Hbada B07DWVCG4P

Hbada Ergonomic Mesh Office Chair Instruction Manual

Model: B07DWVCG4P

1. PRODUCT OVERVIEW

The Hbada Ergonomic Mesh Office Chair is designed for comfort and support during extended periods of sitting. It features a breathable mesh back, adjustable lumbar support, a movable headrest, and various other customizable settings to suit individual preferences and body types.

2. SETUP AND ASSEMBLY

Your Hbada office chair requires assembly. Please follow the included Japanese assembly manual for detailed, step-by-step instructions. Dedicated tools for assembly are provided in the package.

General Assembly Steps:

1. Unpack all components and verify against the parts list in the manual.
2. Attach the casters to the chair base.
3. Insert the gas lift cylinder into the center of the base.
4. Assemble the seat and backrest components according to the manual's diagrams.
5. Attach the assembled seat and backrest to the gas lift cylinder.
6. Install the armrests and headrest.
7. Ensure all screws are securely tightened before use.

Note: Pay close attention to the orientation of parts, especially when attaching the backrest to the seat mechanism.

3. OPERATING AND ADJUSTMENTS

The Hbada office chair offers multiple adjustment features to optimize your seating experience.

3.1. Seat Height Adjustment

To adjust the seat height, locate the rearmost lever on the right side of the seat base.

- **To Raise the Seat:** Lift your body slightly off the seat and pull the lever upwards. The seat will rise. Release the lever at your desired height.
- **To Lower the Seat:** Remain seated and pull the same lever upwards. The seat will lower. Release the lever at your desired height.

3.2. Lumbar Support Adjustment

The chair features an independent, movable lumbar support designed to conform to your body's natural curve, adapting to various heights and body types. The butterfly wing design helps distribute pressure.

3.3. Seat Depth Adjustment

The seat offers 7cm of depth adjustment to accommodate different leg lengths and preferences. This feature allows you to slide the seat forward or backward.

3.4. Reclining Function (Rocking)

The chair allows for approximately 125 degrees of rocking motion. This feature helps relieve tension and provides a comfortable resting position.

3.5. Armrest Adjustment

The armrests are height-adjustable with 10 steps, allowing for up to 8cm of vertical adjustment to match your body height and desk setup.

3.6. Headrest Adjustment

The movable headrest can be adjusted vertically and rotated by 30 degrees to provide multi-angle support for your head and neck.

3年間保証

全商品 安心・1095日間・サポート

4. MAINTENANCE

Proper maintenance ensures the longevity and performance of your Hbada office chair.

- **Cleaning the Mesh:** The mesh material is breathable and durable. For general cleaning, wipe with a damp cloth. For deeper cleaning, hand wash only. Avoid harsh chemicals or abrasive cleaners.
- **Cleaning Metal Parts:** Wipe the aluminum alloy base and other metal components with a soft, dry cloth. If necessary, use a slightly damp cloth with mild soap, then dry thoroughly.
- **Casters:** Periodically check the nylon casters for any accumulated dust or hair and clean them to ensure smooth movement.
- **Fasteners:** Occasionally check all screws and bolts to ensure they remain tight. Retighten if necessary.

5. TROUBLESHOOTING

If you encounter any issues with your Hbada office chair, please refer to the following common troubleshooting tips:

- **Seat Height Not Adjusting:** Ensure the gas lift lever is fully engaged. If the issue persists, the gas lift cylinder may need replacement. Contact customer support.
- **Chair Squeaks or Wobbles:** Check all assembly screws and bolts. Tighten any loose connections. Applying a small amount of lubricant to moving parts (e.g., rocking mechanism) may also help.
- **Casters Not Rolling Smoothly:** Inspect casters for debris (hair, lint) and clean them. Ensure the floor surface is suitable for casters.
- **Lumbar Support Feels Ineffective:** Re-adjust the lumbar support to ensure it is positioned correctly for your back. Experiment with different heights and depths if applicable.

If these steps do not resolve the issue, please contact Hbada customer support for further assistance.

6. SPECIFICATIONS

Image 6.1: Detailed dimensions of the Hbada Ergonomic Mesh Office Chair.

Feature	Detail
Product Dimensions (W x D x H)	70 x 47 x 114-124 cm
Seat Height Range	44-54 cm
