

MAC Studio Fix Fluid Foundation NC35 SPF15

MAC Studio Fix Fluid Foundation NC35 SPF15 User Manual

1. INTRODUCTION

This manual provides essential instructions for the proper use and care of your MAC Studio Fix Fluid Foundation NC35 SPF15. Please read this guide thoroughly to ensure optimal application and product longevity. For best results, follow the recommended steps and guidelines.

2. PRODUCT OVERVIEW

The MAC Studio Fix Fluid Foundation NC35 SPF15 is a modern liquid foundation designed to provide a natural matte finish. It offers broad-spectrum sun protection with SPF15 and is formulated to be oil-free. The NC35 shade is characterized as a light-medium peach golden tone.

Key Features:

- Natural matte finish
- Broad spectrum SPF15 sun protection
- Oil-free formulation
- Long-wearing coverage
- NC35: Light-medium peach golden shade

3. SETUP AND APPLICATION GUIDE

3.1 Skin Preparation

Before applying foundation, ensure your skin is clean, moisturized, and primed. Proper skin preparation helps create a smooth canvas for application and improves foundation longevity.

1. **Cleanse:** Wash your face with a gentle cleanser suitable for your skin type.
2. **Moisturize:** Apply a lightweight moisturizer to hydrate your skin. Allow it to absorb fully.
3. **Prime:** Use a makeup primer to create an even surface and extend wear time.

3.2 Foundation Application

Apply the foundation using your preferred method for an even, natural-looking finish.

1. **Dispense:** Shake the bottle well. Dispense a small amount of foundation onto the back of your hand, a palette, or directly onto your application tool.
2. **Apply:** Using a foundation brush, sponge, or clean fingertips, begin applying the foundation from the center of your face, blending outwards.
3. **Blend:** Ensure the foundation is seamlessly blended into your hairline, jawline, and neck to avoid harsh lines.
4. **Build Coverage:** For areas requiring more coverage, apply additional thin layers and blend thoroughly.
5. **Set (Optional):** For extended wear and a more matte finish, lightly dust with a setting powder.

4. OPERATING (USAGE)

MAC Studio Fix Fluid Foundation is suitable for daily use. Its SPF15 provides an initial layer of sun protection. For prolonged sun exposure, it is recommended to use a dedicated sunscreen underneath your foundation.

- **Daily Wear:** Apply as part of your regular makeup routine.
- **Reapplication:** While long-wearing, reapplication may be desired after several hours, especially in humid conditions or after physical activity.
- **Sun Protection:** The SPF15 offers moderate protection. For comprehensive sun safety, combine with other sun protection measures.

5. MAINTENANCE (STORAGE & CARE)

Proper storage and care will help maintain the quality and effectiveness of your foundation.

- **Storage:** Store the foundation in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cap Security:** Always ensure the cap is tightly closed after each use to prevent drying and contamination.
- **Shelf Life:** Refer to the product packaging for the 'period after opening' (PAO) symbol, typically indicating how many months the product is good for after opening.
- **Hygiene:** Regularly clean your application tools (brushes, sponges) to prevent bacterial buildup and ensure smooth application.

6. TROUBLESHOOTING

Addressing common issues during foundation application:

- **Uneven Application:** Ensure your skin is well-prepped (cleansed, moisturized, primed). Use a clean, damp sponge or a dense brush and blend in small sections.
- **Cakey Appearance:** Apply foundation in thin layers. Start with a small amount and build coverage as needed. Avoid over-applying product.
- **Foundation Settling into Fine Lines:** Ensure skin is adequately hydrated. Use a primer designed to smooth fine lines. Lightly set with powder only in areas prone to creasing.
- **Shade Mismatch:** If the shade appears incorrect, consider visiting a MAC counter for a professional shade matching consultation.

7. SPECIFICATIONS

Attribute	Detail
Brand	MAC
Product Name	Studio Fix Fluid Foundation SPF15
Shade	NC35
Volume	1 Fl Oz (30ml)
Sun Protection	SPF15
