Tupperware Clear Canister Set User Manual

MODELS: SMALL (240ML), MEDIUM (780ML), LARGE (1300ML)

1. Introduction

Thank you for choosing the Tupperware Clear Canister Set. This set includes three versatile food storage containers designed for optimal organization and freshness. Please read this manual carefully to ensure proper use and maintenance of your canisters.

Included Items:

- 1 x Small Clear Canister (240ml capacity)
- 1 x Medium Clear Canister (780ml capacity)
- 1 x Large Clear Canister (1300ml capacity)

This image displays the three clear Tupperware canisters included in the set. From left to right, they are the small (240ml), medium (780ml), and large (1300ml) sizes, each featuring a black lid.

2. Setup

Before first use, it is recommended to wash all canisters and lids thoroughly. Follow the cleaning instructions provided in the Maintenance section.

1. Remove all packaging materials and labels from the canisters and lids.
2. Wash each canister and lid by hand using warm, soapy water.
3. Rinse thoroughly with clean water.
4. Allow all components to air dry completely or dry with a clean cloth before storing or using.

3. Operating Instructions

The Tupperware Clear Canisters are designed for convenient and secure food storage.

Filling the Canister:

- Ensure the canister is clean and dry before adding contents.
- Fill the canister with your desired food item, leaving a small space at the top to allow for proper lid sealing.

Sealing the Lid:

- Place the lid squarely on top of the canister.
- Press down firmly on the center of the lid, then work your way around the edges to ensure a complete seal. You should hear a slight click or feel the lid securely attach.

Opening the Canister:

- To open, lift one edge of the lid gently until air enters and the seal breaks.
- Continue lifting around the perimeter until the lid can be easily removed.

4. Maintenance and Care

Proper care will extend the life and maintain the clarity of your Tupperware canisters.

Cleaning Instructions:

- **Hand Wash Only:** These canisters are not dishwasher safe. Wash by hand with warm, soapy water.
- Use a soft sponge or cloth to avoid scratching the clear surface.
- Rinse thoroughly to remove all soap residue.
- Dry immediately with a soft cloth or allow to air dry completely to prevent water spots.

General Care Tips:

- Avoid using abrasive cleaners or scouring pads, as these can damage the material.
- Do not use in microwave ovens, conventional ovens, or on stovetops.
- Store lids separately or loosely on top of empty canisters to prevent odors and maintain shape.
- For stubborn stains or odors, a paste of baking soda and water can be applied, left for a few hours, then washed off.

5. Troubleshooting

If you encounter any issues with your Tupperware Clear Canister Set, please refer to the following common solutions:

- **Lid is difficult to seal:**
Ensure the rim of the canister and the lid are clean and dry. Check for any food particles or debris that might be preventing a proper seal. Press firmly around the entire perimeter of the lid.
- **Lid is difficult to open:**
If the contents have created a vacuum, try gently prying up one corner of the lid to release the pressure before attempting to remove it completely.
- **Canisters retain odors:**
Wash thoroughly with warm, soapy water. For persistent odors, try soaking the canister in a solution of baking soda and water, or placing crumpled newspaper inside for a few days.
- **Canisters appear cloudy or scratched:**
Avoid using abrasive cleaning tools or harsh chemicals. Always hand wash with a soft sponge. Minor scratches are often cosmetic and do not affect functionality.

6. Specifications

Feature	Detail
Brand	Tupperware
Model Number	Tupperware_B07DLBFLFK_White
Material	Polycarbonate (PC)
Color	Clear
Capacities	Small: 240ml, Medium: 780ml, Large: 1300ml
