iDIGMALL J205

iDIGMALL J205 Advanced Bluetooth 5.4 Audio Receiver User Manual

INTRODUCTION

This manual provides comprehensive instructions for the iDIGMALL J205 Advanced Bluetooth 5.4 Audio Receiver. Please read this manual thoroughly before using the device to ensure proper operation and to maximize your audio experience. This receiver allows you to wirelessly stream audio from your Bluetooth-enabled devices to non-Bluetooth audio systems such as home stereos, car audio systems, and wired headphones.

PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- 1 x iDIGMALL J205 Bluetooth Receiver
- 1 x RCA Audio Cable
- 1 x USB-C Charging Cable
- 1 x User Manual

What's in the box?

J205 Bluetooth Receiver
RCA Audio Cable
USB-C Charging Cable
User Manual

PRODUCT OVERVIEW AND KEY FEATURES

The iDIGMALL J205 is designed to upgrade your audio experience with advanced Bluetooth technology.

- **Bluetooth 5.4 Technology:** Equipped with the latest Bluetooth 5.4 for faster pairing, stable connection, and superior Hi-Fi wireless audio quality.

Image: Benefits of Bluetooth 5.4 technology.

- **Wide Compatibility:** Connects to most smartphones and tablets with any Bluetooth version (5.0, 4.0, 3.0, etc.). Ideal for home stereo or vehicle audio systems. *Note: This device is a receiver only and cannot pair with Bluetooth headphones or Bluetooth speakers.*

Universal Compatibility

Add bluetooth to your wired stereo system

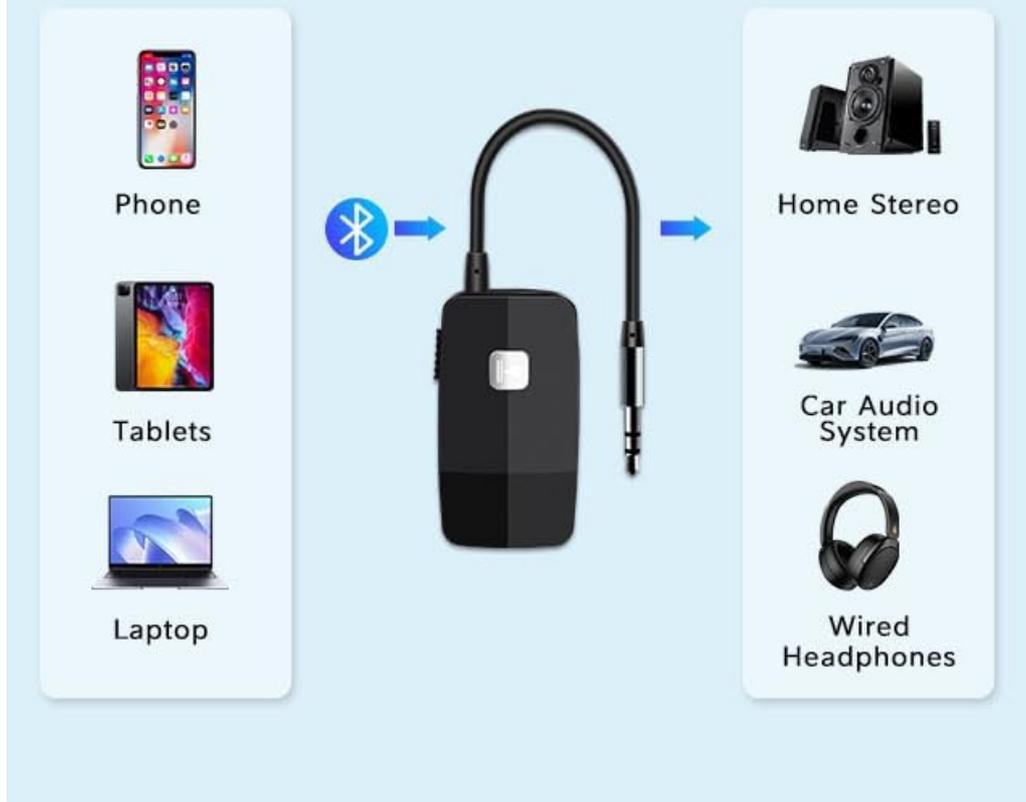

Image: Universal compatibility with various audio systems.

- **Extended Battery Life:** Offers up to 20 hours of music streaming on a single full charge. Can operate while charging. Features an automatic shutdown after 5 minutes of no Bluetooth connection to conserve power.
- **Easy Operation & Dual Link:** Simple slide switch for power ON/OFF and immediate pairing. Supports multi-point dual connection to two mobile phones simultaneously, with automatic re-connection to paired devices.
- **Versatile Connectivity:** Connects to audio systems via 3.5mm or RCA cable.

3.5mm & RCA Connection

Compatible with audio devices
with 3.5mm and RCA input

SETUP INSTRUCTIONS

1. Charging the Device

Before initial use, fully charge the iDIGMALL J205 receiver. Connect the provided USB-C charging cable to the receiver's charging port and the other end to a USB power source (e.g., wall adapter, computer USB port). The charging indicator light will show the charging status.

A full charge typically takes approximately 2 hours and provides up to 20 hours of playtime.

2. Connecting to Your Audio System

The iDIGMALL J205 can connect to your audio system using either a 3.5mm audio cable or an RCA audio cable.

- 1. For 3.5mm Input:** Plug one end of the 3.5mm audio cable into the receiver's 3.5mm output port and the other end into the AUX-in or 3.5mm input port of your home stereo, car audio system, or wired headphones.
- 2. For RCA Input:** If your audio system has RCA input ports, use the provided RCA audio cable. Connect the 3.5mm end of the RCA cable to the receiver's 3.5mm output port, and then connect the red and white RCA plugs to the corresponding red and white RCA input jacks on your audio system.

