the provided hardware.
4. **Electrical Connections:** Connect the fixture's electrical wires to the household wiring according to local electrical codes. Ensure proper grounding.
5. **Secure Fixture:** Attach the fixture body to the mounting bracket.
6. **Install Shade:** Secure the acrylic shade to the fixture body.
7. **Restore Power:** Turn power back on at the circuit breaker and test the light.

Note: This fixture is designed for indoor, ceiling mount, flush installation and operates on 120 Volts. It is ETL Approved for INDOOR Locations.

OPERATING INSTRUCTIONS

The Craftmade X66 Series LED Flush Mount Ceiling Light features an integrated 18 Watt LED light source with a color temperature of 3000 Kelvin, providing 900 lumens of illumination with a 90 CRI.

Dimmable Functionality:

This fixture is dimmable. To utilize the dimming feature, ensure you have a compatible LED dimmer switch installed. Refer to your dimmer switch's instructions for proper operation.

Control Method:

The light can be controlled via an app. Please refer to the specific app instructions or the full installation guide for details on connecting and controlling your fixture through the app.

MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your Craftmade X66 Series LED Flush Mount Ceiling Light.

- **Cleaning:** Ensure power is off before cleaning. Wipe the fixture with a soft, dry or slightly damp cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or acrylic shade.
- **LED Care:** The integrated LED is designed for long-lasting performance and does not require bulb replacement.

TROUBLESHOOTING

If your Craftmade X66 Series LED Flush Mount Ceiling Light is not functioning as expected, please consult the following common issues:

- **Light does not turn on:**
 - Check that the power supply is on at the circuit breaker.
 - Verify all electrical connections are secure and correct.
 - Ensure the wall switch is in the "ON" position.
- **Light flickers or dims unexpectedly:**
 - Confirm that a compatible LED dimmer switch is being used. Incompatible dimmers can cause flickering.
 - Check for loose wiring connections.
- **Light output is too low or too high:**
 - Adjust the dimmer switch if one is installed.
 - Ensure the fixture is receiving the correct voltage (120 Volts).

If these steps do not resolve the issue, please contact customer support.
