### Pro Breeze PB P02F

# Pro Breeze Small HEPA Air Purifier (Model PB P02F) Instruction Manual

Model: PB P02F

## INTRODUCTION

Thank you for choosing the Pro Breeze Small HEPA Air Purifier. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your device. Please read it thoroughly before use and retain it for future reference.

Image: The Pro Breeze Small HEPA Air Purifier, a compact white cylindrical device with a blue LED light band, designed for personal air

purification.

## IMPORTANT SAFETY INSTRUCTIONS

---

- Read all instructions before operating the appliance.
- Ensure the power supply matches the voltage specified on the rating label.
- Do not operate the appliance with a damaged cord or plug.
- Keep the appliance away from water or other liquids.
- Do not insert objects into the air inlet or outlet.
- Unplug the appliance before cleaning or performing any maintenance.
- This appliance is for indoor use only.
- Keep out of reach of children.

## PRODUCT FEATURES

---

- **True HEPA Filter:** Captures 99.7% of airborne particles as small as 0.3 microns, including dust, pollen, smoke, and pet dander.
- **Pre-Filter:** Traps larger particles, extending the life of the HEPA filter.
- **USB Powered:** Convenient power options for use in various locations.
- **Integrated Night Light:** Provides a soft glow, ideal for bedrooms.
- **Compact Design:** Suitable for personal spaces, desktops, and small rooms.

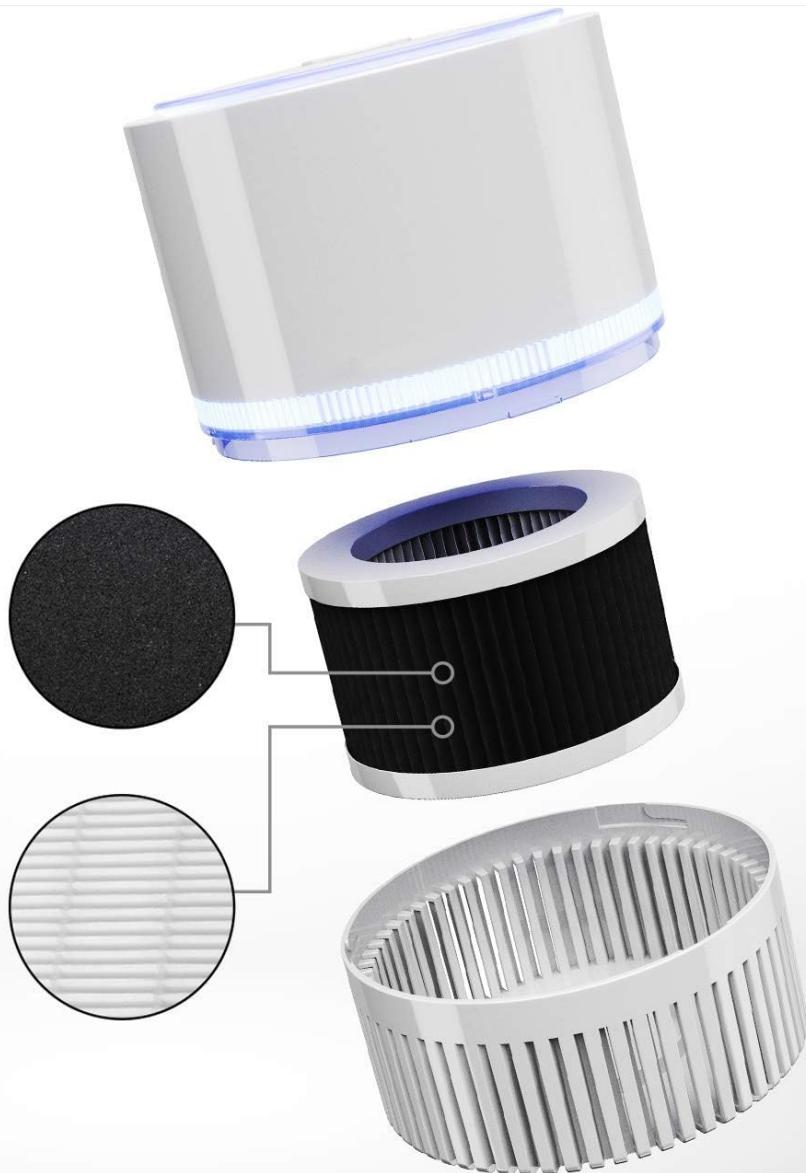

## Personal Air Purifier.

Image: The Pro Breeze air purifier positioned on a desk, illustrating its use as a personal air purification device in a home or office setting.

