

Hestan EDC24

Hestan Aspire 24-Inch Drop-in Cooler User Manual

Model: EDC24 | Brand: Hestan

PRODUCT OVERVIEW

The Hestan Aspire 24-inch Drop-in Cooler is designed to enhance your outdoor kitchen with versatile storage. This unit features insulated stainless steel walls, providing efficient ice storage and keeping beverages chilled. It also includes five condiment trays for convenient access to various toppings. The lid is designed to prop open, allowing for fast and easy access to the contents.

Key Features

- Bottle-depth storage allows wine bottles to stand upright.
- Five condiment trays provide organized storage for food or cocktail garnishes.
- Constructed with 304 stainless steel exterior and 1-inch R-Tech high-performance insulated walls for superior temperature retention.
- Heavy-duty lid hinges and a lid prop mechanism hold the lid securely in the open position.
- Convenient handle for easy opening and closing of the lid.

SAFETY INFORMATION

- Always keep hands and fingers away from the lid when propping it open to prevent injury.
- Ensure the cooler is properly secured and level during installation to prevent tipping.
- Do not operate or install the cooler in extreme weather conditions, as this may affect performance and safety.

SETUP AND INSTALLATION

This cooler is designed for drop-in installation into an outdoor kitchen countertop. Professional installation is recommended to ensure proper fit, sealing, and stability. Ensure the cutout dimensions match the cooler's specifications. The cooler must be installed on a level and stable surface. Verify that there is adequate clearance for the lid to open fully without obstruction. Consult local building codes and regulations for outdoor appliance installation requirements.

OPERATING INSTRUCTIONS

To use the Hestan Aspire Drop-in Cooler:

1. **Open the Lid:** Use the convenient handle to lift the lid. The lid prop will engage to hold it open.
2. **Add Ice:** Fill the main compartment with ice for chilling beverages. The insulated walls will help maintain temperature.
3. **Organize Condiments:** Utilize the five integrated trays for storing various condiments, garnishes, or small food

items.

4. **Close the Lid:** Gently disengage the lid prop and lower the lid to seal the cooler, preserving the internal temperature.

MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and optimal performance of your cooler.

- **Cleaning the Interior:** After each use, empty any remaining ice and liquids. Wipe the interior surfaces with a mild soap and water solution. Rinse thoroughly and dry completely to prevent mold or mildew.
- **Cleaning the Exterior:** Clean the stainless steel exterior with a soft cloth and a stainless steel cleaner or a mild soap and water solution. Avoid abrasive cleaners or scouring pads, which can scratch the finish.
- **Condiment Trays:** Remove and wash condiment trays with warm, soapy water. They are typically dishwasher safe, but refer to specific product information if available.
- **Lid Hinges:** Periodically check the lid hinges for smooth operation. Lubricate with a food-grade lubricant if necessary.

TROUBLESHOOTING

If you encounter issues with your Hestan Aspire Drop-in Cooler, consider the following common solutions:

- **Poor Ice Retention:** Ensure the lid is fully closed and sealed. Check for any debris preventing a proper seal. Verify the cooler is not exposed to direct sunlight for extended periods without adequate shading.
- **Lid Not Propping Open:** Inspect the lid prop mechanism for any obstructions or damage. Ensure it is engaging correctly.
- **Condensation:** Some condensation is normal, especially in humid environments. Excessive condensation might indicate a poor lid seal or extreme temperature differences.

For persistent issues, contact Hestan customer support.

SPECIFICATIONS

Product Dimensions	29 x 29 x 21 inches
Item Weight	65 pounds
