# Diffuserlove 500ML Remote Control Aroma Diffuser

## INSTRUCTION MANUAL

### 1. PRODUCT OVERVIEW

The Diffuserlove 500ML Remote Control Aroma Diffuser is an ultrasonic aromatherapy device designed to disperse essential oils and humidify your space. It features a large water tank, multiple mist modes, timer settings, and a remote control for convenient operation. The integrated LED light offers 7 color options to enhance your environment.

## Package Contents:

- Diffuserlove 500ML Aroma Diffuser
- Remote Control
- Power Adapter
- User Manual

## 2. SETUP

Follow these steps to set up your Diffuserlove aroma diffuser:

1. **Lift the Cover:** Gently remove the top cover of the diffuser.

Image: Step 1 - Lifting the top cover of the diffuser.

2. **Insert the Power Plug:** Connect the power adapter to the DC jack located at the bottom of the diffuser.

Image: Step 2 - Inserting the power plug into the base of the diffuser.

3. **Add Water and Essential Oil:** Fill the water tank with clean tap water up to the MAX line (500ml capacity). Add 8-10 drops of your preferred essential oil directly into the water. Do not exceed the MAX water line.

Image: Step 3 - Pouring water and adding essential oil into the diffuser's water tank.

4. **Replace the Cover:** Securely place the top cover back onto the diffuser. Ensure it is properly aligned.
5. **Connect to Power:** Plug the power adapter into a wall outlet.

### 3. OPERATING INSTRUCTIONS

Your Diffuserlove aroma diffuser can be operated using the buttons on the unit or the included remote control.

Image: Overview of the remote control and the buttons on the diffuser unit.

#### Mist Control:

- **MIST Button (on unit) / ON/OFF Button (on remote):** Press once to turn on the mist.
- **Timer Settings:** Press the MIST button (or ON/OFF on remote) repeatedly to cycle through timer settings: 60 minutes, 120 minutes, 180 minutes, and continuous mode. The diffuser will automatically shut off when the timer expires or water runs out.
- **High/Low Mist:** Press and hold the MIST button (or Big/Small on remote) for 2-3 seconds until you hear a beep to switch between high and low mist output.

#### Light Control:

- **LIGHT Button (on unit) / Light Button (on remote):** Press once to turn on the LED light. The light will cycle through 7 colors automatically.
- Press again to fix the light on a specific color.
- Press and hold for 2 seconds to turn the light off.

## 4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your diffuser.

### Cleaning Instructions:

- Always unplug the diffuser before cleaning.
- Clean the diffuser after 5-6 uses or every 3-5 days to prevent mineral buildup and ensure proper function.

- Drain any remaining water from the tank.
- Wipe the inside of the water tank with a soft cloth or sponge. For stubborn residue, use a cotton swab dipped in white vinegar to gently clean the ultrasonic plate (the small ceramic disc at the bottom of the tank).
- Rinse the tank with clean water, being careful not to get water into the air outlet.
- Wipe the exterior of the diffuser with a soft, dry cloth.
- Allow all parts to air dry completely before reassembling or storing.

**Storage:**

When not in use for an extended period, clean the diffuser thoroughly, ensure it is dry, and store it in a cool, dry place away from direct sunlight.

**5. TROUBLESHOOTING**

If you encounter issues with your diffuser, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No mist output	Insufficient water; Water level too high; Ultrasonic plate dirty; Air outlet blocked; Diffuser not plugged in.	Add water (do not exceed MAX line); Clean the ultrasonic plate; Ensure air outlet is clear; Check power connection.
Weak mist output	Too much water; Water quality; Ultrasonic plate dirty.	Reduce water level; Use distilled water; Clean the ultrasonic plate.
Diffuser not turning on	No power; Adapter not connected properly.	Check power outlet; Ensure adapter is securely connected to diffuser and wall.
Remote control not working	Battery low/dead; Obstruction between remote and diffuser; Remote not pointed correctly.	Replace remote battery; Ensure clear line of sight; Point remote directly at diffuser.
Unusual noise	Water level too low; Diffuser not on a flat surface.	Add water; Place diffuser on a stable, flat surface.

**6. SPECIFICATIONS**

Feature	Detail
Brand	Diffuserlove
Model Name	DF-186

Feature	Detail
Capacity	500 Milliliters
Product Dimensions	6.6"L x 6.6"W x 4.8"H
Material	Polypropylene (PP), Acrylonitrile Butadiene Styrene (ABS)
Power Source	Corded Electric
Wattage	13 watts
Runtime	Up to 10 hours (continuous mode)
Special Features	Timer, Remote Control, Mute Design, Automatic Shut-Off, 7 Color LED Lights
Light Source Type	LED
Auto Shutoff	Yes
Item Weight	2.16 pounds
