

Shynerk SH-M-01

Shynerk Baby Car Mirror SH-M-01 Instruction Manual

Model: SH-M-01

1. INTRODUCTION

Thank you for choosing the Shynerk Baby Car Mirror. This manual provides essential information for the safe and effective use of your new car mirror. Please read these instructions carefully before installation and use, and retain them for future reference.

2. SAFETY INFORMATION

- **Shatterproof Design:** The mirror features shatterproof acrylic glass for enhanced safety, ensuring it remains intact even in the event of a crash or accident.
- **Secure Installation:** Always ensure the mirror is strongly tied up by heavy-duty straps and securely fastened to the headrest to prevent movement during travel.
- **Proper Positioning:** Position the mirror to provide a clear view of your baby without obstructing your view of the road or creating a distraction while driving.
- **Regular Checks:** Periodically check the mirror's attachment and stability to ensure it remains securely in place.

3. PRODUCT FEATURES

- **Extra Wide Crystal Clear View:** Provides a broad and clear reflection of your rear-facing infant.
- **360 Degree Adjustable Rotation:** Easily pivot the mirror to your desired viewing angle for optimal visibility.
- **Durable Construction:** Made with a durable plastic frame and reinforced stitching on straps for longevity.
- **Universal Fit:** Designed to fit most cars, trucks, vans, and SUVs with adjustable headrests.

CONVEX SHAPED MIRROR

COMES FULLY ASSEMBLED

Figure 1: Key features of the Shynerk Baby Car Mirror, including its shatterproof surface, durable frame, 360-degree adjustability, and convex shape.

Don't worry! We have designed our mirror to come fully assembled with a Ball-and-Socket pivot. Stronger than ever before and durable enough to last for years.

Figure 2: The robust ball-and-socket pivot mechanism ensures secure and flexible mirror positioning.

Figure 3: Reinforced stitching provides stronger and more durable straps to prevent rupture and detachment.

4. SETUP AND INSTALLATION

The Shynerk Baby Car Mirror is designed for easy and quick installation. Follow these steps to set up your mirror:

1. **Assemble the Mirror:** The mirror comes fully assembled with a ball-and-socket pivot. Ensure the pivot is securely attached to the mirror backplate.
2. **Attach to Headrest:** Place the mirror's backplate against the rear seat headrest.
3. **Secure Straps:** Wrap the two adjustable straps around the headrest. Fasten the buckles and tighten the straps firmly to prevent any wobbling or slipping.
4. **Adjust Angle:** From the driver's seat, adjust the mirror's angle using the 360-degree rotation feature until you have a clear view of your baby in their rear-facing car seat.

Easy to Install

Figure 4: Visual guide for installing the mirror: Step 1 - Attach base, Step 2 - Secure pivot, Step 3 - Strap to headrest, Step 4 - Adjust mirror.

Mirror swivels to any angle and securely holds your desired view.

Two clips make it easy to install in seconds

5. OPERATING INSTRUCTIONS

Once installed, the Shynerk Baby Car Mirror allows you to monitor your rear-facing infant with ease. The mirror's convex shape provides a wide field of view, minimizing blind spots.

- **Quick Glance Monitoring:** Use your car's rearview mirror to observe your baby in the Shynerk mirror. This allows you to check on them without turning your head, enhancing driving safety.
- **Adjusting View:** If your baby's position changes or you need a different angle, gently pivot the mirror on its ball-and-socket joint until you achieve the desired view. No need to uninstall or reinstall.

BABY REARVIEW MIRROR

Video 3: This video demonstrates the mirror's placement and how it appears from the driver's perspective, showing a clear view of the baby in the car seat.

6. MAINTENANCE

- **Cleaning:** Wipe the mirror surface with a soft, damp cloth. Avoid abrasive cleaners or materials that could scratch the acrylic.
- **Storage:** If removing the mirror for extended periods, store it in a clean, dry place away from direct sunlight to prevent material degradation.

7. TROUBLESHOOTING

- **Mirror is Wobbly:** Ensure all straps are tightened securely around the headrest. The ball-and-socket joint should also be firm.
- **Poor Visibility:** Adjust the mirror's angle and position to optimize the view of your baby. Ensure no objects are obstructing the line of sight.
- **Mirror Detaches:** Re-fasten the straps and buckles, ensuring they are correctly threaded and tightened. Check for any damage to the straps or buckles.

8. SPECIFICATIONS

Feature	Detail
Model Number	SH-M-01
Dimensions (L x W x H)	11.4 x 7.5 x 1.1 inches
Item Weight	1.1 pounds (0.5 Kilograms)
