

## Oraimo OEB-E53D

# Oraimo Shark3 Neckband Wireless Earphone

Model: OEB-E53D

## 1. INTRODUCTION

---

Thank you for choosing the Oraimo Shark3 Neckband Wireless Earphone, Model OEB-E53D. This manual provides essential information for the proper setup, operation, and maintenance of your device. Please read it carefully before use to ensure optimal performance and longevity.

The Oraimo Shark3 features a neckband design, Bluetooth wireless connectivity, touch controls, and Environmental Noise Cancellation for clear audio experiences.

## 2. PRODUCT OVERVIEW

---

The Oraimo Shark3 Neckband Earphone is designed for comfort and performance, featuring ergonomic ear-tips and a durable, sweat-resistant build.

## 2.1 Ergonomic Design

The ear-tips are designed for a comfortable and secure fit, ensuring they stay in place during various activities. The lightweight neckband drapes comfortably around your neck.

oraimo Signature Sound

### Punchy and Powerful

The dynamic drivers are 10mm with composite diaphragms for powerful bass. oraimo Shark 3 is guaranteed to offer a high-quality audio experience.

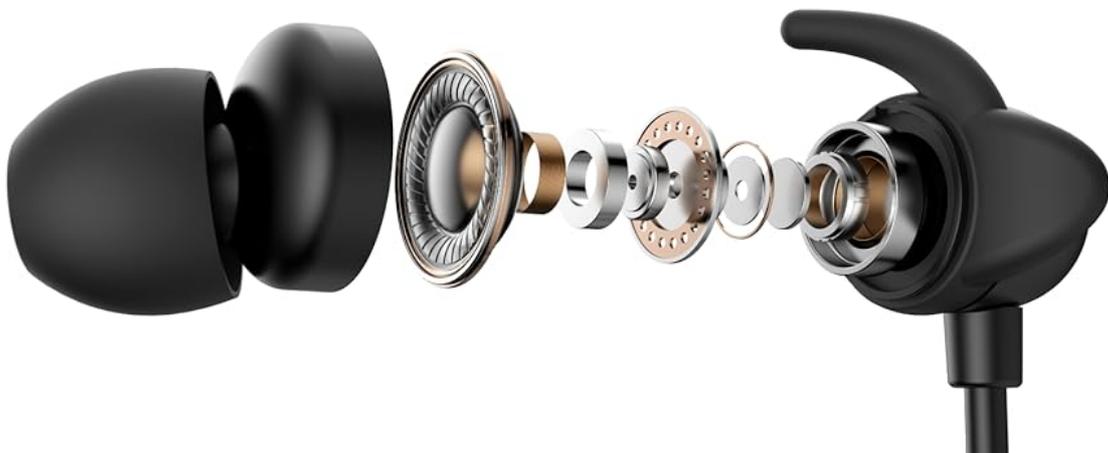

Image: Close-up of the ergonomic ear-tips designed for comfort and stability.

## 2.2 Control Buttons

The earphone features a 3-button remote for easy control of music playback and calls.

### 3. SETUP

---

#### 3.1 Charging the Earphone

1. Connect the charging cable to the earphone's charging port.
2. Connect the other end of the cable to a USB power source (e.g., wall adapter, computer USB port).
3. The LED indicator will show the charging status. A full charge typically takes approximately 1 hour.

A full charge provides up to 6 hours of talk time, 5 hours of music playing time, and up to 200 hours of standby time. Under specific conditions, playtime can extend up to 11 hours.

## 3.2 Bluetooth Pairing

1. Ensure the earphone is fully charged.
2. Press and hold the power button until the LED indicator flashes, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "Oraimo Shark3" or "OEB-E53D" from the list of found devices.
5. Once connected, the LED indicator will change to a steady light or flash slowly.
6. The earphone will automatically reconnect to the last paired device when powered on, if within range.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Power On/Off

- **Power On:** Press and hold the power button for approximately 3 seconds until the LED indicator lights up.
- **Power Off:** Press and hold the power button for approximately 5 seconds until the LED indicator turns off.

### 4.2 Music Control

- **Play/Pause:** Press the multi-function button once.
- **Next Track:** Press and hold the "+" button.
- **Previous Track:** Press and hold the "-" button.
- **Volume Up:** Short press the "+" button.
- **Volume Down:** Short press the "-" button.

### 4.3 Call Control

- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.
- **Redial Last Number:** Double-click the multi-function button.

