4. Initial Setup

4.1 Charging the Device

Before first use, ensure the tablet is fully charged. Connect the AC Power Adaptor to the DC power input port on the tablet and plug it into a wall outlet.

4.2 Powering On and Initial Windows Setup

1. Press and hold the Power button (located on the side of the tablet) until the screen illuminates.
2. Follow the on-screen prompts to complete the Windows 10 initial setup. This includes selecting your region, language, and setting up a user account.
3. During Windows activation, if you encounter any issues, please contact AWOW customer service for assistance.

4.3 Attaching the Detachable Keyboard

Align the 5-PIN keyboard interface on the tablet with the corresponding connector on the detachable keyboard. Gently push the tablet down until it securely connects to the keyboard. The magnetic connection will help guide it into place.

5. Operating Instructions

5.1 Switching Between Tablet and Laptop Mode

The device automatically detects when the keyboard is attached or detached, switching between laptop mode (with keyboard) and tablet mode (without keyboard). In tablet mode, the touchscreen interface is optimized for touch input.

5.2 Using the Touchscreen

The 10.1-inch IPS display supports multi-touch gestures. Use your fingers to navigate, tap to select, pinch to zoom, and swipe for scrolling. For optimal viewing, the IPS display offers a 178-degree wide viewing angle.

6. Maintenance

6.1 Cleaning

To clean the screen, use a soft, lint-free cloth. For stubborn marks, slightly dampen the cloth with water or a screen-cleaning solution. Avoid harsh chemicals or abrasive materials. For the keyboard and body, use a dry, soft cloth.

6.2 Storage

Store the device in a cool, dry place away from direct sunlight and extreme temperatures. If storing for an extended period, ensure the battery is charged to approximately 50% to prolong its lifespan.

7. Troubleshooting

If you encounter issues with your AWOW Tablet PC, refer to the following common solutions:

- **Device Not Powering On:** Ensure the device is charged. Connect the AC adapter and try powering on again.
- **Slow Performance:** Close unnecessary applications. Check for Windows updates and ensure sufficient free storage space.
- **Keyboard Not Responding:** Ensure the keyboard is securely attached to the tablet's 5-PIN interface. Detach and reattach the keyboard. Restarting the device may also resolve the issue.

- **Windows Activation Issues:** If you experience problems with Windows activation, please contact AWOW customer service directly for support.
- **Wi-Fi Connectivity Problems:** Check your router and internet connection. Ensure Wi-Fi is enabled on the tablet and try reconnecting to the network.
