Juwel Futura Elegant XXL Clothes Dryer User Manual

Model: 30319

1. INTRODUCTION

Thank you for choosing the Juwel Futura Elegant XXL Clothes Dryer. This manual provides essential information for the safe and efficient use of your new clothes dryer. Please read it thoroughly before installation and operation.

The Juwel Futura Elegant XXL is a premium outdoor clothes dryer crafted from high-strength, corrosion-resistant aluminum. Its innovative design includes a gas spring mechanism for effortless opening and a continuous height adjustment feature, ensuring comfortable use for all. With ample drying space, it can handle multiple loads of laundry, making it an ideal solution for your drying needs.

2. SETUP AND INSTALLATION

Proper installation is crucial for the stability and longevity of your clothes dryer. The dryer is designed for ground installation using the included ground sleeve.

2.1 Unpacking

- Carefully remove all components from the packaging.
- Verify that all parts are present and undamaged. Refer to the packing list (if provided with the product).

2.2 Ground Sleeve Installation

The dryer comes with a screw-in ground sleeve for easy and secure installation without concrete.

1. Choose a suitable location in your garden or yard that is level and has sufficient space for the dryer to fully extend. Ensure there are no underground pipes or cables.
2. Using the provided screw tool, firmly twist the ground sleeve into the soil until its top edge is flush with the ground surface. Ensure it is installed vertically.
3. Once the ground sleeve is securely in place, insert the main pole of the clothes dryer into the sleeve.

3. OPERATING INSTRUCTIONS

The Juwel Futura Elegant XXL is designed for ease of use with its automatic opening mechanism and adjustable height.

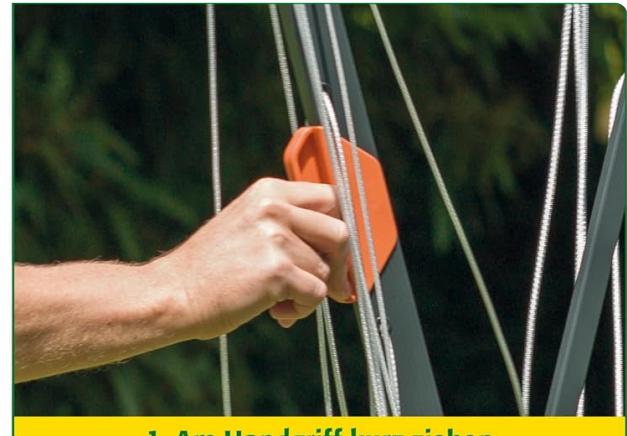

3.1 Opening the Dryer

The dryer features a gas spring technology for effortless opening:

1. Locate the red handle on one of the dryer arms.
2. Gently pull the red handle upwards. The gas spring will assist, and the dryer arms will automatically extend and lock into the open position without you needing to bend down.

Öffnen ohne Bücken – am Handgriff

1. Am Handgriff kurz ziehen

2. Wäschespinne öffnet automatisch durch die Gasfeder

3. Ohne Kraftanstrengung ist die Futura Elegant XXL geöffnet und gespannt

3.2 Adjusting Height

The dryer offers continuous height adjustment for optimal working comfort:

- The working height can be adjusted continuously from approximately 160 cm to 190 cm.
- To adjust, simply raise or lower the dryer arms to your desired height. The mechanism will hold it in place.

3.3 Hanging Laundry

- Distribute laundry evenly across the lines to ensure balanced drying and prevent tipping.
- The TWARON clotheslines are designed to remain taut, and patented pegs help maintain tension.
- The dryer also features integrated hanger holders for delicate items.

3.4 Closing the Dryer

- To close, gently push one of the arms downwards. The dryer will fold compactly.
- Once folded, the integrated protection mechanism with a cover will activate, keeping the lines clean and protected from dirt and weather.

4. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your Juwel Futura Elegant XXL Clothes Dryer.

- **Cleaning:** Wipe down the aluminum frame and plastic parts with a damp cloth and mild detergent as needed. Avoid abrasive cleaners.
- **Line Care:** The TWARON lines are designed to be durable. The integrated protection mechanism helps keep them clean when the dryer is folded. If lines become dirty, they can be wiped clean with a damp cloth.
- **Storage:** When not in use, especially during harsh weather conditions (e.g., strong winds, heavy snow), it is recommended to fold the dryer and utilize its protective cover.

5. TROUBLESHOOTING

If you encounter any issues with your Juwel Futura Elegant XXL Clothes Dryer, please refer to the following common solutions:

5.1 Dryer Does Not Open Smoothly

- **Check for Obstructions:** Ensure no debris or objects are blocking the arms or the central mechanism.
- **Lubrication:** If the movement feels stiff, apply a silicone-based spray lubricant to the moving joints and the gas spring mechanism. Avoid oil-based lubricants that can attract dirt.
- **Gas Spring:** If the gas spring seems to have lost its power, contact customer support.

5.2 Lines Are Not Taut

- **Check Pegs:** Ensure the patented line tensioning pegs are correctly engaged.
- **Overloading:** Avoid overloading the lines, as this can cause them to sag. Distribute laundry evenly.

5.3 Dryer Wobbles After Installation

- **Ground Sleeve Stability:** Re-check that the ground sleeve is screwed firmly and vertically into the soil. If the soil is too loose, consider compacting it or relocating the dryer to a firmer spot.
- **Pole Insertion:** Ensure the main pole is fully inserted and seated correctly in the ground sleeve.

6. SPECIFICATIONS

Feature	Specification
Brand	Juwel
Model Number	30319
Material	High-strength Aluminum
Color	Multicolor (typically Anthracite/Grey)

Product Dimensions (L x W x H)	218 x 16 x 16 cm (folded)
Item Weight	8.74 Kilograms
