4. BUILDING INSTRUCTIONS (USAGE)

The burgkidz building blocks are designed for intuitive assembly. Follow these general steps for construction:

1. **Select a Design:** Choose a model from the instruction booklet or create your own design.
2. **Gather Components:** Identify and collect the necessary blocks, wheels, doors, or windows for your chosen model.
3. **Connect Blocks:** Align the studs on one block with the holes on another and press firmly to connect them.
4. **Utilize Special Pieces:** Integrate wheels for vehicles, and doors/windows for houses as indicated in your design or as desired.
5. **Experiment:** The open-ended nature of building blocks encourages experimentation. Do not hesitate to try different combinations and structures.

6.2 Cleaning

To clean the building blocks, wipe them with a damp cloth and mild soap if necessary. Rinse thoroughly and allow them to air dry completely before storing. Avoid using harsh chemicals or abrasive materials, as these may damage the plastic.

7. TROUBLESHOOTING

- **Blocks are hard to separate:** Some blocks, especially new ones, may fit together very tightly. Gently twist or use a block separator tool (not included) if available. Avoid excessive force to prevent damage.
- **Missing pieces:** While quality control is maintained, if you believe pieces are missing, please contact burgkidz customer support with your purchase details.
- **Blocks not connecting properly:** Ensure the studs and holes are clean and free from debris. Verify that you are using compatible blocks if mixing with other brands.
