

MorePro V102

MorePro Fitness Smart Watch User Manual

Model: V102

INTRODUCTION

Thank you for choosing the MorePro Fitness Smart Watch. This manual provides essential information for setting up, operating, and maintaining your device. Please read it carefully to ensure optimal performance and longevity of your watch.

SETUP GUIDE

1. Charging the Device

Before first use, fully charge your MorePro Fitness Smart Watch. Connect the provided charging cable to the charging port on the watch and a USB power source. A full charge typically takes approximately 2 hours. The watch lasts for 7-10 days of working time for everyday use after 2 hours of fully charging.

2. App Installation and Pairing

To unlock the full features of your smart watch, download the companion application, FitCloudPro, from your smartphone's app store. The app is compatible with Android 5.0 & iOS 10 and above smartphones with Bluetooth 4.0. It is not compatible with PC, iPad, or Tablet.

1. Search for "FitCloudPro" in the App Store (iOS) or Google Play Store (Android) and install it.
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the FitCloudPro app and follow the on-screen instructions to register or log in.
4. In the app, navigate to the device pairing section and select your MorePro V102 watch from the list of available devices.
5. Confirm the pairing request on both your watch and smartphone.

3. Adjusting the Wristband

Ensure the watch is worn snugly on your wrist, about one finger's width from your wrist bone, to ensure accurate heart rate and blood oxygen readings. The wristband is adjustable to fit various wrist sizes.

OPERATING INSTRUCTIONS

Key Features and Functions:

- **24/7 Heart Rate Monitor & Sleep Tracker:** The watch continuously checks your heart rate and automatically tracks sleep patterns, providing comprehensive analysis of sleep quality (deep sleep, light sleep, and wake-up time).
- **Blood Oxygen & Blood Pressure Monitor:** Utilizing advanced sensors, the watch monitors blood oxygen and blood pressure, recording data in the FitCloudPro app.
- **Daily Activity Tracking:** Records all-day activities including steps, distance, and calories.
- **Sport Modes:** Features 7 sport modes to track specific activities.
- **Female Cycle Tracking:** Provides support for female physiological cycle tracking.
- **Sedentary Reminder:** Alerts you to move after periods of inactivity.
- **Notifications:** Receives Call Notifications, SMS, and APP Messages (WhatsApp, Facebook, Messenger, Instagram).
- **Music and Camera Control:** Control music playback and camera shutter on your smartphone directly from the watch.
- **Brightness Adjustment:** Adjust screen brightness for optimal viewing.
- **Weather Display:** Shows current weather information.
- **Alarm Clock:** Set alarms directly from the watch.
- **Stopwatch:** A built-in stopwatch function.
- **Call Rejection:** Reject incoming calls from the watch.
- **Find Phone/Watch:** Locate your paired smartphone or watch.

Navigating the Watch Interface:

The MorePro Fitness Smart Watch features a touch-sensitive display. Swipe left/right or up/down to navigate through different functions and menus. Tap to select an option. Refer to the FitCloudPro app for detailed instructions on customizing watch faces and settings.

MAINTENANCE AND CARE

- **Cleaning:** Regularly clean your watch and wristband with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Water Resistance:** The watch has an IP68 waterproof rating, meaning it can be worn for swimming or water activities in shallow water areas. However, it is not suitable for hot showers, saunas, or diving.
- **Storage:** When not in use for extended periods, store the watch in a cool, dry place.
- **Charging:** Use only the provided charging cable. Do not expose the charging contacts to water or conductive materials.

TROUBLESHOOTING

Problem	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Connect it to the charger for at least 10 minutes.
Unable to pair with smartphone	<ul style="list-style-type: none">• Ensure Bluetooth is enabled on your phone.• Make sure the watch is within Bluetooth range of your phone.• Restart both the watch and your smartphone.• Check if the FitCloudPro app is updated to the latest version.• Forget the device in your phone's Bluetooth settings and try pairing again.
Inaccurate readings (HR, steps)	<ul style="list-style-type: none">• Ensure the watch is worn snugly on your wrist, not too loose or too tight.• Clean the sensor on the back of the watch.• Ensure your personal information (height, weight) is accurately entered in the FitCloudPro app.
Notifications not received	<ul style="list-style-type: none">• Check notification permissions for the FitCloudPro app in your phone's settings.• Ensure the app is running in the background.• Verify that notifications are enabled within the FitCloudPro app for specific applications.
