SETUP

Charging the Device

1. Connect the provided USB charging cable to the charging port on the speaker.
2. Plug the other end of the USB cable into a compatible USB power adapter (not included) or a computer's USB port.
3. The charging indicator light (if present) will typically illuminate red during charging and turn green when fully charged.
4. Allow approximately 4-6 hours for a full charge before first use.

Powering On/Off

- To power on the speaker, press and hold the power button located on the side of the unit or use the 'ON' button on the remote control.
- To power off, press and hold the power button again or use the 'OFF' button on the remote control.

OPERATING INSTRUCTIONS

Bluetooth Pairing

1. Ensure the speaker is powered on.
2. Activate Bluetooth on your smartphone, tablet, or other compatible device.
3. Search for available Bluetooth devices. The speaker will appear as 'SO PLAY' or similar.
4. Select 'SO PLAY' from the list to initiate pairing. A confirmation sound may indicate successful pairing.
5. Once paired, you can stream audio from your device to the speaker.

LED Light Control

Use the provided remote control to manage the LED lighting:

- **ON/OFF:** Turn the light on or off.
- **R, G, B, W:** Select Red, Green, Blue, or White light.
- **Color Buttons:** Additional buttons for various preset colors.
- **Brightness Control:** Use the up/down arrows to adjust the light intensity.
- **Mode Buttons (M I, M II, M III):** Cycle through different light modes (e.g., fade, flash, strobe).

Image: Lumisky SO PLAY Remote Control. This remote allows users to control both the speaker's LED lighting and audio playback functions.

Audio Playback

Once paired via Bluetooth, you can control audio playback directly from your connected device or using the remote control:

- **Play/Pause:** Use the Play/Pause button on the remote.
- **Next/Previous Track:** Use the skip buttons on the remote.
- **Volume Control:** Adjust volume using the volume up/down buttons on the remote or directly from your connected device.

CARE AND MAINTENANCE

Cleaning

- Ensure the speaker is powered off and disconnected from the charging cable before cleaning.
- Wipe the surface with a soft, damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals.
- Avoid getting water into the charging port when cleaning, despite its waterproof rating.

Water Resistance

The Lumisky SO PLAY speaker is designed to be waterproof, making it suitable for outdoor use and exposure to splashes. However, it is not intended for prolonged submersion in water. Ensure the charging port cover (if present) is securely closed when exposed to moisture.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery; Power button not pressed correctly.	Charge the speaker fully. Press and hold the power button for a few seconds.

Problem	Possible Cause	Solution
Bluetooth not connecting.	Speaker not in pairing mode; Device Bluetooth off; Speaker too far from device.	Ensure speaker is on and in pairing mode. Turn Bluetooth off/on on your device. Move device closer to speaker (within 10 meters).
No sound or poor sound quality.	Volume too low; Device not properly paired; Interference.	Increase volume on both speaker and connected device. Re-pair the device. Move away from other electronic devices.
LED light not working.	Light turned off; Remote battery low; Speaker battery low.	Press the 'ON' button on the remote. Replace remote battery if necessary. Charge the speaker.
