Travelpro Platinum Elite Softside Expandable Checked Luggage (25-Inch) Instruction Manual

INTRODUCTION

This manual provides essential information for the setup, operation, maintenance, and care of your Travelpro Platinum Elite 25-Inch Softside Expandable Checked Luggage. Please read these instructions carefully to ensure optimal performance and longevity of your product.

PRODUCT FEATURES OVERVIEW

- **Effortless Mobility:** Patented Precision Glide System with magnetic self-aligning 360° dual spinner wheels, adjustable 4-stop PowerScope extension handle, and non-slip Contour Grip.
- **Durable & Secure:** High-density nylon with DuraGuard coating for wear resistance. Tapered 2" expansion reduces tipping. Integrated TSA-compliant lock for security.
- **Organized Packing:** Built-in suiter for wrinkle-free clothes, interior tie-down system with accessory pockets, and a removable wet pocket.
- **Convenient Charging:** External USB port with a dedicated power bank pocket (power bank not included), meeting FAA regulations.
- **Dimensions:** Overall (including wheels & handles): 28"x18.5"x11.75". Case: 25"x18"x11.25". Weight: 9.8 lbs. Volume: 97 L.

SETUP

Extending the PowerScope Handle

To extend the handle, press the button located on the top of the Contour Grip. Pull the handle upwards until it locks into your desired height. The handle features a 4-stop adjustment for personalized comfort.

Setting the TSA Combination Lock

Your luggage comes with an integrated TSA-compliant lock. The default code is 0-0-0. To set your personal combination:

1. Ensure the lock is set to the default code (0-0-0).
2. Locate the small reset button (usually recessed) next to the dials. Use a pen or pointed object to press and hold this button.
3. While holding the reset button, set your desired 3-digit combination by turning the dials.
4. Release the reset button. Your new combination is now set.
5. Scramble the dials to lock the zippers. To unlock, enter your personal combination and press the release button.

**INTEGRATED TSA LOCK FOR
ADDITIONAL SECURITY**

**TIP-RESISTANT TAPERED
EXPANSION ADDS UP TO
2" PACKING CAPACITY
WHEN NEEDED**

OPERATING INSTRUCTIONS

Utilizing the Precision Glide System

The luggage is equipped with eight MagnaTrac, self-aligning, 360-degree spinner wheels. These wheels are designed to roll smoothly and effortlessly in any direction, providing superior maneuverability. Simply push or pull the luggage using the PowerScope handle, and the wheels will adjust to your movement.

Expanding Luggage Capacity

For additional packing space, locate the expansion zipper around the perimeter of the main compartment.

Unzip this section to gain up to 2 inches of extra capacity. The tapered design helps maintain stability even when expanded.

Packing and Organization

The interior of your luggage is designed for efficient organization:

- **Built-in Suiter:** Use the integrated suiter to keep garments wrinkle-free.
- **Deluxe Tie-Down System:** Secure your packed items with the adjustable tie-down straps to prevent shifting during transit.
- **Accessory Pockets:** Utilize the various internal pockets for smaller items, toiletries, or accessories.
- **Removable Wet Pocket:** A dedicated, removable pocket is included for storing damp items or toiletries, keeping them separate from dry clothing.

Using the External USB Port

An external USB port is provided for convenient charging of your electronic devices. Locate the dedicated power bank pocket inside the luggage (usually near the top handle) and connect your power bank (not included) to the internal cable. Then, connect your device to the external USB port.

MAINTENANCE

- **Fabric Care:** The high-density nylon with DuraGuard coating is water and stain resistant. For cleaning, wipe with a damp cloth and mild soap. Avoid harsh chemicals.
- **Zipper Care:** Periodically check zippers for any debris. If zippers become stiff, apply a small amount of silicone spray or wax to the teeth.
- **Wheel Maintenance:** Keep wheels free of dirt and debris. If wheels become difficult to roll, clean around the axle and apply a small amount of silicone lubricant.
- **Handle Care:** Ensure the PowerScope handle extends and retracts smoothly. Avoid forcing the handle if it encounters resistance.

TROUBLESHOOTING

- **Stuck Handle:** If the extension handle is difficult to extend or retract, ensure no items inside the luggage are obstructing the handle mechanism. Apply light pressure while pressing the release button.
- **Wheels Not Spinning Smoothly:** Check for hair, lint, or debris wrapped around the wheel axles. Clean thoroughly. If the issue persists, apply a silicone-based lubricant.
- **TSA Lock Issues:** If you forget your combination, unfortunately, there is no master reset. You may need to contact Travelpro customer support for assistance or a certified locksmith.
- **Zipper Malfunction:** If a zipper snags, gently pull the fabric away from the zipper teeth and try to move the slider. Avoid excessive force.

SPECIFICATIONS

Feature	Detail
Product Dimensions	11.25 x 18 x 25 inches
Overall Dimensions (incl. wheels & handles)	28 x 18.5 x 11.75 inches
Item Weight	9.8 pounds (4.4 Kilograms)
Capacity	97 Liters
