Tvilum Austin 4 Drawer Chest User Manual

Model: 705054949

Brand: Tvilum

Introduction

This user manual provides essential information for the assembly, operation, maintenance, and troubleshooting of your Tvilum Austin 4 Drawer Chest. Please read this manual thoroughly before beginning assembly or use to ensure proper function and safety.

The Tvilum Austin 4 Drawer Chest is designed to offer a space-saving storage solution with a contemporary Scandinavian look. Its four wide drawers provide ample storage for various items, making it suitable for bedrooms, living areas, or entryways. The chest features streamlined metal hardware, durable metal drawer runners, and an easy-to-clean foil surface.

Safety Information

Always prioritize safety during assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all parts are present and undamaged before beginning assembly. Do not use damaged parts.
- Assemble the chest on a soft, clean surface to prevent scratches.
- Always use the provided anti-tip hardware to secure the chest to a wall. This is crucial to prevent tipping and potential injury, especially in households with children.
- Do not overload drawers. Distribute weight evenly.

- Keep small parts and assembly hardware away from children.
- Refer to the specific instructions provided in the assembly manual for detailed safety guidelines.

Setup and Assembly

The Tvilum Austin 4 Drawer Chest requires assembly. It is recommended that two adults assemble this product. Assembly time may vary but typically takes 2-4 hours depending on experience.

Before You Begin:

1. **Unpack and Verify:** Carefully unpack all components and hardware. Compare them against the parts list in your included assembly instructions to ensure nothing is missing.
2. **Organize Hardware:** Separate and identify all screws, dowels, and other hardware. This will significantly speed up the assembly process.
3. **Clear Workspace:** Choose a spacious, well-lit area for assembly. Lay down a blanket or cardboard to protect both the furniture pieces and your floor.

Assembly Steps (General Overview):

Note: Detailed, step-by-step instructions with diagrams are provided in the separate assembly manual included with your product. This section provides a general guide.

1. **Assemble the Frame:** Connect the side panels, top, and bottom panels using the provided hardware. Ensure all connections are secure.
2. **Install Drawer Runners:** Attach the metal drawer runners to the inside of the chest frame according to the instructions. Pay close attention to their orientation.
3. **Assemble Drawers:** Construct each of the four drawers. This typically involves attaching the front, back, and side panels, then sliding the bottom panel into place. Attach the metal drawer runners to the sides of each drawer.
4. **Attach Handles:** Secure the metal handles to the front of each drawer.
5. **Insert Drawers:** Carefully slide each assembled drawer onto its corresponding runners within the chest frame.
6. **Install Feet:** Attach the round feet to the bottom of the chest.
7. **Secure to Wall:** Using the provided anti-tip kit, secure the chest to a sturdy wall. This step is critical for stability and safety.

Operating Instructions (Usage)

The Tvilum Austin 4 Drawer Chest is designed for storing clothing, linens, and other household items. Follow these guidelines for optimal use:

- **Drawer Operation:** Gently pull and push drawers using the metal handles. The metal runners ensure smooth operation. Avoid forcing drawers open or closed.
- **Weight Capacity:** Do not exceed the recommended weight capacity for each drawer or the top surface. Overloading can damage the chest and compromise stability. The top surface can hold up to 33 lbs (15 kg), and each drawer can hold up to 18 lbs (8 kg).
- **Even Distribution:** Distribute items evenly within drawers to prevent imbalance and strain on the runners.
- **Placement:** Position the chest on a level surface. The adjustable feet can be used to fine-tune stability on uneven floors.

