1. INTRODUCTION

Thank you for purchasing the vidaXL Tabletop 19-inch Globe Bar Wine Cabinet. This unique piece of furniture is designed to store your wine, spirits, and stemware within a beautifully crafted globe, featuring a 16th-century replica nautical map on its exterior and antique replica frescoes inside. This manual provides essential information for the safe assembly, operation, and maintenance of your new globe bar. Please read these instructions carefully before assembly and retain them for future reference.

2. SAFETY INFORMATION

Observe the following safety precautions to prevent injury and damage to the product:

- Always assemble the product on a soft, clean surface to prevent scratches.
- Ensure all parts are securely fastened before use. Do not use the product if any parts are loose or damaged.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Do not overload the globe bar. Distribute weight evenly to maintain stability.
- Avoid placing the globe bar in areas with high humidity or direct sunlight, as this may damage the wood and map finish.
- Use caution when opening and closing the globe to avoid pinching fingers.

3. ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Please follow these general steps. While specific diagrams are not provided in this manual, ensure you refer to any included manufacturer's diagrams or hardware lists that came with your packaging.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent damage. Verify all components are present according to the packing list.
2. **Assemble the Base:** Connect the base components as instructed. This typically involves attaching the pedestal to the main base structure using the provided screws and tools.
3. **Attach the Globe Support Arc:** Secure the curved support arc to the assembled base. Ensure it is firmly attached and stable.
4. **Mount the Globe:** Carefully place the globe onto the support arc, aligning the pivot points. Secure the globe using the provided pins or screws, ensuring it can rotate smoothly and open/close without obstruction.
5. **Final Check:** Once assembled, gently test the stability of the entire unit. Ensure all connections are tight and the globe opens and closes correctly.

Image 3.2: Detail of the light-colored wooden base, showing the pedestal design.

4. OPERATING INSTRUCTIONS

Using your globe bar is straightforward:

- **Opening the Globe:** Gently lift the top hemisphere of the globe. It is hinged to swing open, revealing the interior storage compartments.
- **Storing Beverages and Glassware:** The interior features dedicated slots for bottles and stemware. Place your wine, spirits, and glasses carefully into these compartments. Ensure bottles are not excessively tall to allow the globe to close properly.
- **Closing the Globe:** After use, gently lower the top hemisphere until it rests securely on the bottom half. Ensure no items are obstructing the closing mechanism.
- **Rotation:** The globe is designed to rotate on its axis, allowing you to view the detailed nautical map from all angles.

5. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your globe bar:

- **Cleaning:** Wipe the wooden surfaces with a soft, dry cloth. For the map surface, use a slightly damp cloth if necessary, then immediately dry. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish and map details.
- **Dusting:** Regularly dust the globe bar with a soft, lint-free cloth.
- **Environmental Conditions:** Keep the globe bar away from direct sunlight, heat sources, and areas

with extreme temperature fluctuations or high humidity. These conditions can cause the wood to warp, crack, or fade the map's colors.

- **Spills:** In case of spills, wipe them immediately with a dry cloth to prevent staining or damage to the wood and map.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Globe does not close properly.	Items inside are too tall or misplaced.	Rearrange or remove items that obstruct the closing mechanism. Ensure bottles fit within the designated height.
Globe feels unstable or wobbly.	Loose assembly screws or uneven surface.	Check and tighten all assembly screws. Place the globe bar on a flat, level surface.
Map or wood finish appears damaged.	Exposure to harsh chemicals, direct sunlight, or excessive moisture.	Refer to maintenance instructions. For significant damage, contact customer support.

7. SPECIFICATIONS

Feature	Detail
Brand	vidaXL
Product Dimensions	13"D x 15"W x 18.9"H
Material	Wood
Finish Type	Wood grain
Special Feature	Durable
Mounting Type	Floor Mount (Tabletop design)
Door Style	Revolving
Number of Shelves	1 (internal compartments)