### 4.4 Environmental Noise Cancellation (ENC)

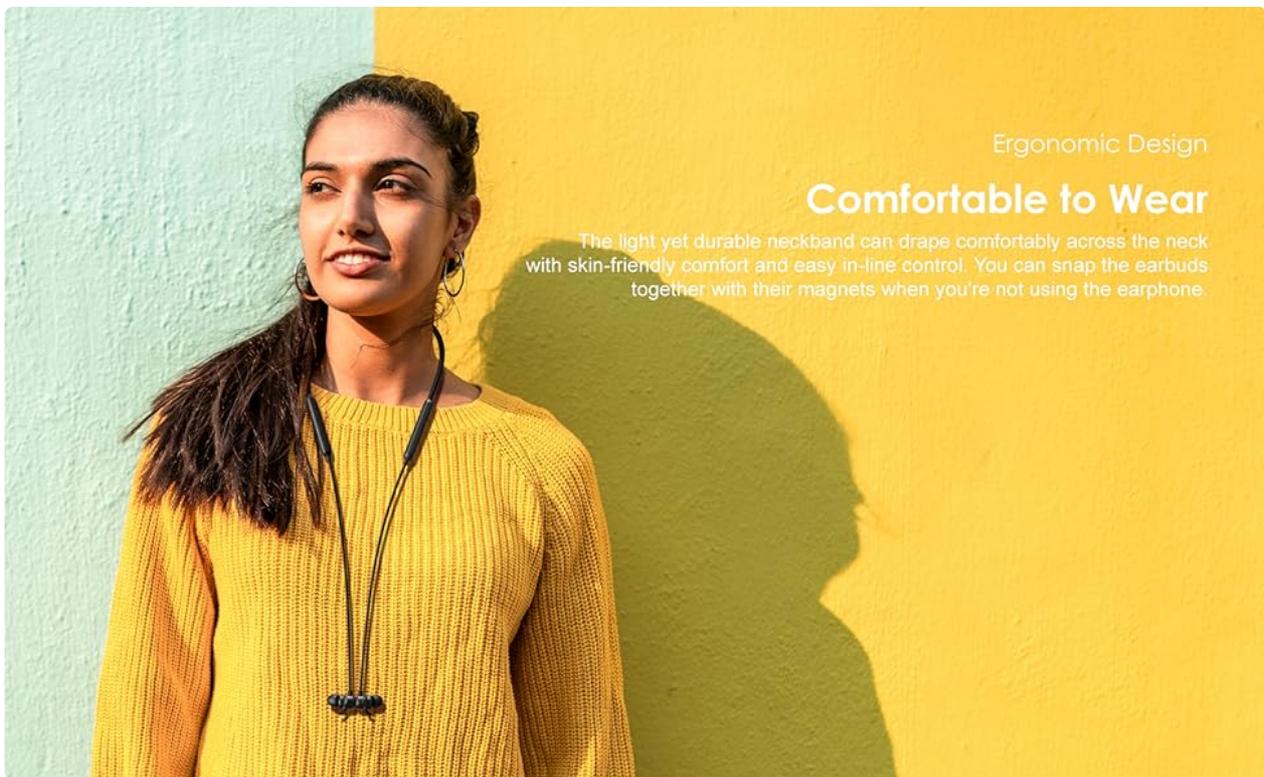

The earphone features Environmental Noise Cancellation to reduce ambient noise during calls, ensuring clearer communication.

## 5. MAINTENANCE

---

Proper maintenance ensures the longevity and performance of your Oraimo Shark3 earphone.

- **Cleaning:** Use a soft, dry cloth to clean the earphones. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the earphones in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** The earphones are water-resistant, making them suitable for workouts. However, they are not designed for submersion in water. Avoid exposing them to heavy rain or swimming.
- **Cable Durability:** The earphone features an upgraded wire with increased diameter (from 2.0mm to 2.5mm) for enhanced durability. Avoid excessive pulling or bending of the cable.

Ergonomic Design

## Comfortable to Wear

The light yet durable neckband can drape comfortably across the neck with skin-friendly comfort and easy in-line control. You can snap the earbuds together with their magnets when you're not using the earphone.

Image: The sweat-resistant design allows for use during exercise.

## EXCELLENT SOUND EXPERIENCE

To deliver HD sound in the mid and bass ranges, we have used big diaphragm with diameter of 12mm.

Image: The upgraded wire design contributes to the earphone's durability.

## 6. TROUBLESHOOTING

- **No Power:** Ensure the earphone is fully charged. Connect it to a power source and check the charging indicator.
- **Cannot Pair:**
  - Ensure the earphone is in pairing mode (LED flashing).
  - Make sure Bluetooth is enabled on your device and it is within 10 meters of the earphone.
  - Turn off and on both the earphone and your device, then try pairing again.

- Clear previous Bluetooth connections on your device if you have too many.
- **No Sound/Low Volume:**
  - Check the volume levels on both the earphone and your connected device.
  - Ensure the earphone is properly connected to your device.
  - Try playing different audio sources.
- **Poor Sound Quality/Intermittent Connection:**
  - Move closer to your connected device to reduce interference.
  - Avoid obstacles between the earphone and your device.
  - Ensure there are no other strong wireless signals interfering.
