OfficeSmartLabels A-OFSSPS707-MUL-004

OfficeSmartLabels UN3481 Lithium Ion Battery Warning Labels

Model: A-OFSSPS707-MUL-004

Brand: OfficeSmartLabels

INTRODUCTION

This manual provides essential information for the correct application and understanding of OfficeSmartLabels UN3481 Lithium Ion Battery Warning Labels. These labels are designed to ensure compliance with international shipping regulations for packages containing lithium-ion batteries, promoting safety during transport and storage.

PRODUCT OVERVIEW

The OfficeSmartLabels UN3481 Lithium Ion Battery Warning Labels are high-quality, self-adhesive labels specifically designed for marking packages containing lithium-ion batteries. Each roll contains 300 labels, with this product offering 4 rolls for a total of 1200 labels.

Key Features:

- **Dimensions:** 4 inches (101.6mm) x 3 inches (76.2mm) with a writable blank space.
- **Material:** Semi-Gloss Coated paper, ensuring durability and resistance to scuffs and scratches.
- **Adhesive:** Strong permanent adhesive for secure attachment to various surfaces.
- **Perforation:** Individually perforated for easy peeling and application.
- **Compliance:** Designed to comply with DOT, IATA, and ICAO regulations for the transport of lithium-ion batteries.

APPLICATION INSTRUCTIONS

Surface Preparation:

Ensure the application surface is clean, dry, and free from dust, grease, or any other contaminants. A clean surface is crucial for optimal adhesive performance.

Applying the Label:

1. Carefully peel one label from the roll using the perforation.
2. Position the label on the desired surface, ensuring it is flat and smooth.
3. Press firmly from the center outwards to remove any air bubbles and ensure full contact with the surface.
4. Use a Sharpie pen or marker to fill in the required information in the designated blank space, such as a contact number for more information.

Warn to handle sensitive material with care

PERFECT FOR WAREHOUSE STORAGE & TRANSPORT

USAGE GUIDELINES & COMPLIANCE

These labels are crucial for indicating the presence of lithium-ion batteries in packages, which are classified as dangerous goods for transport. Adhering to regulations is vital for safety and legal compliance.

Understanding UN Battery Types:

- **UN3090:** Used for packages containing lithium metal batteries (not packed with equipment).
- **UN3091:** Used when lithium metal batteries are packed with or contained in equipment (e.g., cell phones, laptops).
- **UN3480:** Used for packages containing lithium ion batteries (not packed with equipment).
- **UN3481:** Used when lithium ion batteries are packed with or contained in equipment (e.g., cell phones, laptops).

The UN3481 label specifically indicates that lithium-ion batteries are packed with or contained in the equipment within the package. Ensure the correct UN number is used for your specific battery type and packaging configuration.

Warning Labels, highlighting their compliance and ease of use for shipping and transport.

CARE AND STORAGE

To maintain the integrity and adhesive quality of your labels, store them in a cool, dry place away from direct sunlight and extreme temperatures. Keep the rolls in their original packaging until ready for use to protect them from dust and moisture.

TROUBLESHOOTING

Label Not Sticking Properly:

- **Solution:** Ensure the application surface is completely clean and dry before applying the label. Residue or moisture can significantly reduce adhesive effectiveness.
- **Solution:** Apply firm, even pressure across the entire label during application to ensure maximum contact with the surface.

TECHNICAL SPECIFICATIONS

Specification	Detail
Manufacturer	SOJITEK
Brand	OfficeSmartLabels
Item Weight	1.62 pounds
Package Dimensions	7.5 x 7 x 4 inches
Item Model Number	A-OFSSPS707-MUL-004
Color	Un3481 Battery Warning (Red, Black & White)
Shape	Rectangular
Material Type	Paper
Size	4 Rolls (1200 Labels total)
Finish Type	Glossy
Date First Available	May 24, 2018
