MAINTENANCE

Regular cleaning will help maintain the chandelier's appearance and performance.

- **Cleaning the Crystals:** Gently wipe crystals with a soft, lint-free cloth. For stubborn marks, a mild glass cleaner can be applied to the cloth (not directly to the crystals or metal). Ensure the power is off before cleaning.

- **Bulb Replacement:** Ensure power is off before replacing bulbs. Allow old bulbs to cool completely before removal. Replace with GU10 bulbs of the same type and wattage.