3. Powering On and Pairing

1. **Power On:** Slide the ON/OFF switch on the side of the iDIGMALL J205 receiver to the "ON" position. The indicator light will begin to flash, indicating it is in pairing mode.
2. **Enable Bluetooth:** On your smartphone, tablet, or other Bluetooth-enabled device, go to the Bluetooth settings and ensure Bluetooth is enabled.
3. **Select Device:** In the list of available Bluetooth devices, locate and select "J205".
4. **Connect:** Once selected, the device will pair. The indicator light on the J205 will turn solid blue (or stop flashing) to confirm a successful connection.

The receiver will automatically re-connect to the last paired device when powered on, if the device is within range and has Bluetooth enabled.

OPERATION

Basic Controls

The iDIGMALL J205 features a multi-function button for easy control:

- **Play/Pause:** Press the central button once to play or pause audio.
- **Next Track:** Press and hold the "+" button for 2 seconds to skip to the next track.
- **Previous Track:** Press and hold the "-" button for 2 seconds to go to the previous track.
- **Volume Up:** Press the "+" button briefly to increase volume.
- **Volume Down:** Press the "-" button briefly to decrease volume.

Dual Device Connection (Multi-Point)

The J205 supports connecting to two Bluetooth devices simultaneously:

1. Pair the first device (e.g., Smartphone A) following the "Powering On and Pairing" steps.
2. Once connected, disable Bluetooth on Smartphone A. The J205 will re-enter pairing mode.
3. Pair the second device (e.g., Smartphone B) with the J205.
4. After Smartphone B is connected, re-enable Bluetooth on Smartphone A. The J205 will automatically connect to both devices.

To play music from a specific device, ensure the other connected device has its music paused. The J205 will prioritize the active audio stream.

Dual Devices Connection

Note: Need to pause another device when using one of the devices to play music

Image: Dual device connection feature.

MAINTENANCE

To ensure the longevity and optimal performance of your iDIGMALL J205 Bluetooth Receiver, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the device. Avoid using harsh chemicals, cleaning solvents, or strong detergents.
- **Storage:** Store the device in a cool, dry place away from extreme temperatures, humidity, and direct sunlight.
- **Avoid Water:** This device is not waterproof. Keep it away from water and other liquids.
- **Handle with Care:** Avoid dropping the device or subjecting it to strong impacts.
- **Charging:** Use only the provided USB-C charging cable or a certified equivalent. Do not attempt to charge the device with damaged cables or chargers.

TROUBLESHOOTING

If you encounter issues with your iDIGMALL J205, please refer to the following common solutions:

- **Device will not power on:** Ensure the battery is charged. Connect the device to a power source using the USB-C cable and try again.
- **Cannot pair with a device:**
 - Ensure the J205 is in pairing mode (indicator light flashing).

- Make sure Bluetooth is enabled on your source device (smartphone, tablet).
 - Check that the J205 is within the Bluetooth range (up to 33 feet or 10 meters).
 - Turn off and on both the J205 and your source device, then attempt pairing again.
 - Clear the Bluetooth pairing list on your source device and try to pair again.
- **No audio or poor sound quality:**
 - Verify that the J205 is correctly connected to your audio system via the 3.5mm or RCA cable.
 - Ensure the volume on both the J205 and your source device/audio system is turned up.
 - Check that the correct input source is selected on your audio system (e.g., AUX).
 - Move the source device closer to the J205 to rule out range issues or interference.
 - Ensure no other Bluetooth devices are interfering with the connection.
 - **Automatic shutdown:** The J205 is designed to shut down after 5 minutes without a Bluetooth connection to save power. This is normal behavior.
 - **Cannot connect to Bluetooth headphones/speakers:** The J205 is a Bluetooth receiver, not a transmitter. It is designed to receive audio from a source device and output it to wired audio systems, not to transmit to other Bluetooth audio devices.
 - **No hands-free calling:** This device does not have a built-in microphone and therefore does not support hands-free calling. It is for music streaming only.

SPECIFICATIONS

Feature	Detail
Product Dimensions	1.97 x 0.98 x 0.31 inches
Item Weight	0.48 ounces
Item Model Number	J205
Batteries	1 12V battery required (built-in)
Special Feature	Dual Connection for Two Phones, Fast Charging
Brand	iDIGMALL
Connectivity Technology	Auxiliary, Bluetooth
Power Source	Battery Powered
Material	Plastic
Bluetooth Version	5.4
Playtime	Up to 20 hours
Charging Time	Approximately 2 hours
Wireless Range	Up to 33 feet (10 meters)

SAFETY INFORMATION

Please observe the following safety guidelines:

- Do not use this device with car GPS navigators or smartwatches.
- This device is not intended for connecting to a TV via Bluetooth headphones.
- The iDIGMALL J205 does not have a built-in microphone and therefore cannot support hands-free calling.
- Avoid exposing the device to extreme temperatures, direct sunlight, or humid environments.
- Do not attempt to disassemble or modify the device. This will void the warranty.

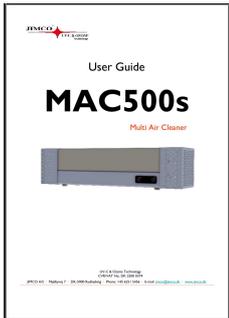

WARRANTY AND SUPPORT

iDIGMALL provides a 12-month product quality warranty and lifetime technical support for the J205 Bluetooth Receiver.

If you have any questions, require technical assistance, or experience issues with your product, please contact our customer service team. We are committed to providing prompt and satisfactory solutions within 24 hours.

For support, please refer to the contact information provided in your product packaging or visit the official iDIGMALL website.
