

## Monster M172

# Monster Sparkle Bluetooth Speaker M172 Instruction Manual

Model: M172

## 1. IMPORTANT SAFETY INFORMATION

Please read all safety instructions carefully before using this product. Keep this manual for future reference.

- Do not expose the speaker to extreme temperatures or direct sunlight for extended periods.
- Avoid dropping or subjecting the speaker to strong impacts.
- Do not disassemble, repair, or modify the speaker yourself. Contact qualified service personnel for any repairs.
- Keep the speaker away from water and liquids, except for its intended IPX5 water resistance. Do not submerge.
- Use only the provided charging cable and adapter (if included) to charge the speaker.
- Ensure proper ventilation when operating the speaker.

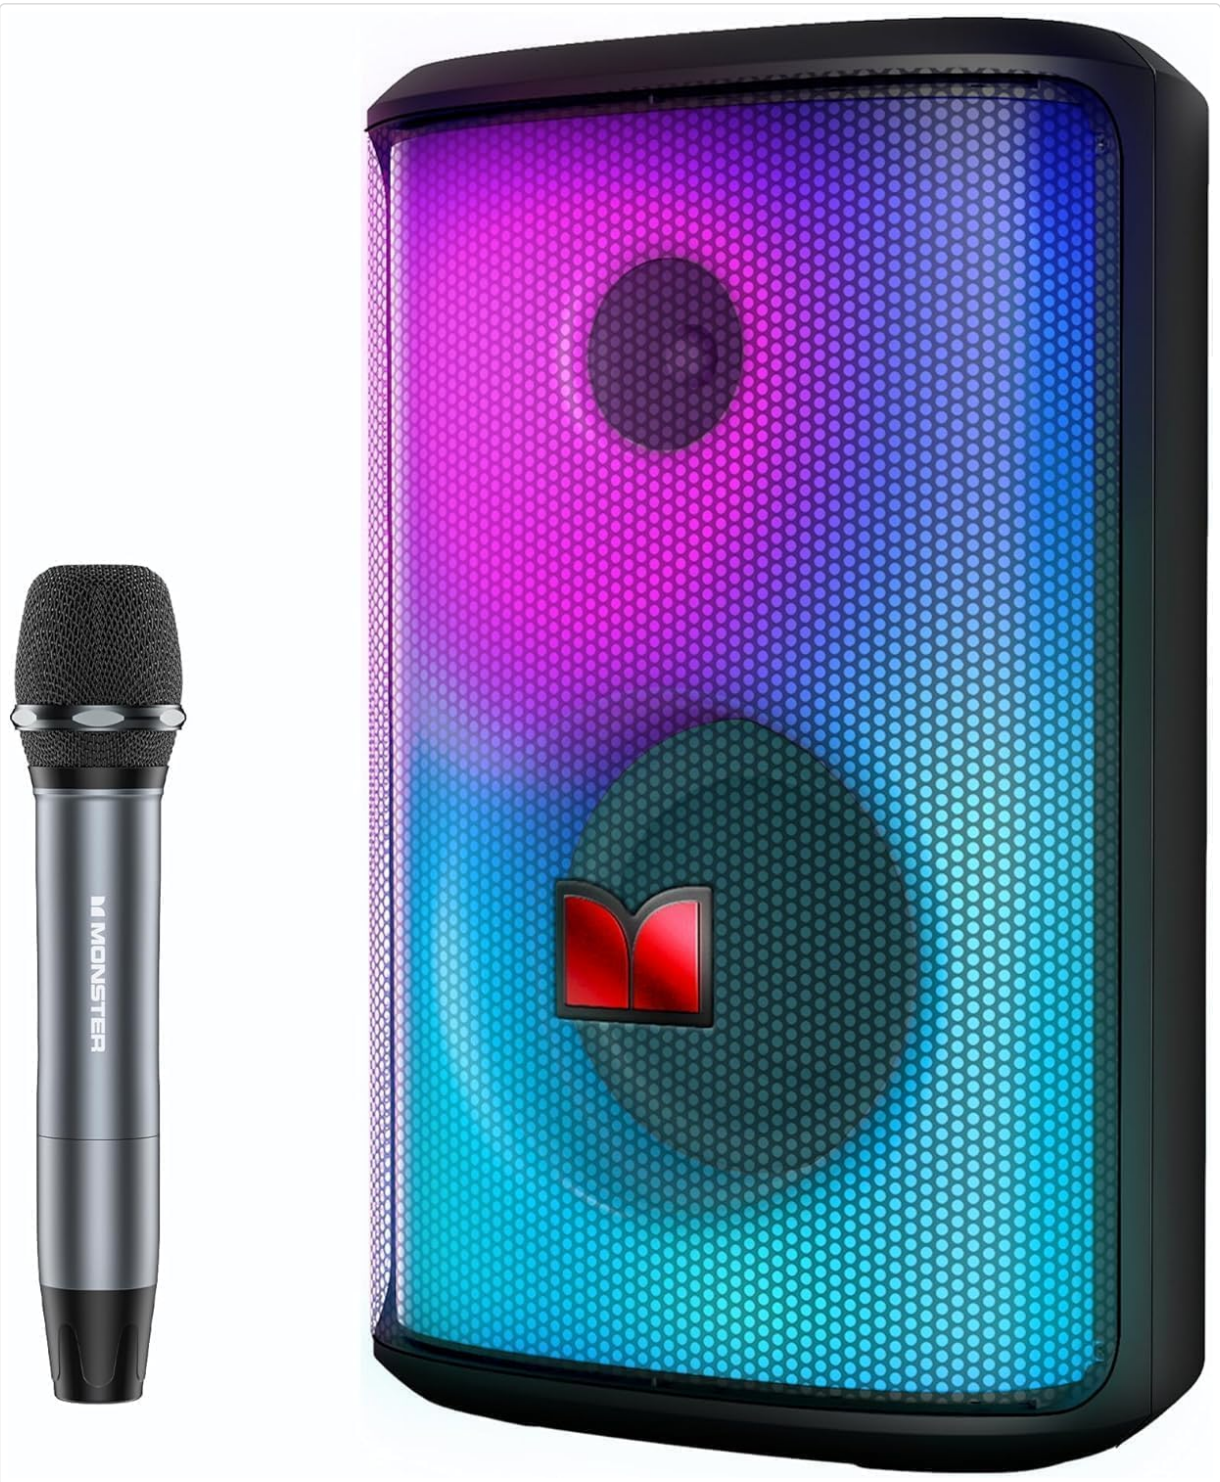

## 2. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Monster Sparkle Speaker
- 1 x Wireless Microphone
- 1 x USB-C Charging Cable
- 1 x AUX-in Audio Cable
- 1 x User Manual (this document)

## 3. PRODUCT OVERVIEW

Familiarize yourself with the Monster Sparkle Bluetooth Speaker and its components.

**Image 3.1:** The Monster Sparkle Bluetooth Speaker shown alongside its wireless microphone.

### 3.1 Control Panel

The top panel of the speaker features various controls for playback, volume, lighting, and bass adjustment.

**Image 3.2:** Detailed diagram illustrating the functions of each button on the speaker's control panel, including power, volume, track control, pairing, bass boost, and light control.

### 3.2 Input/Output Ports

The rear panel of the speaker provides various ports for connectivity and charging.

