### 3. PRODUCT OVERVIEW AND FEATURES

The YOCEWECA Personal Voice Amplifier M800BK is a versatile device designed for clear and loud voice projection. It combines powerful amplification with multiple connectivity options and a durable, water-resistant design.

#### Key Features:

- **Powerful Voice Amplification:** 18W output covering up to 10,000 sq.ft, suitable for 50 to 150 people.
- **Rechargeable Battery:** Built-in 4400mAh lithium battery provides 10-12 hours of continuous use, fully charged in 3-5 hours.
- **Multi-purpose PA System:** Supports One-key Recording, Bluetooth, Aux-in, TF card, and U disk.

Functions as both a voice amplifier and a portable Bluetooth speaker.

- **IPX5 Water-resistant:** Silicone casing and interface design offer protection against gentle water spray and splashes.
- **Power Bank Functionality:** Can be used for emergency charging of other devices.

## 4. SETUP INSTRUCTIONS

### 4.1 Charging the Device

1. Connect the charging cord to the Micro USB port on the amplifier.
2. Plug the adapter into a standard power outlet.
3. The battery indicator on the side will show charging status. A full charge typically takes 3-5 hours.

### 4.2 Connecting the Wired Headset Microphone

1. Locate the auxiliary microphone port on the amplifier.
2. Insert the 3.5mm jack of the wired headset microphone firmly into the port.

3. Position the microphone near your mouth for optimal voice pickup.
