# mDesign Adjustable Expandable 3-Tier Spice Rack

Model: 02564MDKEU

## INTRODUCTION

This manual provides instructions for the mDesign Adjustable, Expandable Metal Wire Kitchen Spice Rack. This 3-tier organizer is designed to maximize storage space and improve visibility for spices, jars, bottles, and cans within cabinets, cupboards, pantries, or on countertops. Its expandable feature allows for versatile placement and capacity.

## SETUP

The mDesign Adjustable Expandable Spice Rack requires no assembly. It arrives ready for immediate use.

- 1. Unpack:** Carefully remove the spice rack from its packaging.
- 2. Placement:** Choose your desired location, such as inside a kitchen cabinet, pantry, or on a countertop.
- 3. Expand (Optional):** The rack consists of two interlocking pieces. To expand its width, gently slide the two sections apart until the desired length is achieved. The rack can expand up to 25 inches wide. Ensure both sections are stable and evenly supported after expansion.

## OPERATING INSTRUCTIONS

The 3-tier design of this spice rack allows for easy organization and visibility of your items.

- **Organize by Height:** Place taller items on the back tier and shorter items on the front tiers to ensure all labels are visible and easily accessible.
- **Maximize Space:** Utilize the expandable feature to fit the rack perfectly into your available space, whether it's a narrow cabinet or a wide pantry shelf.
- **Versatile Storage:** While ideal for spices, this rack can also store small jars, bottles, cans, vitamins, or other small kitchen essentials.

## MAINTENANCE

To ensure the longevity and appearance of your mDesign spice rack, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the rack clean with a soft, damp cloth. For stubborn stains, a mild soap solution can be used.
- **Drying:** Always dry the rack thoroughly immediately after cleaning to prevent water spots or potential rust, as it is made of metal.
- **Avoid Harsh Cleaners:** Do not use abrasive cleaners, scouring pads, or harsh chemicals, as these can damage the finish.

## TROUBLESHOOTING

If you encounter any issues with your spice rack, consider the following:

- **Rack Does Not Fit:** Ensure you have measured your cabinet or shelf space accurately. The rack is adjustable up to 25 inches wide. If the space is smaller than the minimum width (12.5 inches), the rack may not be suitable.
- **Instability:** Ensure the rack is placed on a flat, level surface. When expanded, verify that both sections are

interlocked securely and that weight is distributed evenly across the tiers.

- **Visibility Issues:** If spice jars on lower tiers are not fully visible, try arranging them by height, placing shorter jars on the front tiers and taller jars on the back.
