ONN Flexible USB LED LAMP User Manual

Model: 681131159838

1. INTRODUCTION

Thank you for choosing the ONN Flexible USB LED LAMP. This compact and versatile LED lamp is designed to provide convenient illumination wherever a USB power source is available. Its flexible body allows for easy positioning, making it ideal for various applications such as reading, working, or camping. This manual provides essential information for the proper setup, operation, and maintenance of your device.

2. PRODUCT OVERVIEW

2.1 Features

- Soft and bendable silicone body for flexible positioning.
- Soft lampshade designed to avoid direct LED light and protect eyes.
- Powered by any standard 5V USB port, eliminating the need for batteries.
- Average LED lifespan of 10,000 hours.
- Shatter-resistant design for durability.

2.2 What's in the Box

- 1 x ONN Flexible USB LED LAMP (Light Blue)

This image displays the ONN Flexible USB LED Lamp, featuring its light blue silicone body, the standard USB-A connector

at one end, and the elongated LED light panel with a soft white diffuser at the other end. The flexible design allows for easy positioning.

3. SETUP

1. Identify a compatible 5V USB power source (e.g., laptop USB port, power bank, USB wall adapter).
2. Carefully insert the USB-A connector of the ONN Flexible USB LED LAMP into the chosen USB port.
3. Adjust the flexible body of the lamp to direct the light as needed.

4. OPERATING INSTRUCTIONS

Once the ONN Flexible USB LED LAMP is securely connected to a powered USB port, it will automatically illuminate. Some models may feature a touch-sensitive switch on the lamp head for turning the light on or off. If your lamp has this feature, gently touch the designated area on the lamp head to toggle the power.

5. MAINTENANCE

- **Cleaning:** To clean the lamp, gently wipe the silicone body and LED panel with a soft, dry, lint-free cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the product.
- **Storage:** When not in use, store the lamp in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Exposure:** This product is water-resistant, but not waterproof. Avoid immersing the lamp in water or exposing it to heavy rain.

6. TROUBLESHOOTING

- **Lamp does not light up:**
 - Ensure the USB connector is fully inserted into a functional USB port.
 - Try connecting the lamp to a different USB port or power source to rule out a faulty port.
 - If your model has a touch switch, ensure it has been activated.
- **Light is dim or flickers:**
 - Verify that the USB power source is providing stable 5V power.
 - Check for any physical damage to the USB connector or the lamp's body.

7. SPECIFICATIONS

Specification	Detail
Brand	ONN
Model Number	681131159838
Color	Blue (Light Blue Shade)
Material	Silicone
Light Source Type	LED
Power Source	USB (5V)
Voltage	5 Volts

Item Weight	1 Ounce
Switch Type	Push Button (or Touch-sensitive, depending on model)
Special Feature	Shatter Resistant
Water Resistance Level	Water Resistant
Recommended Uses	Camping, Book Reading, Computer Work
Manufacturer	onn
UPC	681131159838
