Sur La Table BA0005

Sur La Table Pump Action Oil Mister

Model: BA0005 - User Instruction Manual

INTRODUCTION

The Sur La Table Pump Action Oil Mister is designed to provide a fine, even mist of oil for various culinary applications. It is ideal for coating pans or grills, seasoning meats, or lightly dressing salads. This mister also allows for infusing oils with dried herbs and spices, enhancing the flavor of your dishes.

PRODUCT FEATURES

- **Pump Action Mechanism:** Creates a fine mist with simple pumping.
- **Versatile Use:** Suitable for cooking, baking, grilling, and salad preparation.
- **Infusion Capability:** Designed to allow for infusing oils with herbs and spices.
- **Reusable Design:** An eco-friendly alternative to aerosol sprays.

SETUP AND FILLING

1. **Initial Cleaning:** Before first use, disassemble the mister and wash all parts with warm, soapy water. Rinse thoroughly and allow to air dry completely.
2. **Fill with Oil:** Unscrew the top pump assembly from the bottle. Carefully pour your desired cooking oil into the bottle. Do not overfill; leave approximately 1 inch of space from the top to allow for pressurization.
3. **Reassemble:** Screw the top pump assembly back onto the bottle securely.
4. **Pressurize the Bottle:** With the lid firmly attached, pump the lid several times. You will feel resistance increase as the bottle pressurizes. Continue pumping until significant resistance is felt, indicating sufficient pressure for misting.

OPERATING INSTRUCTIONS

1. **Aim and Spray:** Point the nozzle towards the desired surface or food item.
2. **Activate Mist:** Press down firmly on the pump button to release a fine mist of oil.
3. **Re-pressurize if needed:** If the mist becomes weak or stops, re-pump the lid to build pressure again.
4. **For Infused Oils:** To infuse oil, add dried herbs and spices directly into the bottle with the oil. Allow them to steep for a few days before use.

MAINTENANCE AND CARE

- **Cleaning:** The Sur La Table Pump Action Oil Mister is **Hand Wash Only**. Disassemble all parts and wash with warm, soapy water. Use a small brush if necessary to clean the nozzle and internal components. Rinse thoroughly to remove all soap residue.
- **Drying:** Ensure all parts are completely dry before reassembling to prevent moisture buildup.
- **Storage:** Store the mister in a cool, dry place away from direct sunlight when not in use.
- **Oil Type:** For best performance and to prevent clogging, use oils with a thin consistency.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Mister does not spray or sprays weakly.	Insufficient pressure; nozzle clogged.	Pump the lid several times until strong resistance is felt. If still weak, disassemble and clean the nozzle thoroughly.
Oil stream is uneven or squirts instead of mists.	Nozzle partially clogged; insufficient pressure.	Clean the nozzle. Ensure the bottle is adequately pressurized by pumping the lid until firm resistance is achieved.
Oil leaks from the top.	Lid not screwed on tightly; seal not properly seated.	Ensure the top pump assembly is screwed on tightly. Check that the silicone seal is correctly positioned.

SPECIFICATIONS

- **Brand:** Sur La Table
- **Model Number:** BA0005
- **Color:** White
- **Material:** Silicone (components), Plastic (bottle)
- **Capacity:** 4 Fluid Ounces
- **Product Dimensions:** 3"W x 3"H
- **Item Weight:** 6.72 ounces
- **Recommended Uses:** Cooking Oil
- **Care Instructions:** Hand Wash Only
- **Reusability:** Reusable
