4. SETUP

4.1 Loading the Magazines

1. Hold the 12-round magazine with the orange end facing up.
2. Insert the high-impact rounds one by one into the top opening of the magazine, pushing them down until they are fully seated. Ensure the rounds are inserted correctly to prevent jamming.
3. Fill the magazine with up to 12 rounds.

Figure 4.1: Demonstrates the process of loading high-impact rounds into the 12-round magazine.

4.2 Inserting the Magazine into the Blaster

1. Locate the magazine well on the underside of the blaster.
2. Insert a loaded 12-round magazine into the magazine well until it clicks securely into place.
3. You can store the second loaded magazine on the tactical rail using the provided clips for quick access.

4.3 Folding and Unfolding the Stock

1. To fold the stock, locate the stock release button near the rear of the blaster.
2. Press the stock release button and fold the stock to the side of the blaster until it locks into its compact position.
3. To unfold, press the stock release button again and extend the stock until it clicks into its fully extended position.

Figure 4.3: Illustrates the location of the stock release button and the action of folding the stock.

5. OPERATING INSTRUCTIONS

5.1 Priming the Blaster

1. Ensure a loaded magazine is securely inserted into the blaster.
2. Grasp the pump handle located at the front of the blaster.
3. Move the pump handle fully backward, then fully forward in a smooth, deliberate motion. This action primes the blaster and loads a round into the firing chamber.

Figure 5.1: A user holding the blaster, demonstrating the ready position for priming.

5.2 Firing the Blaster

1. After priming the blaster, ensure the trigger lock is disengaged (see Section 5.3).
2. Aim at your target, ensuring no eyes or faces are in the line of fire.
3. Pull the trigger to unleash a high-impact round.

Figure 5.2: A user demonstrating proper handling and aiming of the blaster with eye protection.

5.3 Using the Trigger Lock

The trigger lock prevents accidental firing.

- To engage the trigger lock: Push the small orange lever located above the trigger to the position that blocks the trigger's movement.
- To disengage the trigger lock: Push the lever to the opposite position, allowing the trigger to move freely.

Figure 5.3: A detailed view of the trigger lock mechanism and its operation.

5.4 Reloading During Play

When a magazine is empty, you can quickly reload using the second magazine stored on the tactical rail.

1. To remove an empty magazine, locate the magazine release button/lever and activate it. Pull the empty magazine out of the blaster.
2. Grab the pre-loaded second magazine from the tactical rail and insert it into the blaster's magazine well until it clicks into place.

6. MAINTENANCE

Proper maintenance will ensure the longevity and optimal performance of your Nerf Rival Hypnos XIX-1200 blaster.

- **Cleaning:** Wipe down the blaster with a damp cloth as needed. Do not submerge the blaster in water or use

harsh chemicals.

- **Rounds Care:** Store high-impact rounds in a clean, dry place. Avoid crushing or deforming rounds, as this can affect performance and cause jams.
- **Storage:** When not in use, store the blaster and rounds in a cool, dry environment away from direct sunlight. You may fold the stock for more compact storage.
