

WOODBIDGE T-0008

WOODBIDGE T-0008 Luxury Bidet Toilet User Manual

Model: T-0008

1. INTRODUCTION

Thank you for choosing the WOODBRIDGE T-0008 Luxury Bidet Toilet. This one-piece elongated toilet features an advanced bidet seat designed for comfort and hygiene. This manual provides essential information for the proper installation, operation, maintenance, and troubleshooting of your new bidet toilet. Please read these instructions thoroughly before installation and use, and retain them for future reference.

Figure 1: WOODBRIDGE T-0008 Luxury Bidet Toilet

The WOODBRIDGE T-0008 combines a sleek, low-profile skirted toilet with a feature-rich bidet seat, offering a chair-height design that meets ADA standards for enhanced comfort. Key features include:

- Advanced bidet seat with temperature-controlled wash functions.
- Warm air dryer with adjustable levels.
- Heated seat with 5 adjustable temperature settings.
- Posterior wash, feminine wash, and pulsating wash options.
- Adjustable water pressure and hygienic filtered water.
- Self-cleaning stainless steel nozzles with oscillating and gentle massage pulse functions.
- Safety on/off sensor and energy-saving mode.
- Quick-release seat for easy cleaning.
- High-efficiency, WaterSense Certified toilet with a 1000-gram Map Flush score.

2. IMPORTANT SAFETY INFORMATION

Please read and understand all safety warnings and instructions before installing or using this product. Failure to follow these instructions may result in electric shock, fire, property damage, or personal injury.

- **Electrical Safety:** This appliance must be grounded. Connect only to a properly grounded outlet. Do not modify the plug. Do not use extension cords.
- **Water Supply:** Ensure the water supply is turned off before installation or maintenance. Use only clean, potable water.
- **Installation:** Installation should be performed by a qualified plumber or technician in accordance with all local codes and ordinances.
- **Children and Individuals with Reduced Capabilities:** Close supervision is necessary when this product is used by or near children or individuals with reduced physical, sensory, or mental capabilities.
- **Cleaning:** Disconnect power before cleaning. Do not immerse the product in water. Use only mild, non-abrasive cleaners.
- **Temperature:** Avoid contact with hot water or heated surfaces for prolonged periods to prevent burns.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning installation. If any parts are missing or damaged, contact WOODBRIDGE customer support.

Stainless-steel self-cleaning nozzle for maximum hygiene and durability, with both rear and front washes the nozzle is positionable and has both oscillating and gentle massage pulse functions

Built In LED Night Light

Figure 2: Dimensions and Technical Data

Note: Dimensions may vary slightly. It is recommended to measure the actual product for precise installation planning.

5. SETUP AND INSTALLATION

Proper installation is crucial for the performance and longevity of your bidet toilet. If you are unsure about any step, consult a qualified professional.

5.1 Pre-Installation Checklist

- Ensure the rough-in measurement is compatible (standard 12-inch rough-in).
- Verify that a grounded electrical outlet (120V AC, 60Hz) is available near the toilet location.

- Confirm water supply line is accessible and can be shut off.
- Gather necessary tools (wrench, screwdriver, level, sealant).

5.2 Installation Steps

1. **Prepare the Area:** Turn off the water supply to the existing toilet and flush to empty the tank. Disconnect and remove the old toilet. Clean the flange area thoroughly.
2. **Install Wax Ring:** Place a new wax ring onto the toilet flange or the base of the new toilet.
3. **Position the Toilet:** Carefully lift and place the WOODBRIDGE T-0008 toilet onto the flange bolts, ensuring the wax ring creates a seal. Press down firmly and evenly.
4. **Secure the Toilet:** Install the washers and nuts onto the flange bolts. Tighten them alternately and evenly until the toilet is secure and level. Do not overtighten.
5. **Connect Water Supply:** Connect the provided water supply line from the shut-off valve to the toilet's fill valve. Hand-tighten, then use a wrench for a quarter turn. Do not overtighten.
6. **Connect Electrical Power:** Plug the bidet seat's power cord into the grounded electrical outlet.
7. **Test for Leaks:** Slowly turn on the water supply valve and check for any leaks around the connections. Flush the toilet several times to ensure proper operation and check for leaks.

