## Setup

- Battery Installation:** Each walkie talkie requires 3 AAA batteries (not included).
  - Remove the belt clip by pushing up on the release tab and sliding it off.
  - Gently pry open the battery compartment cover on the back of the unit.
  - Insert 3 AAA batteries, ensuring correct polarity (+/-).
  - Replace the battery compartment cover and reattach the belt clip.
- Attaching Lanyard:** If desired, thread the lanyard through the small loop located near the top of the walkie talkie, often underneath where the belt clip attaches.

## Operating Instructions

- Power On/Off:** Press and hold the **Power button** (*power icon*) for a few seconds to turn the unit on or off. The LCD screen will illuminate.
- Adjust Volume:** Use the **Up** (*up arrow*) and **Down** (*down arrow*) buttons to adjust the speaker volume.
- Change Channel:** Press the **MENU button** to enter channel selection mode. Use the **Up** and **Down** buttons to select one of the 22 available channels. Press **MENU** again to confirm your selection. Both walkie talkies must be on the same channel to communicate.
- Push-to-Talk (PTT):** To transmit your voice, press and hold the large **PTT button** on the side of the walkie talkie. Speak clearly into the microphone (located near the top of the unit). Release the PTT button to listen.
- Flashlight:** Press the **Light button** (*lightbulb icon*) to turn the built-in flashlight on or off.
- VOX Hands-Free:** The walkie talkies support VOX (Voice Operated Exchange) for hands-free

communication. Refer to the detailed user manual for activation and sensitivity settings.

7. **Key Lock:** To prevent accidental changes to settings, press and hold the **MENU button** until the key lock icon appears on the screen. Repeat to unlock.

## Maintenance

- **Cleaning:** Wipe the walkie talkies with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Battery Care:** Remove batteries if the units will not be used for an extended period to prevent leakage and damage.
- **Storage:** Store the walkie talkies in a cool, dry place away from direct sunlight and extreme temperatures.

## Troubleshooting

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
No power	Check if batteries are inserted correctly and are not depleted. Replace with fresh AAA batteries.
Cannot communicate with other unit	Ensure both walkie talkies are on the same channel. Check if the PTT button is being held down correctly during transmission. Ensure units are within range (up to 3 miles in open areas).
Poor sound quality / Static	Adjust volume. Change to a different channel to avoid interference. Ensure units are within optimal range and not obstructed by large structures.
Buttons unresponsive	Check if the Key Lock function is activated. Deactivate by holding the MENU button.

## Specifications

---

**Model Number:** T-339

**Brand:** Aikmi

**Number of Channels:** 22

**Talking Range Maximum:** 3 Miles (approximate, varies with terrain)

**Frequency Range:** 462.5625 MHz (UHF)

**Power Source:** 3 AAA batteries per unit (not included)

**Product Dimensions:** 2 x 1 x 5 inches; 8 ounces (per unit)

**Recommended Age:** 4 years and up