**Image 3.3:** Diagram showing the MIC IN, AUX IN, USB, RESET, and USB-C ports located on the back of the speaker.

## 4. SETUP

---

### 4.1 Charging the Speaker

Before first use, fully charge the speaker. The speaker also functions as an emergency power bank.

1. Connect the provided USB-C charging cable to the speaker's USB-C port.
2. Connect the other end of the cable to a compatible USB power adapter (not included) or a computer's USB port.
3. The charging indicator will show the charging status. A full charge provides up to 24 hours of playtime (at 50% volume with lights off).

**Image 4.1:** Visual representation of the speaker's 24-hour battery life, indicating extended playtime on a single charge.

## 4.2 Powering On/Off

Press and hold the Power button on the control panel to turn the speaker on or off.

## 4.3 Microphone Setup

The included wireless microphone connects automatically to the speaker when both are powered on.

1. Ensure the speaker is powered on.
2. Power on the wireless microphone. It will automatically pair with the speaker.
3. Adjust microphone volume using the controls on the microphone or speaker if available.

# 5. OPERATION

## 5.1 Bluetooth Pairing

Connect your device to the Monster Sparkle speaker via Bluetooth 5.3.

1. Power on the speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing light.
2. Enable Bluetooth on your smartphone, tablet, or other device.

