Lindby 9621103

Lindby Liana Floor Lamp Instruction Manual

Model: 9621103

1. PRODUCT OVERVIEW

The Lindby Liana Floor Lamp is a modern lighting fixture featuring a white textile shade, designed to create a cozy and inviting atmosphere in your living space. It is operated via a convenient foot switch.

2. SAFETY INFORMATION

- Ensure the lamp is placed on a stable, flat surface to prevent tipping.
- Do not exceed the maximum wattage for the light bulbs (2 x 60W E27).
- This product is designed for indoor use only (IP20 protection class).
- Disconnect from power before cleaning or changing bulbs.
- Keep away from water and moisture.

3. PACKAGE CONTENTS

Carefully unpack the box and ensure all parts are present:

- Lindby Liana Floor Lamp (unassembled)
- Foot switch power cord
- Assembly hardware

Note: Light bulbs are not included.

Image: All components of the Lindby Liana floor lamp laid out on a white surface, including the folded fabric shade, metal frame pieces, bulb holders, and the power cord with foot switch.

4. SETUP & ASSEMBLY

Follow these steps to assemble your Lindby Liana Floor Lamp:

1. **Assemble the Frame:** Connect the metal frame pieces according to the provided instructions. Ensure all connections are secure.
2. **Attach the Shade:** Carefully unfold the fabric shade and attach it to the assembled frame. The shade is designed to fit snugly around the frame.
3. **Install Light Bulbs:** Screw two E27 light bulbs (maximum 60W each, not included) into the bulb holders.
4. **Connect to Power:** Plug the power cord into a suitable 230V electrical outlet.

5. OPERATING INSTRUCTIONS

The Lindby Liana Floor Lamp is equipped with a convenient foot switch for easy operation:

1. **To Turn On:** Press the foot switch once.
2. **To Turn Off:** Press the foot switch again.

6. MAINTENANCE & CARE

- **Cleaning:** Disconnect the lamp from the power supply. Gently wipe the fabric shade with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Bulb Replacement:** Ensure the lamp is unplugged and the bulbs have cooled down. Unscrew the old bulbs and replace them with new E27 bulbs (maximum 60W).
- **Storage:** If storing the lamp, disassemble it carefully and keep the fabric shade folded to prevent damage.

7. TROUBLESHOOTING

Lamp Does Not Turn On

- Check if the power cord is securely plugged into the wall outlet.
- Verify that the light bulbs are correctly installed and not burnt out. Replace if necessary.
- Ensure the foot switch is functioning correctly.

Flickering Light

- Check the light bulbs for loose connections or damage.
- Ensure the bulbs are compatible with the lamp's specifications (E27, max 60W).

Lamp is Unstable

- Ensure the lamp base is on a flat, level surface.
- Check that all frame components are securely assembled.
