Graco SnugRide SnugLock LX Car Seat Instruction Manual

Model: 2053220

INTRODUCTION

Welcome to the Graco SnugRide SnugLock LX Car Seat instruction manual. This car seat is designed to provide secure and comfortable travel for your infant. Featuring SnugLock Technology for hassle-free installation and TrueShield Technology for advanced side-impact protection, this car seat ensures peace of mind for parents. Please read this manual thoroughly before using the car seat to ensure proper installation and safe operation.

SAFETY INFORMATION

Your child's safety is paramount. Always follow these guidelines:

- Always read and understand all instructions in this manual and on the car seat labels before use.
- Ensure the car seat is properly installed in your vehicle using either the vehicle seat belt or LATCH system.
- Always secure your child in the 5-point harness system, ensuring straps are snug and the chest clip is at armpit level.
- Never leave your child unattended in the car seat.
- The Graco SnugRide SnugLock LX features **TrueShield Technology**, providing advanced protection from head to hips in the event of a side impact.
- This car seat is designed for rear-facing infants from 4-30 lb and up to 32 inches.

TRUESHIELD TECHNOLOGY

Advanced side-impact protection from head to hips

FEATURES

- **SnugLock Technology:** Installs in less than one minute using vehicle seat belt or LATCH.
- **TrueShield Advanced Side-Impact Protection:** Helps keep your child safe in the event of a side impact, with protection from head to hips.
- Protects rear-facing infants from 4-30 lb and up to 32 inches.
- **1-hand adjustable handle:** Makes getting baby in and out easy.
- **Silent Shade canopy:** Adjusts quietly without disturbing baby.
- Lightweight infant car seat for easy carrying.
- Adjustable base with 4 recline positions lets you customize fit to your vehicle.
- Easy-to-read level indicator helps eliminate installation guesswork.
- Removable quilted newborn head and body supports keep your infant feeling cradled and comfortable.

- Side-impact tested according to FMVSS 213a with the built-in 5-point harness system.

SETUP

Proper installation is crucial for safety. The Graco SnugRide SnugLock LX offers two primary installation methods:

SnugLock Technology Installation (Vehicle Seat Belt or LATCH)

1. Place the car seat base on the vehicle seat.
2. Choose your installation method: vehicle seat belt or LATCH.
3. Follow the clear instructions on the car seat labels and in this manual to route the belt/LATCH connectors.
4. Engage the SnugLock arm. You will hear a distinct "CLICK!" indicating a secure connection.
5. Check for tightness: The car seat base should not move more than 1 inch side-to-side or front-to-back at

the belt path.

Adjusting the Base Recline

The adjustable base features 4 recline positions to ensure proper angle for your infant and a customized fit to your vehicle. Use the easy-to-read level indicator on the side of the base to confirm the correct recline angle for your child's weight and age.

Installs in less than 1 minute with **SNUGLOCK® TECHNOLOGY**

Image: A visual representation of the SnugLock Technology, showing the arm locking into place with a clear "CLICK!" for secure installation.

OPERATING

Securing Your Child

1. Place your infant in the car seat, ensuring their back is flat against the seat back.
2. Bring the 5-point harness straps over your child's shoulders and between their legs.

3. Buckle the harness.
4. Adjust the harness straps to be snug against your child's body, with no slack. The chest clip should be positioned at armpit level.
5. For newborns, utilize the removable quilted head and body supports for optimal comfort and positioning.

Adjusting the Handle

The 1-hand adjustable handle allows for easy carrying and positioning. Press the red button on the handle to adjust its position. Ensure the handle is in the correct position for travel as indicated in the manual.

Using the Silent Shade Canopy

The Silent Shade canopy can be adjusted quietly to provide shade and privacy for your baby without disturbing them. Simply extend or retract the canopy as needed.

MAINTENANCE

Regular cleaning and maintenance will prolong the life of your car seat and ensure continued safety.

- **Fabric Care:** Refer to the care tag on the fabric for specific washing instructions. Most fabrics are machine washable on a gentle cycle with cold water. Do not use bleach.
- **Harness Straps:** Wipe harness straps with a damp cloth. Do not machine wash or submerge harness straps in water, as this may weaken them.
- **Buckle:** Clean the buckle by wiping with a damp cloth. Do not use lubricants or detergents.
- **Plastic and Metal Parts:** Wipe plastic and metal parts with mild soap and cool water.
- **Storage:** Store the car seat in a cool, dry place away from direct sunlight when not in use.

TROUBLESHOOTING

If you encounter any issues with your Graco SnugRide SnugLock LX Car Seat, please refer to the following common solutions:

- **Difficulty with Installation:** Ensure the SnugLock arm is fully engaged. Check that the vehicle seat belt or LATCH connectors are routed correctly through the designated paths. Verify the base is level using the level indicator.
- **Harness Too Tight/Loose:** Adjust the harness straps using the front-adjust mechanism. Ensure there is no slack and the straps lie flat against your child's body. The chest clip should be at armpit level.
- **Stuck Handle Button:** Ensure no debris is obstructing the button mechanism. Apply gentle pressure and try to move the handle. If it persists, contact customer support.
- **Canopy Not Adjusting Smoothly:** Check for any obstructions in the canopy's track. Gently clean the area if needed.

For issues not covered here, please contact Graco Customer Service.

SPECIFICATIONS

Attribute	Detail
Product Dimensions	19.96 x 30.87 x 15.51 inches
Item Model Number	2053220
Minimum Weight Recommendation	4 Pounds
Maximum Weight Recommendation	30 Pounds (for rear-facing)
Minimum Height Recommendation	Up to 32 Inches
Material Type	Polyester

Number of Reclining Positions	4
Orientation	Rear Facing
Harness Type	5-Point
Item Weight	9.75 pounds
Country/Region of Origin	China
