## DOSS SoundBox Pro

# DOSS SoundBox Pro Bluetooth Speaker User Manual

Model: SoundBox Pro | Brand: DOSS

## 1. INTRODUCTION

---

Thank you for choosing the DOSS SoundBox Pro Bluetooth Speaker. This manual provides detailed instructions to help you set up, operate, and maintain your speaker, ensuring optimal performance and longevity. The DOSS SoundBox Pro delivers powerful 20W stereo sound with enhanced bass, multi-color light effects, and a durable, waterproof design, making it perfect for both indoor and outdoor use.

## 2. WHAT'S IN THE BOX

### Key Features:

- **Powerful Stereo Sound:** Experience 20W of immersive stereo sound with dual full-range drivers and dual passive radiators, delivering enhanced bass, tight mids, and crystal-clear highs—all without distortion, thanks to advanced DSP Technology.
- **Active Extra Bass:** Simply press the Extra Bass button to instantly boost bass and volume.
- **Wireless Stereo Pairing (TWS):** Connect two SoundBox Pro speakers to a single device for immersive stereo sound and double the volume.
- **Long Playtime:** Up to 20 hours of continuous playtime on a single charge.
- **IPX6 Waterproof:** Effortlessly resists water splashes, sprays, and rain, ideal for outdoor use.
- **Beat-Driven Light Show:** Dynamic light effects that sync to the rhythm of your music, featuring six vibrant colors and three illumination patterns.
- **Versatile Connectivity:** Bluetooth 5.0 for stable connection up to 66 feet, Aux-In, and TF card modes.

# 20W Stereo Sound

## 4. SETUP

---

### 4.1 Initial Charging

Before first use, fully charge your DOSS SoundBox Pro. Connect the provided charging cable to the DC 5V input port on the speaker and the other end to a USB power adapter (not included). The charging time is approximately 6 hours.

### 4.2 Bluetooth Pairing

1. Power on the speaker by pressing and holding the **Power** button. The LED indicator will flash blue, indicating it's in pairing mode.
2. Enable Bluetooth on your device (smartphone, tablet, etc.).
3. Search for "DOSS SoundBox Pro" in your device's Bluetooth list and select it to connect.
4. Once connected, the LED indicator will turn solid blue, and you will hear an audible confirmation.