Figure 3: Installed Toilet with Remote

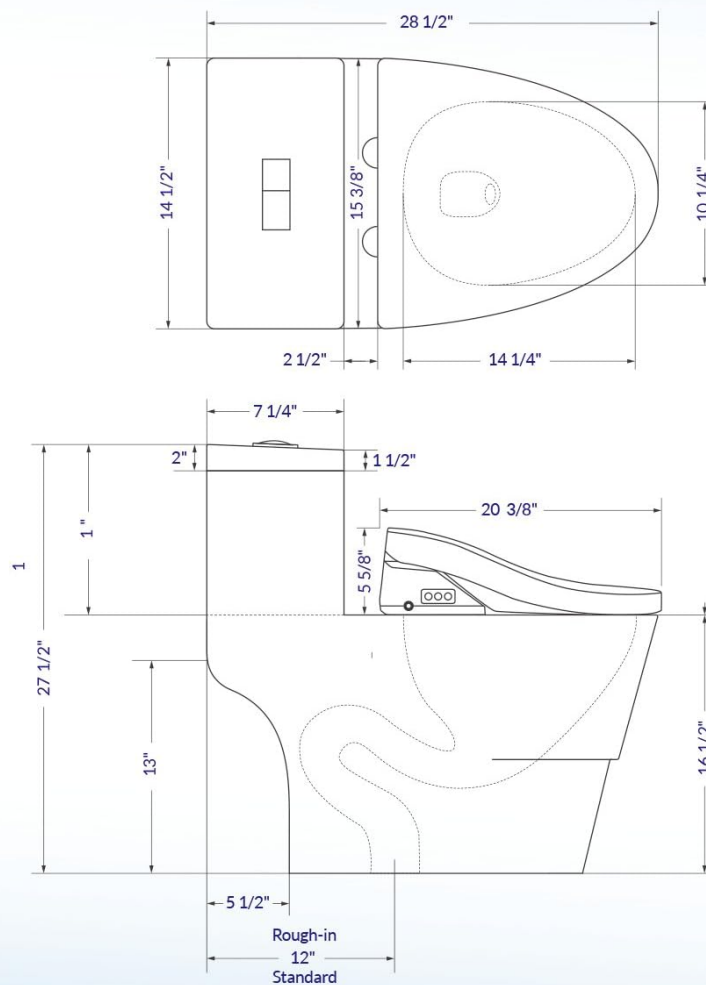

6. OPERATING INSTRUCTIONS

The WOODBRIDGE T-0008 bidet toilet offers various functions controlled via the remote control. Ensure the safety on/off sensor is activated (by sitting on the seat) for bidet functions to operate.

6.1 Bidet Functions

WOODBIDGE

DIMENSIONS/TECHNICAL DATA

ATTENTION! Dimensions may vary by up to 3/8". It is highly recommended to pull all dimensions of actual model for installation and measuring purposes.

Figure 4: Bidet Seat Features Overview

- **Posterior Wash:** Activates the rear cleansing spray.
- **Feminine Wash:** Activates the front cleansing spray.
- **Pulsating Wash:** Provides a rhythmic water spray for enhanced cleaning.
- **Adjustable Water Pressure:** Use the remote control to increase or decrease water spray intensity.
- **Nozzle Position:** Adjust the nozzle's forward or backward position for optimal cleansing.
- **Oscillating Function:** The nozzle moves back and forth during washing for a wider cleaning area.
- **Gentle Massage Pulse:** Provides a soft, massaging water flow.

