

Fisher-Price FWG15

Fisher-Price Laugh & Learn Controller FWG15 Instruction Manual

Model: FWG15

INTRODUCTION

The Fisher-Price Laugh & Learn Controller FWG15 is an interactive toy designed for children aged 6 months and older. This controller features two distinct play modes and various hands-on activities to engage young learners. By interacting with the joystick, ABCD buttons, and number pad, children are introduced to numbers, shapes, colors, and the alphabet through cheerful songs, sounds, and phrases.

This toy supports early developmental milestones by encouraging fine motor skills as children grasp, press, turn, and pull its manual components. Its realistic design also fosters early role-playing and stimulates imagination.

SETUP

Battery Installation

The Fisher-Price Laugh & Learn Controller requires 3 AAA batteries for operation. These batteries are included with the product.

1. Locate the battery compartment on the back of the controller.
2. Using a Phillips head screwdriver, loosen the screw on the battery compartment cover.
3. Remove the cover.
4. Insert 3 new AAA batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
5. Replace the battery compartment cover and tighten the screw.

Power On/Off and Volume Control

To power on the controller, locate the power switch, usually on the back or side. The controller also features a volume control lever, typically located on the back, allowing you to adjust the sound level.

OPERATING INSTRUCTIONS

The controller offers two interactive play modes to enhance learning and engagement.

Interactive Elements

- **ABCD Buttons:** Press the colorful A, B, C, and D buttons to hear letters, colors, and shapes. The controller's face will light up in corresponding colors.
- **Number Pad:** The red directional pad features numbers 1, 2, 3, and 4. Press these buttons to learn numbers and counting.
- **Joystick:** Move the blue joystick to activate sounds and phrases.
- **Click-Clack Pad:** The orange and purple click-clack pad on the top of the controller can be moved to stimulate

additional fine motor skills and produce sounds.

- **Light-Up Face:** The controller's central face lights up in various colors in response to button presses and joystick movements, providing visual feedback.

MAINTENANCE

Cleaning

To clean the controller, wipe it with a damp cloth. Do not immerse the toy in water or use harsh cleaning agents, as this may damage the electronic components.

Battery Care

Remove batteries if the toy will not be used for an extended period. Dispose of used batteries responsibly. Do not mix old and new batteries, or different types of batteries.

TROUBLESHOOTING

No Sound or Lights

- Ensure the power switch is in the 'On' position.
- Check the battery compartment to ensure batteries are correctly installed and not depleted. Replace with fresh AAA batteries if necessary.

- Verify the volume control is not set to the lowest setting.

Intermittent Functionality

- This may indicate low battery power. Replace batteries.
- Ensure the toy is clean and free from debris that might obstruct buttons or switches.

SPECIFICATIONS
