Xtricity 1-50061

Xtricity LED Puck Light Bulb Instruction Manual

Model: 1-50061

1. Introduction

This manual provides essential information for the safe and effective use of your Xtricity LED Puck Light Bulb. Please read these instructions thoroughly before installation and operation. Retain this manual for future reference.

2. Safety Information

Observe the following safety precautions to prevent injury or damage:

- **Power Disconnection:** Always disconnect power to the fixture before installing, removing, or servicing the bulb.
- **Voltage Compatibility:** Ensure the fixture's voltage (120V) matches the bulb's requirements.
- **Indoor Use:** This bulb is designed for indoor use in dry or damp locations. Do not expose to direct water or extreme outdoor conditions.
- **Dimmable Feature:** Use only with compatible LED dimmers to ensure proper functionality and prevent damage.
- **Heat:** Although LED bulbs produce less heat than incandescent bulbs, they can still be warm to the touch. Allow the bulb to cool before handling.
- **Disposal:** Dispose of used bulbs according to local regulations.

3. Setup and Installation

The Xtricity LED Puck Light Bulb features a standard E26 medium screw base for easy installation.

1. **Turn off Power:** Locate the light switch or circuit breaker controlling the fixture and turn off the power.
2. **Remove Old Bulb:** Carefully unscrew the existing bulb from the fixture.
3. **Install New Bulb:** Screw the Xtricity LED Puck Light Bulb into the E26 socket until it is finger-tight. Do not overtighten.
4. **Restore Power:** Turn the power back on at the switch or circuit breaker.

4. Operating Instructions

The Xtricity LED Puck Light Bulb provides 4000K Cool White illumination and is dimmable for adjustable brightness.

- **Turning On/Off:** Use the standard light switch connected to your fixture.
- **Dimming:** If connected to a compatible LED dimmer switch, adjust the dimmer to achieve the desired light intensity. The bulb supports dimming from 25% to 100% brightness.
- **Light Color:** The bulb emits a 4000K Cool White light, suitable for task lighting and general illumination in various indoor settings.

5. Maintenance

The Xtricity LED Puck Light Bulb is designed for long-lasting performance with minimal maintenance.

- **Cleaning:** Ensure the power is off and the bulb is cool before cleaning. Wipe the bulb with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Lifespan:** This LED bulb has an average lifespan of 25,000 hours, significantly longer than traditional incandescent bulbs.
- **Energy Efficiency:** The bulb consumes only 11 watts, providing an 85% energy saving compared to a 60-watt incandescent equivalent.

