SETUP AND INSTALLATION

Follow these steps for proper installation of your XTRONS HD908D headrest DVD player:

Extensive Connectivity with HD Port

Image: Step-by-step installation guide for the XTRONS HD908D headrest DVD player, illustrating the process from removing the original headrest to connecting the power supply.

1. **Remove Original Headrest:** Carefully remove the existing headrest from your car seat.
2. **Insert Steel Tube:** Take the steel tube from the accessory kit and insert it into the headrest player.
3. **Select Plastic Pipe:** Check the size of the original car headrest's pole and select a suitable plastic pipe from the accessory kit for installation.
4. **No Plastic Pipe Needed:** If the size of the original pole matches the provided pole of the machine, no plastic pipe is required.
5. **Pass Extension Cable:** Pass the installation extension cable through the pole hole to the car seat, and pull out the joint from under the car seat by hand.
6. **Connect Power Cable:** Connect one end of the extension cable to the headrest player and the other end to the power cable.
7. **Connect to Power Supply:** Connect the power cable through the car charger or ACC power supply. Refer to the wiring diagram for correct connections (Cigarette Lighter Port, ACC, GND, Video/Audio Input, Video/Audio Output).

OPERATING INSTRUCTIONS

Playing DVDs and CDs

The HD908D features a convenient slot-load disc drive. Simply insert your DVD or CD into the slot. The player will automatically detect the disc and begin playback. Use the touch buttons on the unit or the provided remote control to navigate menus, play, pause, skip tracks, and adjust volume.

Slot-Load Disc Drive

HDMI Connectivity

Utilize the built-in HDMI port to connect external devices such as smartphones, tablets, gaming consoles (Xbox, Nintendo

Switch), or other media players. This allows you to mirror content from your device onto the 9-inch screen for a larger viewing experience.

Extensive Connectivity with HD Port

Image: Illustration of the extensive connectivity options provided by the HD port, including how to connect mobile phones and tablets to the headrest player.

Gaming and Multimedia

The system supports 32-bit games, providing entertainment for passengers. Additionally, it supports various audio and video formats, ensuring a wide range of multimedia playback capabilities.

Support 32 Bit Games

Support Audios & Videos

Simultaneous Playback

The dual headrest players can play the same DVD simultaneously, or each unit can play a different DVD independently, offering flexible entertainment options for multiple passengers.

MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior of the unit. For stubborn marks, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive cleaners.
- **Disc Care:** Handle discs by their edges to prevent fingerprints and scratches. Store discs in their cases when not in use.

- **Storage:** When not in use, especially for extended periods, utilize the detachable zipper flap cover to protect the screen and unit from dust and damage.
- **Temperature:** Avoid exposing the unit to extreme temperatures, direct sunlight for prolonged periods, or high humidity.

TROUBLESHOOTING

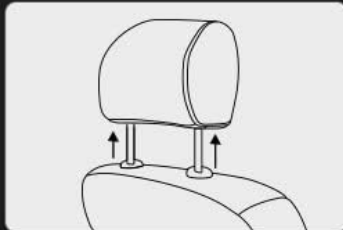

Problem	Possible Cause	Solution
No Power	Power cable not connected properly; vehicle's power outlet issue.	Check all power connections. Ensure the car's ignition is on if connected to ACC power. Test the power outlet with another device.
Disc Not Playing	Disc is dirty, scratched, or incompatible format.	Clean the disc with a soft cloth. Try a different disc. Verify the disc format is supported (AVI, DVD, CD, etc.).
No Sound	Volume too low; audio cable disconnected; incorrect audio output selected.	Increase volume. Check audio cable connections. Ensure correct audio output mode is selected (e.g., internal speakers, external headphones).
Poor Picture Quality	Dirty screen; low-quality video source; incorrect display settings.	Clean the screen. Use a higher quality video source. Adjust display settings (brightness, contrast) if available.

PRODUCT SPECIFICATIONS