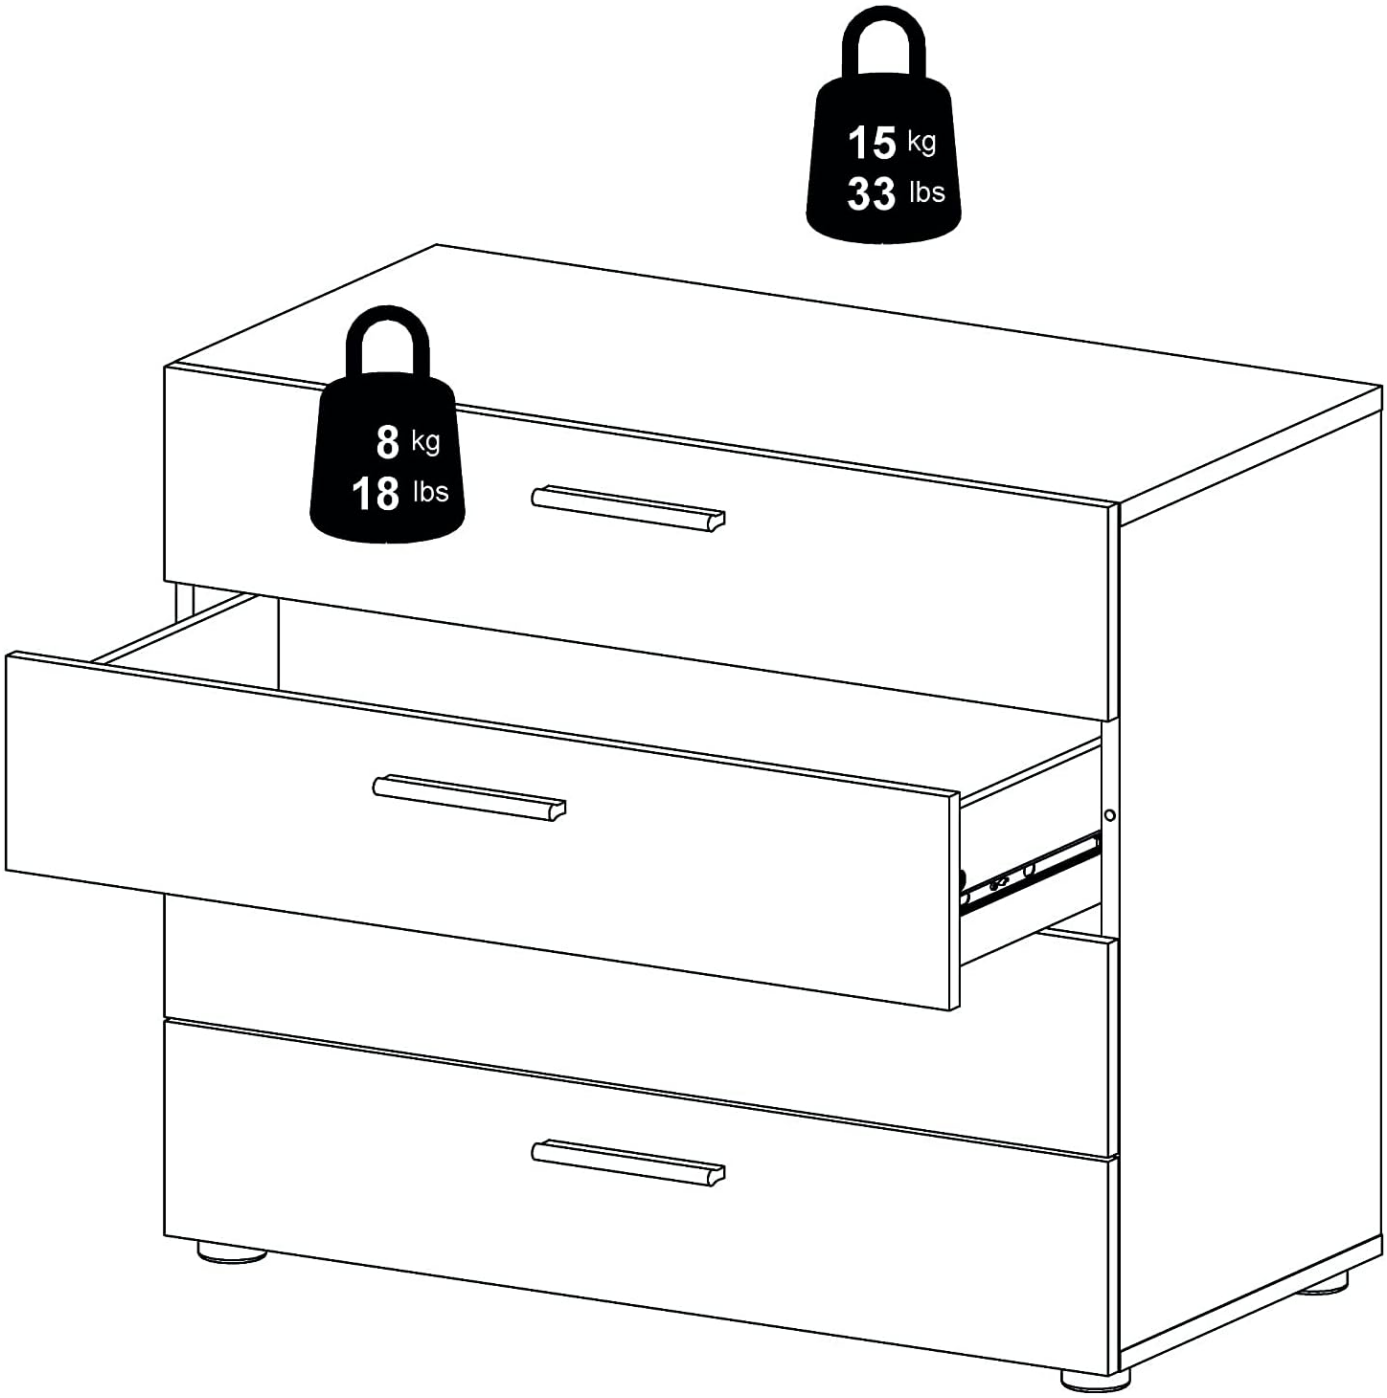

Image: Illustration detailing the maximum recommended weight for the top of the chest (15 kg / 33 lbs) and for each individual drawer (8 kg / 18 lbs).

Maintenance

Proper care will extend the life and appearance of your Tvilum Austin 4 Drawer Chest.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the foil surface.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood.
- **Hardware Check:** Periodically check all screws and fittings to ensure they remain tight. Retighten if necessary.
- **Drawer Runners:** If drawers become stiff, a small amount of silicone spray on the metal runners can improve smoothness.
- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure, which can cause fading or discoloration.

Troubleshooting

Problem	Possible Cause	Solution
Drawers do not slide smoothly.	Misaligned runners, loose screws, or debris in runners.	Check that drawer runners are correctly installed and screws are tight. Clean runners of any dust or debris. Apply silicone spray if needed.
Chest wobbles or is unstable.	Uneven floor, loose feet, or not secured to wall.	Adjust the feet to level the chest. Ensure all feet are firmly on the ground. Verify the chest is securely anchored to the wall using the anti-tip kit.
Drawer bottom sags or falls out.	Overloaded drawer or incorrect assembly of drawer bottom.	Reduce the weight in the drawer. Ensure the drawer bottom is fully seated in its grooves during assembly.
Missing parts or damaged components.	Packaging error or shipping damage.	Contact Tvilum customer support with your product model number and a description of the issue.

Specifications

Model Name: Austin 4 Drawer

Model Number: 705054949
