# Gerber Gear Suspension-NXT 15-in-1 Multi-Tool Instruction Manual

This manual provides essential information for the safe and effective use, maintenance, and care of your Gerber Gear Suspension-NXT multi-tool.

## PRODUCT OVERVIEW

The Gerber Gear Suspension-NXT is a versatile 15-in-1 multi-tool designed for everyday carry (EDC), camping, and various utility tasks. It features a compact, lightweight design with a comprehensive set of tools for diverse applications.

## FEATURES AND COMPONENTS

Your Suspension-NXT multi-tool is equipped with 15 essential tools, all crafted from durable stainless steel for longevity and reliability.

Figure 1: The Gerber Suspension-NXT Multi-Tool in its packaging, highlighting its 15 tools, spring-loaded pliers, butterfly opening, and limited lifetime warranty.

Figure 2: Detailed diagram illustrating all 15 tools and key features of the Suspension-NXT multi-tool.

- **Needle Nose Pliers:** Precision pliers for gripping small objects.
- **Standard Pliers:** For general gripping and turning tasks.
- **Wire Cutters:** Integrated into the pliers for cutting various wires.
- **Wire Stripper:** For stripping insulation from wires.
- **Small Flathead Driver:** For small slotted screws.
- **Medium Flathead Driver:** For medium slotted screws.
- **Large Flathead Driver:** For larger slotted screws.
- **Cross Drivers (2):** Phillips head screwdrivers for cross-head screws.
- **Awl:** A pointed tool for piercing materials.
- **Nail File:** For filing and shaping nails.
- **Scissors:** Small, sharp scissors for cutting various materials.
- **Can Opener:** For opening canned goods.
- **Bottle Opener:** For opening bottled beverages.

- **2.25" Partially Serrated Blade:** A sharp knife blade with a serrated section for cutting fibrous materials.
- **Ruler:** Integrated measurement tool.

## SETUP AND OPERATION

---

The Suspension-NXT features a butterfly opening mechanism for quick access to its primary pliers. All outboard tools are locking for safe and secure use.

### Opening the Pliers

To open the pliers, simply unfold the two handles outwards. The spring-loaded mechanism will assist in opening the pliers for immediate use.

### Accessing Individual Tools

Each individual tool is located on the outer sides of the handles. To deploy a tool, gently pull it outwards from its stored position. The tool will click into place, indicating it is locked and ready for use. To fold it back, locate the small lever or button near the base of the deployed tool, press it, and carefully fold the tool back into the handle.

Figure 5: The bottle opener in action, a convenient feature for everyday use.

## MAINTENANCE

---

### Cleaning

Regularly clean your multi-tool to ensure optimal performance. Use a damp cloth to wipe down the tool after each use, especially if exposed to dirt, moisture, or corrosive substances. For deeper cleaning, use a small brush to remove debris from joints and crevices. Dry thoroughly.

### Lubrication

Apply a small amount of light machine oil to the pivot points and moving parts periodically to maintain smooth operation and prevent rust. Wipe off any excess oil.

### Tightening Screws

If any components feel loose over time, you can tighten the Torx screws located on the pivots. Use an appropriate Torx bit to gently tighten them until the desired tension is achieved, being careful not to overtighten.

## TROUBLESHOOTING

---

### Stiff Tools

If tools become stiff or difficult to open, apply a small amount of lubricant to the pivot points and work the tools back and forth to distribute the oil. Ensure the tool is clean and free of debris.

### Loose Components

As mentioned in the maintenance section, use a Torx bit to tighten the pivot screws if components feel loose. Do not force or overtighten.

### Blade Dullness

The partially serrated blade can be sharpened using a standard knife sharpener for the plain edge and a specialized serration sharpener for the serrated part. Always exercise caution when sharpening.

## SPECIFICATIONS

---

Attribute	Value
Brand	Gerber
Model Number	30-001364N
Color	Stainless Steel
Item Weight	6.4 ounces
Product Dimensions (L x W x H)	4.25 x 1 x 4.25 inches
Folded Size	4.25 Inches
Number of Tools	15
Country of Origin	China

## WARRANTY AND SUPPORT

---

The Gerber Gear Suspension-NXT Multi-Tool is backed by the **Gerber Guarantee**, a limited lifetime warranty. For warranty claims or product support, please visit the official Gerber website or contact their customer service.