3. Search for "Monster Sparkle" in your device's Bluetooth list and select it to connect.
4. Once connected, the speaker will emit an audible confirmation, and the light indicator will become solid.

## 5.2 True Wireless Stereo (TWS) Pairing

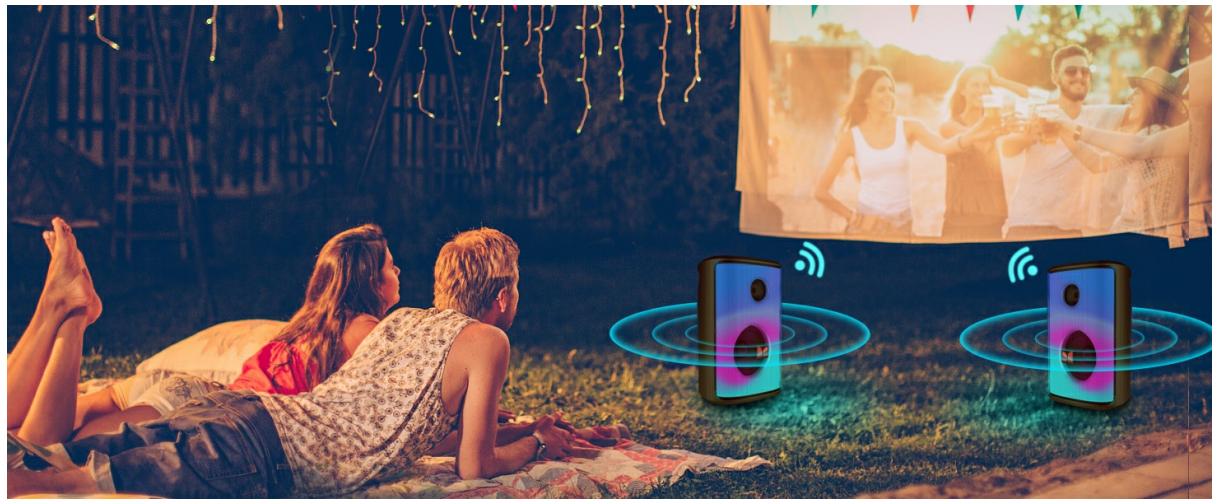

Pair two Monster Sparkle speakers for a powerful 240W stereo sound experience.

1. Ensure both speakers are powered on and not connected to any Bluetooth device.
2. On one speaker (this will be the primary speaker), press the TWS pairing button (refer to Image 3.2). The speaker will enter TWS pairing mode.
3. The two speakers will automatically connect to each other. An audible confirmation will indicate successful pairing.
4. Once TWS is established, connect your device to the primary speaker via Bluetooth as described in Section 5.1.

**Image 5.1:** Illustration of two Monster Sparkle speakers wirelessly paired to deliver a powerful stereo sound experience in a living room setting.

**Image 5.2:** Two speakers set up outdoors, demonstrating True Wireless Stereo pairing for an immersive audio experience while watching a movie.

### 5.3 Audio Playback Modes

The speaker supports multiple audio input options:

- **AUX Input:** Connect an external audio device using the provided 3.5mm AUX-in audio cable. The speaker will automatically switch to AUX mode.
- **USB Playback:** Insert a USB flash drive into the USB port. The speaker will automatically play audio files from the drive.
- **TF Card Playback:** Insert a TF (microSD) card into the designated slot. The speaker will automatically play audio files from the card.