# Multi-Layer Filter.

## Pre-filter

Captures large airborne particles including dust and pet dander

## True HEPA Filter

Traps particles as small as 0.3 microns including pollen and other allergy triggers

Image: An exploded view illustrating the multi-layer filtration system, comprising a pre-filter for large particles and a True HEPA filter for microscopic allergens.

## SETUP

- 1. Unpack:** Carefully remove the air purifier from its packaging.
- 2. Filter Installation:**
  - Turn the unit upside down and twist the base counter-clockwise to unlock.
  - Remove the filter from its protective plastic bag.
  - Insert the filter back into the unit, ensuring it is seated correctly.
  - Replace the base and twist clockwise to lock it securely.
- 3. Placement:** Place the air purifier on a flat, stable surface. Ensure there is adequate space around the air inlet and outlet for optimal airflow.
- 4. Power Connection:** Connect the provided USB cable to the air purifier and then to a compatible USB power source (e.g., computer, USB wall adapter, power bank).

## USB & AC Power

The air purifier is powered by a convenient 6ft USB cable

Image: Detail of the USB and AC power input, highlighting the flexible power options for the device.

### OPERATING INSTRUCTIONS

- Power On/Off:** Press the power button located on the top of the unit to turn the air purifier on or off. The blue LED night light will illuminate when the unit is on.
- Night Light Control:** Some models allow the night light to be turned off independently. If your model supports this, press and hold the power button for a few seconds to toggle the night light on or off while the purifier continues to operate. Refer to your specific model's instructions if this feature is not immediately apparent.

# Perfect for work and home.

Compact and  
portable design  
so you can bring  
it where you  
need it most

Image: A top-down view of the air purifier, highlighting the simple one-button control for operation.

# Night Light.

Perfect for children and babies' bedrooms – ensure a peaceful and undisturbed night's sleep by creating a halo of clean, purified air

Image: The air purifier functioning as a night light, emitting a soft blue glow in a bedroom setting.

## MAINTENANCE

### Filter Replacement

The HEPA filter (Model: PB-P02F) should be replaced every 3-6 months, depending on usage and air quality. A dirty filter can reduce the purifier's efficiency.

1. Unplug the air purifier from the power source.
2. Turn the unit upside down and twist the base counter-clockwise to unlock.
3. Remove the old filter.
4. Insert a new Pro Breeze Replacement Filter (PB-P02F) into the unit.
5. Replace the base and twist clockwise to lock it securely.
6. Dispose of the old filter responsibly.

## Cleaning the Exterior

- Ensure the unit is unplugged before cleaning.
- Wipe the exterior surfaces with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Do not allow water to enter the interior of the unit.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not turn on.	Not plugged in or power source issue.	Ensure the USB cable is securely connected to both the unit and a working power source. Try a different USB port or adapter.
Airflow is weak or purification is ineffective.	Clogged filter.	Check and replace the filter (PB-P02F) if it appears dirty or has been in use for over 3-6 months.
Unusual noise during operation.	Obstruction in fan or improper filter installation.	Unplug the unit and check for any foreign objects. Ensure the filter is correctly seated and the base is locked.
Night light not working.	Light function turned off or malfunction.	If your model has a separate night light control, ensure it is activated. If not, contact customer support.

## SPECIFICATIONS

- **Model:** PB P02F
- **Brand:** Pro Breeze
- **Color:** Mini (White)
- **Product Dimensions:** 4.92"D x 4.92"W x 5.3"H (12.5cm x 12.5cm x 13.5cm)
- **Item Weight:** 1.06 pounds
- **Noise Level:** 10 Decibels
- **Particle Retention Size:** 0.3 Micron
- **Controller Type:** Button Control
- **Wattage:** 3 watts
- **Filter Type:** True HEPA with Pre-Filter (Replacement Filter: PB-P02F)

# Specification.

CADR: 12m<sup>3</sup>/h

- Effective for your personal area
