WHAT'S INCLUDED

- 1x PowerLocus P2 Wireless Headphones
- 1x 3.5mm Audio Cable
- 1x USB-C Charging Cable
- 1x Protective Hard Shell Carry Case

HI-FI Wireless Over-Ear Headphones - PowerLocus

We built them with passion for music and aesthetics. Our vision is that everybody deserves sleek looking wireless headphones. We never liked the boring colors and the lack of attention to the detail which we were seeing. That is why, we built PowerLocus with the highest quality materials, comfortable frame and combined it with superior stereo sound.

PowerLocus Headphones are compatible with smartphones, tablets, pc, laptops and more.

SETUP GUIDE

1. Charging the Headphones

Before first use, ensure your PowerLocus P2 headphones are fully charged. Use the provided USB-C charging cable to connect the headphones to a power source (e.g., computer USB port, wall adapter). The charging time is approximately 2.5 hours.

A red indicator light will typically show during charging and turn off or change color when fully charged.

2. Bluetooth Pairing

1. Ensure the headphones are turned off.
2. Slide the On/Off button to the "On" position. The headphones will enter pairing mode, indicated by a blinking blue light.
3. On your device (smartphone, tablet, laptop), go to Bluetooth settings and enable Bluetooth.
4. Search for available devices and select "PowerLocus P2" from the list.
5. Once connected, the blue light on the headphones will stop blinking and remain solid.

The headphones are compatible with all Bluetooth-enabled devices, including iPhone, Samsung Galaxy, iPad, iPod, Huawei, Nexus, Amazon Fire Tablet, Desktops, Laptops, iOS, Android, TV, PS4, Xbox, and Nintendo.

MAINTENANCE

Cleaning

To maintain the quality and longevity of your headphones, gently wipe the earcups and headband with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.

Storage

When not in use, fold the headphones and store them in the provided protective hard shell case. This will prevent scratches and damage, especially during travel.

TROUBLESHOOTING

Problem	Possible Solution
Headphones won't turn on.	Ensure the headphones are charged. Connect them to a power source using the USB-C cable.

Problem	Possible Solution
Cannot pair via Bluetooth.	<ul style="list-style-type: none"> Ensure headphones are in pairing mode (blinking blue light). Make sure Bluetooth is enabled on your device. Move headphones closer to your device (within 36 feet). Forget "PowerLocus P2" from your device's Bluetooth list and try pairing again. Restart both headphones and your device.
No sound or low volume.	<ul style="list-style-type: none"> Adjust volume on both headphones and your connected device. Ensure the 3.5mm audio cable is fully inserted if using wired mode. Check if the correct input mode (Bluetooth, Wired, SD/TF, FM) is selected.
"Low battery" voice prompt.	This indicates the battery is low. Charge the headphones immediately. You can switch to wired mode to continue listening while charging.