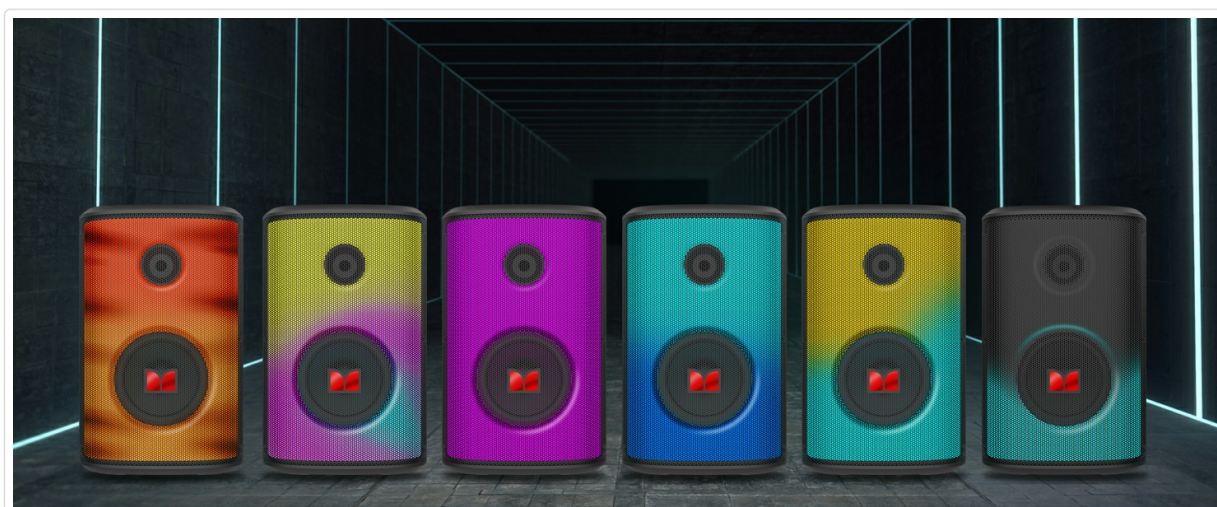

### 5.4 Light Effects

The Monster Sparkle speaker features 6 full-panel lighting effects to enhance your audio experience.

1. Press the Light button (refer to Image 3.2) to cycle through the available lighting modes.
2. Press and hold the Light button to turn the lights off.

**Image 5.3:** The speaker showcasing its dynamic full-screen LED lighting, with an inset demonstrating six distinct light patterns.

**Image 5.4:** A lineup of six Monster Sparkle speakers, each displaying a unique full-panel light effect, highlighting the variety of visual options.

## 5.5 Bass Adjustment

Customize your audio experience with three levels of bass adjustment.

1. Press the Bass Boost button (refer to Image 3.2) once for mild bass.
2. Press it twice for moderate bass.
3. Press it three times for heavy bass.

**Image 5.5:** Close-up of the speaker's control panel showing the Bass Boost button and its corresponding single, double, and triple press functions for mild, moderate, and heavy bass.

## 5.6 Power Bank Function

The speaker's large capacity battery can be used to charge external devices.

1. Connect your device's charging cable to the speaker's USB port.
2. The speaker will begin charging your device.

## 6. MAINTENANCE

### 6.1 Cleaning

To maintain the speaker's appearance and performance:

- Wipe the exterior with a soft, dry cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.

## 6.2 Water Resistance (IPX5)

The Monster Sparkle speaker is rated IPX5, meaning it is protected against low-pressure water jets from any direction. This makes it suitable for outdoor use where it might encounter splashes or light rain.

- Do not submerge the speaker in water.
- Ensure all port covers are securely closed before exposing the speaker to water.
- If the speaker gets wet, wipe it dry thoroughly before charging or using any wired connections.

**Image 6.1:** The Monster Sparkle speaker positioned near a pool, illustrating its IPX5 water-resistant design suitable for outdoor environments.

## 6.3 Storage

When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.

## 7. TROUBLESHOOTING

If you encounter issues with your speaker, refer to the following common problems and solutions:

Problem	Possible Solution
Speaker does not power on	Ensure the speaker is charged. Connect to a power source using the USB-C cable.
No sound	Check volume levels on both the speaker and your connected device. Ensure the correct input mode (Bluetooth, AUX, USB, TF) is selected.
Bluetooth pairing fails	Ensure the speaker is in pairing mode. Disable and re-enable Bluetooth on your device. Move the speaker closer to your device. Clear previous Bluetooth connections on your device.
Microphone not working	Ensure the microphone is powered on and fully charged. Check its proximity to the speaker.
Speaker unresponsive	Locate the RESET button (refer to Image 3.3) and use a thin object (like a paperclip) to press it. This will restart the speaker.

## 8. SPECIFICATIONS

Detailed technical specifications for the Monster Sparkle Bluetooth Speaker M172.

Feature	Specification
Model Name	M172
Speaker Type	Portable Speaker
Brand	Monster
Connectivity Technology	Bluetooth 5.3, Auxiliary, USB, TF Card
Speaker Maximum Output Power	120 Watts (Peak)
True Wireless Stereo (TWS) Output	240 Watts (when two speakers are paired)
Tweeter Size	2 inches
