Sunnydaze LR-826

Sunnydaze 3-Person Steel Patio Swing Bench with Adjustable Tilt Canopy - Instruction Manual

Brand: Sunnydaze | Model: LR-826

PRODUCT OVERVIEW

The Sunnydaze 3-Person Steel Patio Swing Bench with Adjustable Tilt Canopy is designed for comfortable outdoor relaxation. This durable swing features a sturdy steel frame, a protective adjustable canopy, and plush cushions, making it an ideal addition to any patio, backyard, or garden space. It includes convenient foldable side tables with cup holders for added functionality.

COMPONENTS AND PARTS

Before beginning assembly, ensure all components are present and undamaged. Refer to the parts diagram in the official user guide for detailed identification. Key components include:

- Main Steel Frame (various sections for base, uprights, and top bar)
- Swing Seat Frame
- Adjustable Canopy Frame and Fabric
- Three Seat Cushions
- One Lumbar Pillow

- Two Foldable Side Tables with Cup Holders
- Assembly Hardware (bolts, nuts, washers, springs, etc.)

- 1 Canopy features adjustable tilt for optimal shade all day
- 2 Features a foldable side table on each side
- 3 Seats three people comfortably

ASSEMBLY INSTRUCTIONS

Assembly typically requires two adults. Follow these steps carefully. A detailed visual guide is available in the video below and the linked PDF user guide.

1. **Assemble the Base Frame:** Connect the main base bars and upright supports using the provided hardware. Ensure all connections are secure but do not fully tighten until all parts are aligned.
2. **Attach the Top Crossbar:** Secure the top crossbar to the upright supports. This forms the main overhead structure for the canopy and swing suspension.
3. **Install Side Support Bars:** Attach the diagonal side support bars to enhance the stability of the main frame.
4. **Mount the Side Tables:** Secure the foldable side tables to the designated points on the main frame. These tables are designed to fold down when not in use.
5. **Assemble the Swing Seat Frame:** Construct the swing seat frame by connecting its individual components.

6. **Hang the Swing Seat:** Carefully lift and attach the assembled swing seat to the main frame using the provided heavy-duty springs. Ensure the springs are securely hooked into place.
7. **Install the Canopy Fabric:** Slide the canopy fabric onto its frame and secure it to the top crossbar. The canopy is designed for adjustable tilt.
8. **Place Cushions and Pillow:** Position the three seat cushions and the lumbar pillow onto the swing seat. The cushions may have ties to secure them to the swing frame.
9. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and nuts.

OPERATING INSTRUCTIONS

This patio swing is designed for ease of use and comfort.

- **Seating:** The swing is designed to comfortably seat up to three individuals. Ensure weight is distributed evenly.
- **Adjustable Canopy:** The canopy features an adjustable tilt mechanism. Loosen the knobs on either side of the canopy frame, adjust the canopy to your desired angle for optimal shade, and then tighten the knobs to secure it in place.
- **Foldable Side Tables:** Each side of the swing is equipped with a foldable table. To use, simply lift the table until it locks into a horizontal position. To fold, release the locking mechanism and lower the table. These tables include integrated cup holders.
- **Cushions:** The seat cushions are removable for cleaning or storage. They can be secured to the swing frame using the attached ties to prevent slipping.

MAINTENANCE

Regular maintenance will extend the life and appearance of your patio swing.

- **Cleaning:**
 - **Frame:** Wipe the powder-coated steel frame with a damp cloth and mild soap. Rinse thoroughly and dry completely to prevent rust.
 - **Canopy and Cushions:** The polyester fabric can be spot cleaned with mild soap and water. Allow to air dry completely before storage or re-use. For deeper cleaning, follow fabric care instructions on the label.
- **Hardware:** Periodically check all bolts and nuts to ensure they remain tight. Re-tighten as necessary to maintain structural integrity.
- **Storage:** During harsh weather conditions (heavy rain, snow, strong winds) or off-season, it is recommended to store the cushions and canopy indoors. If possible, cover the entire swing or store it in a sheltered area to protect it from the elements.

TROUBLESHOOTING

If you encounter issues with your patio swing, consider the following common solutions:

- **Swing feels unstable or wobbly:**

- Ensure all assembly bolts are fully tightened.
- Verify the swing is placed on a flat, level surface.

- **Squeaking noises during swinging:**

- Apply a silicone-based lubricant to the swing hangers and springs.
- Check for any loose connections in the swing mechanism and tighten if necessary.

- **Canopy difficult to adjust or does not stay in place:**

- Ensure the adjustment knobs on the canopy frame are properly loosened before attempting to adjust and fully tightened afterward.
- Inspect the canopy frame for any bends or damage that might impede movement.

- **Cushions slipping:**

- Utilize the attached ties on the cushions to secure them to the swing seat frame.

If problems persist, please contact Sunnydaze Decor customer support for further assistance.

SPECIFICATIONS

Brand	Sunnydaze
Model Number	LR-826
Color	Brown
Overall Dimensions (W x D x H)	78" x 46.5" x 68"

IMPORTANT SAFETY INFORMATION

- Do not exceed the maximum weight capacity of 600 lbs.
- Ensure the swing is placed on a stable, level surface to prevent tipping.
- Keep children and pets away from the swing during assembly and ensure proper supervision during use.
- Do not stand on the swing or use it for purposes other than intended seating.
- Regularly inspect the swing for any signs of wear, damage, or loose parts. Discontinue use if any damage is found and repair or replace components as needed.
- Avoid using the swing in strong winds or severe weather conditions.
