4. SETUP

4.1 Charging the Earphone

Before initial use, fully charge the earphone. Connect the provided USB charging cable to the earphone's charging port and the other end to a USB power source (e.g., computer, wall adapter). The charging time is approximately 2 hours.

4.2 Bluetooth Pairing

1. Ensure the earphone is fully charged and powered off.
2. Press and hold the multi-function button on the earphone until the indicator light flashes red and blue alternately, indicating pairing mode.
3. On your smartphone or Bluetooth-enabled device, navigate to the Bluetooth settings.
4. Search for available devices and select "Zerone Translator Earphone" (or similar name) from the list.
5. Once connected, the indicator light will typically turn solid blue or flash blue slowly.

4.3 Companion Application (for Translation)

To utilize the multi-language translation feature, you will need to download and install a compatible companion application on your smartphone. Refer to the packaging or product documentation for the specific app name and download instructions. Ensure your phone is connected to the internet for translation services.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **Power On:** Press and hold the multi-function button for approximately 3 seconds until the indicator light turns blue.
- **Power Off:** Press and hold the multi-function button for approximately 5 seconds until the indicator light turns red.

5.2 Music Playback

- **Play/Pause:** Short press the multi-function button.
- **Next Track:** Double-press the multi-function button.
- **Previous Track:** Triple-press the multi-function button.

5.3 Call Management

- **Answer/End Call:** Short press the multi-function button.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.

5.4 Using the Translation Function

After successfully pairing the earphone with your device and setting up the companion application:

1. Open the translation application on your smartphone.
2. Select the source and target languages within the app.
3. Activate the translation mode as instructed by the application (this may involve pressing a button on the earphone or within the app).
4. Speak clearly into the earphone's microphone. Your speech will be translated and played back through the earphone or your phone's speaker, depending on the app's settings.

Image 5.1: A conceptual image demonstrating the earphone's translation capability between two languages.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the earphone. Do not use abrasive cleaners or immerse the device in water.
- **Storage:** Store the earphone in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the earphone frequently. Charge it regularly, even if not in use for extended periods.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Earphone does not power on	Low battery	Charge the earphone for at least 30 minutes.

Problem	Possible Cause	Solution
Cannot pair with device	Earphone not in pairing mode; Bluetooth off on device; device too far	Ensure earphone is in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Move device closer to earphone (within 10m).
No sound during playback/calls	Volume too low; earphone not connected; media output not selected	Increase volume on both earphone and connected device. Re-pair the earphone. Check device's audio output settings.
Translation function not working	Companion app not open/configured; no internet connection; microphone blocked	Ensure the companion app is open and correctly configured. Verify internet connectivity. Check if the earphone's microphone is clear.
