

LiftMaster 827LM

LiftMaster 827LM MyQ Remote LED Garage Light Instruction Manual

Model: 827LM | Brand: LiftMaster

1. PRODUCT OVERVIEW

The LiftMaster 827LM MyQ Remote LED Garage Light is designed to provide bright, efficient lighting for your garage. It integrates seamlessly with your MyQ-enabled garage door opener system, allowing for convenient control via remote, control panel, or smartphone app. This LED light offers 1500 lumens of illumination, enhancing visibility and safety in your garage environment.

2. KEY FEATURES

- **Smart Light Control:** Control the light using the MyQ app, Security+ 2.0 garage door remote control, or control panel.
- **Adjustable Schedules:** Pre-set times for lights to turn on/off via the MyQ app for enhanced security and energy efficiency.
- **High Brightness:** Provides 1500 lumens of bright LED illumination, offering approximately 50% more brightness than many standard LED lights.
- **Easy Installation:** Designed for simple installation, plugging directly into a standard 120V outlet.
- **Flexible Mounting:** Can be mounted on the ceiling or wall within 6 feet of an electrical outlet.
- **Low Maintenance:** The integrated LED bulb requires no maintenance.

3. SETUP

3.1 Mounting the Light

The 827LM LED light can be mounted on either the ceiling or a wall. Choose a location within 6 feet of a standard 120V electrical outlet. Ensure the mounting surface is secure and can support the light's weight.

1. Identify a suitable mounting location on your garage ceiling or wall.
2. Securely attach the light fixture using appropriate hardware (not included, typically).
3. Plug the light's power cord into a standard 120V electrical outlet.

3.2 Pairing with MyQ System

The 827LM light is designed to work with any MyQ-enabled garage door opener, Security+ 2.0 remote control, control panel, or smartphone with the MyQ app. Refer to your specific garage door opener or MyQ device's manual for detailed pairing instructions. Generally, the process involves activating a learn mode on your opener/device and then pressing a button on the 827LM light to establish the connection.

4. OPERATING INSTRUCTIONS

Once installed and paired, the LiftMaster 827LM light can be operated in several ways:

- **Automatic Activation:** The light is programmed to turn on automatically when a paired MyQ garage door opener is activated (door opens or closes). It will remain on for a set duration, typically 4.5 minutes, to provide ample illumination.
- **Remote/Control Panel Control:** Use your Security+ 2.0 garage door remote control or control panel to manually turn the light on or off.
- **MyQ App Control:** For advanced control, use the MyQ smartphone application. This allows you to:

- Turn the light on or off remotely from anywhere with an internet connection.
- Set custom schedules for the light to turn on or off at specific times, enhancing security and energy efficiency.

5. MAINTENANCE

The LiftMaster 827LM MyQ Remote LED Garage Light is designed for minimal maintenance. The integrated LED bulb is long-lasting and does not require replacement. Periodically, you may wipe the exterior of the light with a soft, dry cloth to remove dust or debris. Do not use abrasive cleaners or solvents.

6. TROUBLESHOOTING

• Light Not Turning On:

- Ensure the light is securely plugged into a working 120V outlet.
- Verify that the light is properly paired with your MyQ-enabled device or garage door opener. Refer to Section 3.2 for

pairing instructions.

- Check if the MyQ app or remote control is functioning correctly.

• **Light Not Responding to MyQ App/Remote:**

- Confirm the light is within range of your MyQ hub or garage door opener.
- Re-attempt the pairing process (Section 3.2).
- Check your internet connection if controlling via the MyQ app.

• **Light Flickers or Dims:**

- Ensure the power supply is stable and consistent (120 Volts).
- Contact LiftMaster support if the issue persists.

7. SPECIFICATIONS

Specification	Value
Brand	LiftMaster
Model Number	827LM
Light Source Type	LED
Brightness	1500 Lumens
Voltage	120 Volts
Product Dimensions	11.34"L x 9.84"W x 3.66"H
Item Weight	1.34 pounds
Installation Type	Ceiling Mount / Wall Mount
Control Method	Remote Control, MyQ App
Indoor/Outdoor Usage	Indoor