# Bluetooth 5.0

Get the music pumping up to 66 feet

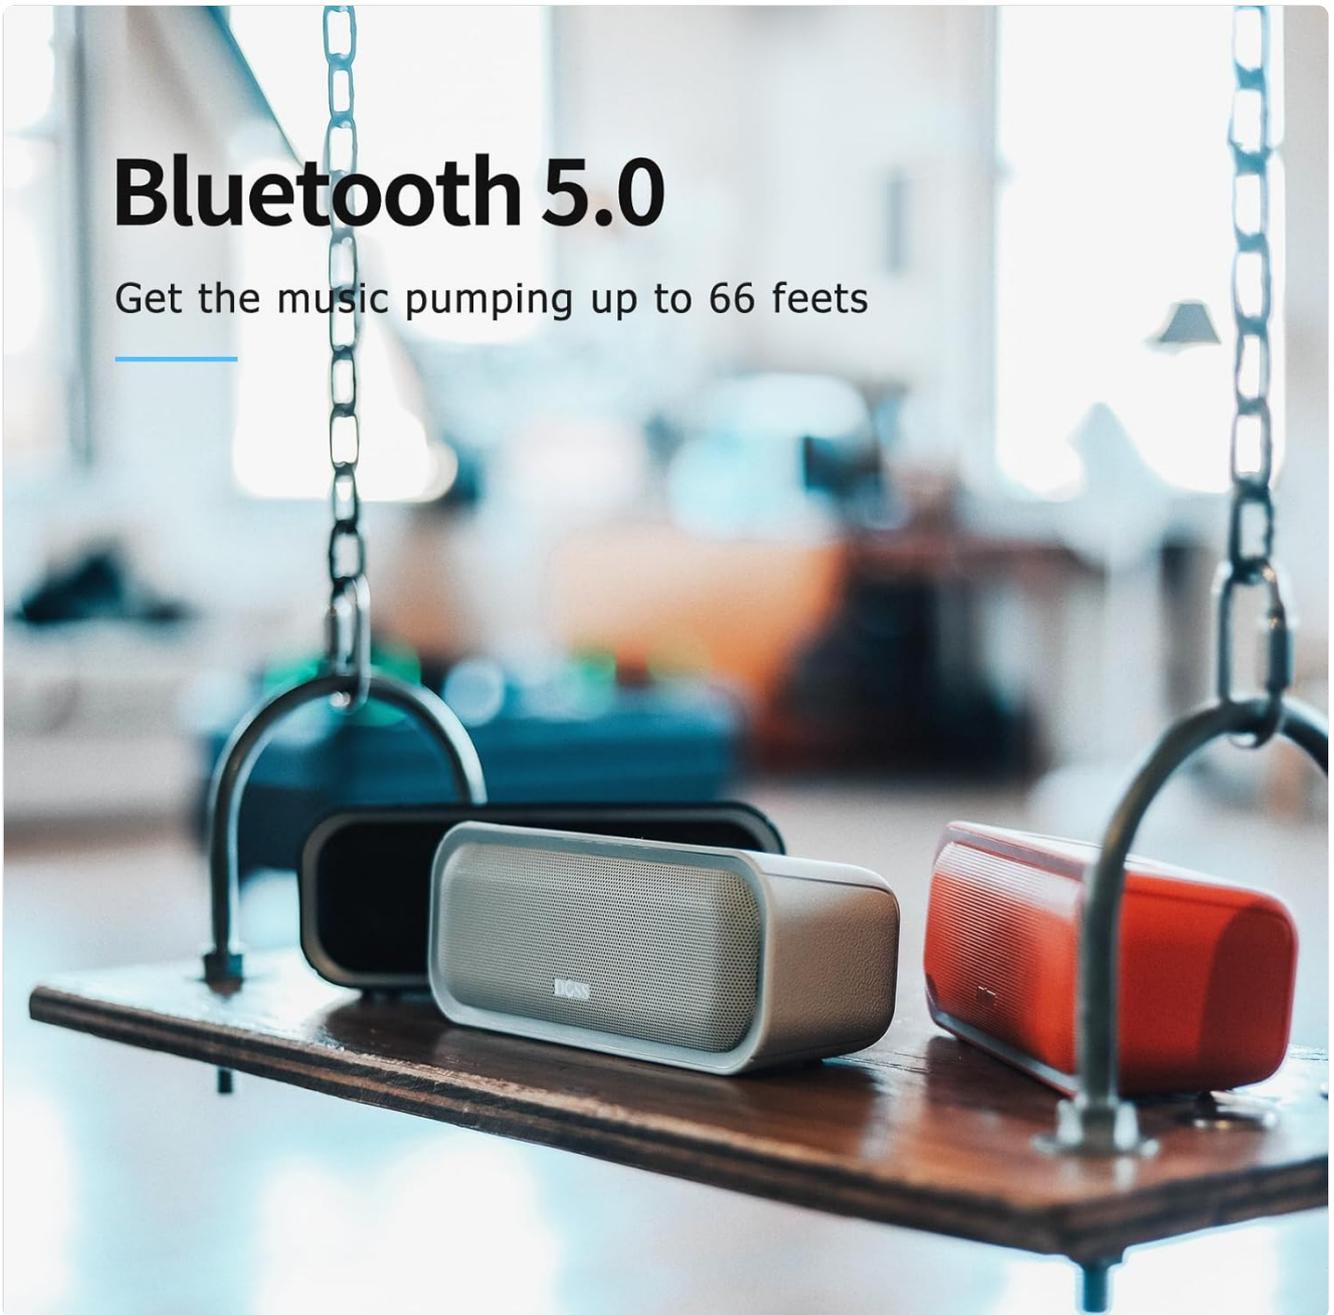

Figure 4.1: Bluetooth 5.0 provides a stable connection up to 66 feet.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Basic Controls

- **Power On/Off:** Press and hold the **Power** button.
- **Volume Up/Down:** Press the **+** or **-** buttons.
- **Play/Pause:** Press the **Play/Pause** button.
- **Next/Previous Track:** Press and hold the **+** or **-** buttons.
- **Mode Button:** Press the **MODE** button to switch between Bluetooth, Aux-In, and TF Card modes.

### 5.2 Extra Bass Function

Press the **EXTRA BASS** button on the top of the speaker to activate or deactivate the enhanced bass mode. This provides a deeper, punchier sound experience.

### 5.3 Light Modes

The DOSS SoundBox Pro features dynamic LED lights that sync with your music. Press the **Light Mode** button (often integrated with the Extra Bass button or a separate dedicated button, refer to your specific unit's markings) to cycle through six vibrant colors and three illumination patterns.

Figure 5.1: Beat-synched lights with multiple color options.

#### 5.4 Wireless Stereo Pairing (TWS)

To achieve true wireless stereo sound, you can pair two DOSS SoundBox Pro speakers:

1. Ensure both speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker (this will be the primary speaker), press and hold the **ADD** button (or TWS button if available) until you hear a prompt.
3. The primary speaker will search for the secondary speaker. Once found, they will automatically connect, and you will hear a confirmation sound.
4. Now, connect your device to the primary speaker via Bluetooth. Both speakers will play audio in stereo.

## Stereo Pairing

Pair 2 speakers for music and volume on the double

Figure 5.2: Pair two speakers for double the music and volume.

## 6. MAINTENANCE

---

### 6.1 Cleaning

Wipe the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure all ports are dry before charging after exposure to water.

### 6.2 Storage

Store the speaker in a cool, dry place away from extreme temperatures and direct sunlight. If storing for an extended period, charge the battery every 3 months to maintain its lifespan.

## 7. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Speaker won't turn on	Low battery	Charge the speaker fully.
Cannot pair with Bluetooth device	Speaker not in pairing mode / Device Bluetooth off / Too far from speaker	Ensure speaker is in pairing mode (flashing blue LED). Turn on Bluetooth on your device. Move device closer to speaker (within 66 feet).
No sound / Low volume	Volume too low on speaker or device / Incorrect mode selected	Increase volume on both speaker and device. Press MODE button to select correct input source (Bluetooth, Aux-In, TF Card).
Sound distortion	Volume too high / Low battery	Reduce volume. Charge the speaker.
TWS pairing failed	Speakers already paired to other devices / Too far apart	Ensure both speakers are disconnected from other devices. Place speakers close to each other during TWS pairing.