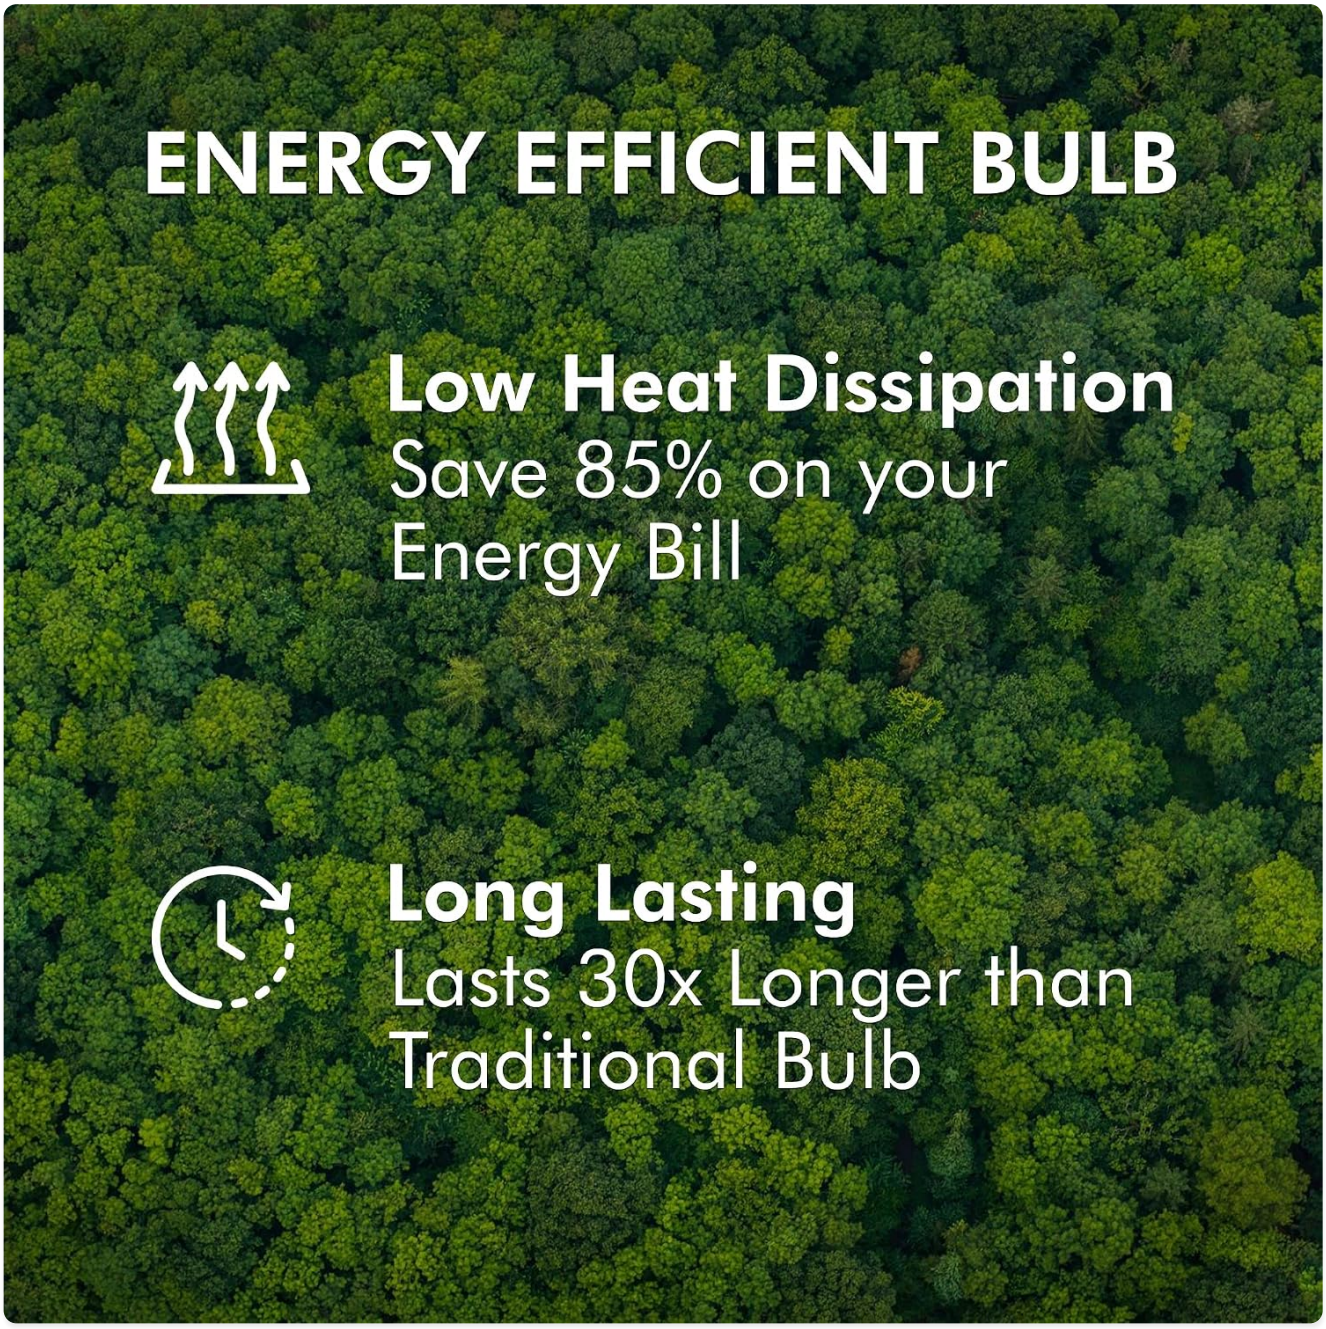

Image 5: Energy efficiency and longevity benefits.

6. Troubleshooting

If you encounter issues with your LED Puck Light Bulb, consider the following:

- **Bulb Not Lighting:**
  - Ensure the power switch is on.
  - Check if the bulb is screwed in securely.
  - Verify that the circuit breaker has not tripped.
  - Test the bulb in another working fixture to confirm if the bulb or fixture is the issue.
- **Flickering:**
  - Ensure you are using an LED-compatible dimmer switch. Incompatible dimmers can cause flickering.
  - Check for loose connections in the fixture or switch.
- **Dim Light Output:**

- If using a dimmer, ensure it is set to the maximum brightness.
- Confirm the bulb's specifications (800 lumens) meet your lighting needs.

7. Specifications

Image 6: Key product specifications at a glance.

Feature	Specification
Brand	Xtricity
Model Number	1-50061
Light Type	LED
Special Features	Dimmable, Low Profile
Wattage	11 Watts

Feature	Specification
Incandescent Equivalent	60 Watts
Bulb Base	E26
Light Color	Cool White
Color Temperature	4000 Kelvin
Brightness	800 Lumens
Voltage	120 Volts
Average Life	25,000 Hours
Shape	Puck
Material	Plastic
Indoor/Outdoor Usage	Indoor
Product Dimensions	3 x 3 x 2.5 inches
Certifications	UL Listed, RoHS, FCC