6.2 Comfort Features

- **Heated Seat:** Adjust the seat temperature through 5 levels using the remote control.
- **Warm Air Dryer:** After washing, activate the air dryer. Adjust the air temperature and intensity as desired.
- **Water Heater:** Provides unlimited warm water for washing.
- **Energy Save Mode:** Activate this mode to reduce power consumption when the toilet is not in use for extended periods.

6.3 Flushing

The toilet features a high-efficiency flushing system. Depending on the model, flushing may be activated by a button on the toilet or via the remote control.

7. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will ensure the hygienic operation and longevity of your WOODBRIDGE T-0008 bidet toilet.

7.1 General Cleaning

1. **Disconnect Power:** Always unplug the bidet seat from the electrical outlet before cleaning.
2. **Exterior:** Wipe the exterior surfaces of the toilet and bidet seat with a soft, damp cloth and a mild, non-abrasive cleaner. Avoid harsh chemicals, abrasive pads, or solvents, as these can damage the finish.
3. **Toilet Bowl:** Clean the toilet bowl with a standard toilet bowl cleaner and brush. Ensure no cleaner comes into contact with the bidet seat components.

7.2 Bidet Nozzle Cleaning

The bidet nozzle features a self-cleaning function. Additionally, periodic manual cleaning is recommended.

- **Self-Cleaning:** The nozzle automatically rinses itself before and after each use.
- **Manual Cleaning:** Gently pull out the nozzle (if applicable) and wipe it with a soft cloth dampened with mild soap and water. Do not use excessive force.

7.3 Quick Release Seat

The bidet seat can be easily removed for thorough cleaning of the toilet rim and seat area.

1. **Locate Release Buttons:** Find the quick-release buttons or levers on the sides or rear of the bidet seat.
2. **Press and Lift:** Press the buttons and gently lift the seat straight up to detach it from the toilet.
3. **Reattach:** Align the seat with the mounting posts and press down until it clicks securely into place.

8. TROUBLESHOOTING GUIDE

This section addresses common issues you might encounter with your WOODBRIDGE T-0008 bidet toilet. If the problem persists after attempting these solutions, please contact customer support.

Problem	Possible Cause	Solution
Bidet functions not working	No power; Safety sensor not activated; Water supply off.	Check power connection; Ensure you are seated on the bidet; Turn on water supply valve.
No warm water	Water heater off; Temperature setting too low.	Check bidet seat settings via remote; Adjust water temperature.
Weak water pressure	Water supply valve partially closed; Nozzle clogged; Water pressure setting too low.	Fully open water supply valve; Clean nozzle; Increase water pressure via remote.
Remote control not responding	Dead batteries; Remote out of range; Interference.	Replace batteries; Ensure remote is within operating range; Remove obstructions.

Problem	Possible Cause	Solution
Toilet leaks at base	Improper wax ring seal; Loose flange bolts.	Tighten flange bolts evenly (do not overtighten); If leak persists, re-install with new wax ring.
Toilet does not flush properly	Water level too low; Obstruction in trapway.	Check water level in tank; Clear any obstructions.

9. WARRANTY AND CUSTOMER SUPPORT

9.1 Warranty Information

The WOODBRIDGE T-0008 Luxury Bidet Toilet comes with a **1-Year Limited Warranty**, covering defects in material and workmanship from the date of purchase. This warranty is subject to proper installation and normal use. For specific warranty terms and conditions, please refer to the documentation included with your product or contact WOODBRIDGE customer support.

9.2 Customer Support

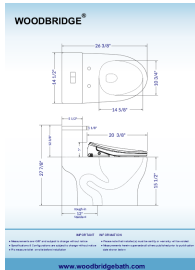

For technical assistance, warranty claims, or to order replacement parts, please contact WOODBRIDGE customer support. Our US-based team is dedicated to providing fast and reliable assistance to our valued customers. You can visit the official WOODBRIDGE store for more information and support resources:
