## MEELIGHTING MD2949-800MM

# MEELIGHTING Luxury Modern Crystal Chandelier

BRAND: MEELIGHTING

Model: MD2949-800MM

## Introduction

---

This manual provides essential information for the safe and efficient installation, operation, and maintenance of your MEELIGHTING Luxury Modern Crystal Chandelier. Designed with a 5-tier, 16-light configuration, this chandelier features high-grade K9 crystals and a durable metal frame, making it an elegant lighting solution for various indoor spaces such as dining rooms, living rooms, bedrooms, and foyers.

## Safety Information

---

- **Professional Installation Recommended:** For your safety, it is highly recommended that this lighting fixture be installed by a qualified electrician.
- **Power Disconnection:** Always ensure the power supply is turned off at the circuit breaker before beginning installation, maintenance, or bulb replacement.
- **Voltage Compatibility:** This chandelier operates on 110 Volts. Ensure your electrical system is compatible.
- **Bulb Specifications:** Use only E12 base bulbs, with a maximum wattage of 60W per bulb. Do not exceed the recommended wattage.
- **Indoor Use Only:** This product is designed for indoor use only. Do not expose to moisture or outdoor elements.
- **Handle with Care:** Crystals are fragile. Handle them carefully during assembly and cleaning to prevent damage or injury.

## What's in the Box

---

The package for your MEELIGHTING Luxury Modern Crystal Chandelier includes the following components:

- Chandelier Frame (Black Metal)

- K9 Crystal Prisms (for 5 tiers)
- Adjustable Hanging Chain
- Ceiling Canopy and Mounting Hardware
- Installation Instructions
- *Note: Bulbs are NOT included. Please purchase E12 base bulbs separately.*

Image: Overview of product parameters, including dimensions, adjustable chain, and bulb requirements. The chandelier is UL listed, uses E12 base bulbs, and supports LED, incandescent, and halogen bulbs up to 60W. Bulbs are not included.

## Setup and Installation

Follow these general steps for installing your chandelier. Refer to the detailed installation instructions included in your package for specific diagrams and wiring guidance.

1. **Prepare the Installation Area:** Turn off power at the main circuit breaker. Ensure the ceiling junction box is securely mounted and capable of supporting the chandelier's weight (approximately 40 pounds).
2. **Assemble the Frame:** Attach the main chandelier frame components as per the instructions.
3. **Adjust Hanging Height:** The adjustable chain allows for a maximum hanging length of 48 inches. Determine

your desired height and adjust the chain accordingly.

4. **Mount the Fixture:** Secure the ceiling canopy and hanging chain to the junction box. Connect the electrical wires (live, neutral, ground) according to local electrical codes and the provided instructions.
5. **Install Bulbs:** Screw E12 base bulbs (not included) into the sockets. This chandelier supports up to 16 bulbs.
6. **Attach Crystals:** Carefully hang each K9 crystal prism onto the designated hooks on the chandelier frame. Ensure they are securely attached.
7. **Restore Power:** Once installation is complete and all connections are secure, restore power at the circuit breaker.

## Operating Instructions

---

Your MEELIGHTING chandelier is designed for simple operation.

- **Power On/Off:** Control the chandelier using a standard wall switch connected to the fixture's power supply.
- **Dimmable Functionality:** This chandelier is fully dimmable when used with compatible dimmer switches and dimmable E12 bulbs (both not included). Adjust the light intensity to create your desired ambiance.

## Maintenance

---

Regular cleaning will help maintain the beauty and brilliance of your chandelier.

- **Cleaning Crystals:** Gently wipe K9 crystal prisms with a soft, lint-free cloth. For stubborn marks, a mild glass cleaner can be applied to the cloth (not directly to the crystals or frame).
- **Cleaning Metal Frame:** Wipe the black metal frame with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Bulb Replacement:** Ensure power is off before replacing any bulbs. Allow bulbs to cool completely before handling.

## Troubleshooting

---

If you encounter issues with your chandelier, consider the following common troubleshooting steps:

- **Light Not Turning On:**

- Check if the power switch is in the "ON" position.
- Verify that the circuit breaker for the lighting circuit has not tripped.
- Ensure all bulbs are securely screwed into their sockets and are not burnt out. Test with a known working bulb if necessary.
- Confirm electrical connections are secure at the ceiling junction box (if comfortable and safe to do so, with power off).

- **Flickering Lights:**

- Ensure bulbs are fully tightened.
- If using a dimmer, ensure it is compatible with the bulbs installed. Incompatible dimmers can cause flickering.
- Check for loose wiring connections.

- **Missing or Damaged Crystals:**

- Refer to the "Warranty and Support" section for information on obtaining replacement parts.

If these steps do not resolve the issue, please contact MEELIGHTING customer support for further assistance.

## Specifications

---

Feature	Detail
Brand	MEELIGHTING
Model Name	MD2949-800MM
Color	Black
Material	Metal, K9 Crystal
