### 3. SETUP

---

#### 3.1 Initial Charge

Before first use, it is recommended to fully charge the fan. Connect the provided USB charging cable to the fan's charging port and plug the other end into a compatible USB power source (e.g., computer, power bank, or a wall adapter with a USB port). The charging indicator light (if present) will typically show red during charging and turn off or change color when fully charged.

## 5. MAINTENANCE

### 5.1 Cleaning

- Ensure the fan is turned off before cleaning.
- Wipe the exterior of the fan with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or immerse the fan in water.
- For dust accumulation on the fan blades, use a soft brush or compressed air to gently clean through the grille.

## 5.2 Storage

When not in use for extended periods, store the fan in a cool, dry place away from direct sunlight and extreme temperatures. It is advisable to charge the fan periodically (e.g., every 3 months) to maintain battery health.

## 6. TROUBLESHOOTING

If you encounter issues with your Aluan Handheld Mini Fan, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not turn on.	Battery is depleted.	Connect the fan to a USB power source using the provided cable and allow it to charge.
Weak airflow.	Fan is on low speed setting.	Press the power button again to switch to high speed.
Unusual noise during operation.	Obstruction in fan blades or internal issue.	Turn off the fan immediately. Check for any visible obstructions and carefully remove them if safe to do so. If the noise persists, discontinue use and contact customer support.
